WAGNER PARK FLOWERS

WAGNER PARK NURSERIES SIDNEY, OHIO.

BEFORE you make your selections from the almost endless variety of Roses, Hardy Plants, Trees, Evergreens, and Shrubbery shown in this catalogue, it would be well for you to understand fully just what the Wagner Park Nursery Company has to offer you in a way to assure the utmost satisfaction from your purchases.

Not only does this concern make sure that every plant is of the utmost vigor; not only is every shipment packed so that it will arrive at its destination with this vigor unimpaired; but The Wagner Park Nursery Company takes a real interest in helping you secure the results you wish. A complete Landscape Gardening Service is offered—a service recognized as of the highest quality by owners of many of the largest estates in the country.

IN soliciting an order from you we hope for more than a mere sale of merchandise. We hope for an opportunity to help you utilize your purchase in such a way as to secure the utmost beauty and charm in your grounds. We are glad to be of service to our customers in giving advice as to what and where to plant with general cultural directions. We want you to have a real Wagner garden.

An Invitation

We welcome visitors to our Nurseries. The 100 acres devoted to the growing of Wagner stock are located on the outskirts of Sidney less than a mile off the Dixie Highway and near the Western Ohio Interurban. Personal selection of specimen plants is often preferred by the lover of growing things.

From May until late fall there is a wealth of bloom and color. The summer months are a good time to make selections for future shipments.

THE WAGNER PARK NURSERY COMPANY, SIDNEY, OHIO, U. S. A.

INFORMATION AND SUGGESTIONS IMPORTANT TO BUYERS—READ CAREFULLY

EARLY ORDERS. Place your orders early, as it is almost impossible during the rush of the planting season to fill an order on short notice without an injustice to others who have their orders previously booked. We practice filling orders in rotation as received, in accordance, however, with locality and suitable planting season. In making up your order please give the price or size wanted to avoid delays and errors.

SHIPPING FACILITIES. We are admirably located for making shipments, having the C. C. C. & ST. L. (Big Four) Railroad East and West, the B. & O. Railroad North and South; also the Western Ohio Electric, all of which connect with various lines. We have Express Companies for above railroads, assuring you of prompt and direct service. Unless definite instructions are given, and these can be consistently followed, we must use our best judgment as to how to ship.

PARCEL POST. When found practical we ship by Parcel Post. The roots are wrapped in damp packing material so will carry to most distant states in good condition, unless delayed or left exposed in transit, which seldom occurs. In ordering plants by mail please bear in mind that parcels are limited as to size and weight, and large sizes cannot always be sent by mail. Occasionally we find it necessary to express some orders that are wanted by parcel post, or send by parcel post some wanted by express, but such change is made only for good reasons, such as a saving to our customers in transportation cost, or size of package will not warrant it. We prepay parcel post shipments, and if anything is due us we will send notice of the amount.

PLANTS BY EXPRESS. This is the most satisfactory method of transportation, as it enables us to give good values in the form of fine, large stock and usually receives good care in transit. We do not prepay express shipments, but can send larger plants, and if goods are miscarried they are more easily traced, and if damaged in transit easier to adjust such damage as may have occurred. When sent by express we usually send some extras to help defray the charges. In case of any damaged stock notify the express agent immediately of the damage as they as carriers are liable for any damages while in transit. Let them also make notation of damage on your express receipt or bill so that no controversies arise later with claim department. We send notice of shipment soon as forwarded.

FREIGHT SHIPMENTS. This method of shipment is advised only with heavy and bulky stock. Our direct lines North, East, South and West, give us shipping advantages over those who have only one railroad. In case of any damage to shipment while in transit handle as explained for express shipments.

GUARANTEE. We guarantee safe arrival by express or Parcel Post. Most failures with plants and bulbs growing are due to causes entirely beyond our control, such as unfavorable weather and soil conditions, too deep or too shallow planting, delays and exposures in transit, etc., which renders it almost impossible for us to guarantee success of growth. We take all possible care to supply such stock as will, under proper conditions, produce satisfactory results. We handle and pack all our plants in the best possible manner. Should stock not arrive in good condition, must report any complaints of this nature promptly or cannot be entertained. We also guarantee stock to be true to name, and will upon proper proof, replace any that may prove untrue.

REMITTANCES. Remittances should be made by Post Office Money Order, Registered Letter, Bank Draft, or Express Money Order. Our terms are cash, and remittance should accompany order unless satisfactory references are given. Send remittance with order to avoid delays.

SPECIAL NOTE. Write your name and shipping address plainly on the sheet containing your order to avoid mistakes and delays. Use separate sheet for your order if possible and in every case give size or price of the article wanted. Many orders are received without any address which always causes much annoyance, delays and dissatisfaction. Prices unless otherwise noted are F. O. B. Nurseries. We make no extra charge for packing and use the best packing materials obtainable.

Wagner Roses

THE rose is a source of interest to all flower lovers everywhere, and a necessity to every well-planted garden. The demand for good garden roses is greatly on the increase. People are beginning to appreciate the value of introducing roses more boldly in with general plantation. At the same time the "rose garden" is extending its appeal. One may use roses profitably anywhere, often in very restricted space. They have manifold uses as practical climbers, covering ugliness with beauty, clothing bare banks and walls with color and grace.

Our Roses are field grown, planted in rows to allow general cultivation which brings about a most rugged condition, except with some varieties that we find do best planted in beds which require closer observation and attention.

Early in the fall we carefully dig and plant in pots, especially the more tender varieties which are kept in cold frames or cold greenhouses, with only sufficient protection to exclude severe frosts. This again induces root growth which brings them to a proper state of perfection for successful transplanting and satisfactory results.

SPECIAL NOTE—PLEASE READ

Where you see the "X" you will find one of the choicest varieties and in extra large size plants. WAGNER PARK ROSES grow to perfection everywhere, but special attention is called to our Extra large size plants which are marked with an "X" preceding the name, indicating the quality of the largest size. These varieties have been given special attention, and we have obtained some very fine, heavy plants of them.

We offer of most varieties only two grades. Those listed as one year size are healthy young well rooted plants propagated during the spring and summer of last year, and will under ordinary conditions produce a surprising growth and display of bloom this year, more than doubly compensating for the outlay. Our two year size are grown under the most careful conditions to bring about an abundant supply of roots as well as a reasonable top growth for quick results and effects.

Where we offer extra size roses we refer to plants of age, vigor and sturdiness of growth, to satisfy the most discriminate "rose lover."

SUGGESTIONS FOR SUCCESSFUL ROSE CULTURE

WHEN TO PLANT—Dormant Roses should be planted as early in the spring as possible. Pot plants may be planted at any time, but do best if planted early, after all danger of frost is past.

SOIL—Any good garden soil will answer, but they thrive best in a soil consisting of considerable clay. In planting your roses or any kind of plants be sure the soil is firmly pressed around and over the roots. Loose soil will not hold moisture and allows air spaces which are sure to result in injury or check their growth. Water freely after planting to help settle the soil around the roots. A light mulch of straw is very beneficial if weather is hot and dry. Stir the soil frequently but not too deep, or the roots will be disturbed. The stirring of the top soil brings moisture to the top of the ground, supplying it directly to the plants, especially when roots are not yet active or established.

FERTILIZER—For a good crop of perfect roses considerable fertilizer should be used, which should consist of well decomposed manure, cow manure is preferable. Allow no manure to come in direct contact with the roots when planting as this will result in injury by heating or otherwise affecting the roots. Use good top soil or loam next to roots for the best results.

PRUNING—Severe pruning is necessary when first planted, and cut off two thirds of branches early every spring. Keep all dead wood cut out at all times and especially in spring when plants are starting new growth, as to leave the dead branches would only exhaust the sap that should go to live wood.

ENEMIES—When grown under favorable conditions, Roses are not apt to be attacked by insect pests or other troubles as is the case if half starved and otherwise neglected. Our own experience shows that a weekly application of Bordeaux Arsenate of Lead Mixture, at the rate of eight ounces to five gallons of water, applied with a whisk broom, or any sprayer that will reach the under side of the foliage, beginning at the time that the plants have developed into active growth, and continued throughout the season, will keep them free of almost all insect pests, as well as fungus diseases, but if in spite of this spraying, mildew should affect the foliage, use Sulphide of Potassium at the rate of one-half ounce to one gallon of water. This is sometimes effective where the Bordeaux Mixture fails. It may be necessary to supplement this treatment with several applications of any tobacco solution, or tobacco dust, for greenfly or aphids, which may appear during the growing season.

TOBACCO SOLUTION—Made of boiling the leaves or stems of tobacco. The liquid should be made about the color of weak tea.

SOAP SOLUTION—Dissolve about one ounce of Ivory, or other good soap in one pint of boiling water, adding one and one-half gallons of cold water.

WINTER PROTECTION—Do not cover your plants too soon; a nip of frost will not hurt them, but will help ripen and mature them. Such material as leaves, hay, straw or cedar boughs, corn fodder, etc., will afford excellent protection. In the spring, wait until the weather is settled before uncovering and do so gradually. To uncover all at one time would be exposing the covered plant to a severe and sudden change, frequently causing much damage and oftentimes killing the plant entirely.

Ten Best Hardy Everblooming Roses for General Planting

From our years of experience we have selected the ten following varieties as best for general planting. Due consideration being given to hardiness, habit of growth, color, and freedom of bloom. Plant them freely; even the one year size will surprise you with growth and blossoms the first year.

In this list of ten kinds you will find the choicest of each of the different shades of color and only those of real merit. All possess the hardiness of the Hybrid Perpetual or June Rose and also the everblooming qualities, sweetness and fragrance of the Tea Rose.

We are frequently asked to select the best varieties, so this season are listing the ten choicest separately for the convenience of those who are not familiar with the different kinds to make a good choice.

If you want roses in greatest abundance order from this list of ten varieties. We have selected them especially for those of our clients who are not familiar with the large variety now offered. They are all popular kinds and sure to give satisfaction.

Our efforts in selecting and suggesting these ten best varieties for general planting were well rewarded by the satisfaction our clients expressed through the results they obtained from the plantings ordered of us. The one year size will doubly repay even the first year for the outlay under ordinary conditions.

X GRUSS AN TEPLITZ (Crimson Hermosa). This grand Rose has proven one of the best and most valuable hardy crimson everblooming Roses for garden planting ever introduced. The color is dark, rich crimson, passing to velvety, fiery red, the very brightest colored Rose we know. Flowers large, full, and sweet; blooms constantly, throwing up fresh buds and flowers the whole growing season. 1 yr., 15c; 2 yr., 60c; extra size, 85c.

X HERMOSA. A remarkable Rose, having the strength and style of the Hybrid Perpetual and the free-flowering qualities of the Tea. It would be a waste of words to write a lengthy description of Hermosa. The color is a most pleasing shade of pink, very fragrant. A grand Rose for bedding or pot culture. 1 yr. size, 15c; 2 yr. size, 50c; extra size, 75c.

X JONKHEER L. MOCK. Like the rest of the Rose-growing world we are enthusiastic in praise of this famous Rose. The color is carmine on the outside, which contrasts beautifully with the lovely imperial pink of the inside of the flower as the petals unfold and curl, and the exquisite blooms are produced freely on stiff, erect stems. The flowers are very large, perfectly formed and highly perfumed. 1 yr. size, 20c; 2 yr., 75c; extra size, \$1.00.

X KAISERIN AUGUSTA VICTORIA. An unsurpassed Rose of great beauty. This exquisite variety still retains its place as the foremost and best white Rose for general planting. It is perfectly hardy in all localities and produces continuously throughout the season glorious, fully double flowers with a delicious, Magnolia-like fragrance. Color is a most delicate, creamy white. 1 yr. size, 20c; 2 year, 75c; extra size, \$1.00 each.

X LA FRANCE. This is probably the most popular Rose in cultivation. Both buds and flowers are of lovely form and grand size, exceedingly sweet; color peach-blossom pink, elegantly clouded with rosey flesh. Begins to bloom while very small, and continues bearing until stopped by freezing weather. 1 yr. size, 20c; 2 yr., 60c; extra size, 80c.

X MAD. ABEL CHATENAY. This is a wonderfully strong, healthy growing variety, with rich, bright foliage. A grand bedding rose, as it is a profuse and continuous bloomer, flowers of good size, double, with slightly recurved petals; elegant buds; color, rosy carmine, shaded salmon. 1 yr. size, 15c; 2 yr., 60c; extra size, 85c.

X MADAM CAROLINE TESTOUT. Probably no Rose stands higher in public estimation today. It is a wonderful Rose. The petals are large and of elegant form. Both flowers and buds are extra large and of very elegant form; color is brilliant satiny rose, deepening in center to clear red. It is of excellent substance, keeps its color well and its splendid, large, globular flowers impress everyone with a sense of its superiority and great beauty. 1 yr., 20c; 2 yr., 75c; extra size, \$1.00.

X OPHELIA. One of the most beautiful and popular of recent cut-flower favorites, with perfect flowers of distinct form, lavishly produced, emitting the exquisite perfume of the Richmond type; salmon-flesh shaded with rose. 1 yr. size, 25c; 2 yr., 75c; extra size, \$1.00.

X PRESIDENT TAFT. This is undoubtedly the finest bedding Rose yet introduced. The flowers are double, very sweet-scented, and are of deep pink color. They are very showy and valuable for cutting. The plants are free from disease, which is another point claimed in its favor. 1 yr. size, 20c; 2 yr., 60c; extra size, 85c.

X THE BURBANK ROSE. The color is described as cherry crimson—it is, in other words, the very deepest and brightest pink rose in cultivation. It is peculiarly adapted for both outdoor planting or for blooming in pots in the house during winter. It is a strong, vigorous grower, making well rounded, bushy plants. The Burbank can be planted anywhere and is without doubt the finest flowering Rose in cultivation. It commences to bloom when only a few inches high, and blooms throughout the season until stopped by freezing weather. The flowers are double and most pleasing in their rich beauty and delightful fragrance. 1 yr. size, 15c; 2 yr. size, 60c; extra size, 85c.

Wagner Park Famous Cochet Roses

The real Rose lover cannot afford to miss these particularly famous Cochet Roses. The three varieties we offer are not surpassed by any others in beauty of flowers and productiveness. They are constantly in bloom and are hardy in all localities, except the extreme north, where protection and mulching is necessary to bring them through some winters we frequently experience.

X MAMAN COCHET RED. An exceedingly beautiful and splendid Rose for general planting. Very vigorous and healthy, throwing up strong shoots, and producing great masses of beautiful blossoms, and this is continuous throughout the entire season. Flowers are very large, fully double, and sweetly scented. Color a bright rose-red, elegantly shaded. A most valuable everblooming variety. **1 yr. size, 15c; 2 yr. size, 40c; extra size, 65c each.**

X MAMAN COCHET PINK. A deliciously sweet-scented Rose and a most vigorous grower. The flowers are superb and we consider it one of the choicest and most beautiful roses grown. The buds are long and pointed and flowers are of enormous size, very full and double. The color is a rich pink, elegantly shaded with rose and crimson. An excellent bedding variety. Very free to bloom, even as a pot plant for the house. **1 yr. size, 15c; 2 yr. size, 60c; extra size, \$1.00 each.**

X MAMAN COCHET WHITE. A remarkably free blooming variety equal to Maman Cochet Pink in every particular. The blossoms are large, fully double, and a pure white in color. Very fragrant, and should be included in every Rose collection. **1 yr. size, 15c; 2 yr. size, 60c; extra size, \$1.00 each.**

SPECIAL OFFER COCHET ROSES

Maman Cochet Red	3 of each—1 yr. size, \$1.00
Maman Cochet White	1 of each—2 yr. size, \$1.50
Maman Cochet Pink	1 of each—extra size, \$2.50

General List of Hybrid Tea Roses

We here offer a general list of hardy everblooming roses from which a selection may be made of any particular kind or color, but for general planting results and satisfaction, we highly recommend the ten listed on opposite page.

X CHAMPION OF THE WORLD. The name describes it, for of its color it is surely a champion. It flowers continuously the whole season through. Bears in greatest profusion flowers of fine size, full, deep and double; color lovely clear, deep pink. If you want a sturdy, substantial, free-blooming Rose, plant a Champion of the World. **1 yr. size, 15c; 2 yr. size, 50c; extra size, 75c.**

ECARLATE. Color a solid, brilliant scarlet. Profuse bloomer, strong, sturdy grower. **1 yr. size, 25c; larger size, 35c; 2 yr. size, 75c.**

ETOILE DE FRANCE. The flowers are a shade of clear red crimson-velvet; very fragrant. **1 yr. size, 20c; larger size, 30c; 2 yr. size, 65c.**

HELEN GOULD. Rosy crimson. One of the free flowering kinds. **1 yr. size, 25c; larger size, 35c; 2 yr. size, 65c.**

X MRS D'GRAW. Bright coral pink; flowers are borne in clusters; very handsome; noted as a free and continuous bloomer; quite hardy, strongly resembles the Champoin of the World. **1 yr. size, 15c; 2 yr. size, 50c; extra size, 75c.**

RADIANCE. Color a brilliant rosy-carmine displaying beautiful opaline pink tints in the open flower. **1 yr. size, 30c; 2 yr. size, 75c.**

RED RADIANCE. A counterpart of Radiance except in color which is a clear cerise-red, a most valuable addition. **1 yr. size, 30c; 2 yr. size, 75c.**

WELLESLEY. Color bright clear rose pink, reverse of petals silver rose. **1 yr. size, 25c; 2 yr. size, 50c.**

WM. R. SMITH. Softly curled, waxen finished petals; creamy white flesh pink tips, buff at base. **1 yr. size, 25c; 2 yr. size, 75c.**

MAD. JULES GROLEZ. The color is a distinct and charming shade of cherry red, free blooming and in every way a splendid garden Rose. **1 yr. size, 25c; larger size, 35c; 2 yr. size, 75c.**

MAD. SCHWALLER. Color, deep, rosy flesh, deepening on edge of petals. **1 yr. size, 20c; larger size, 30c; 2 yr. size, 60c.**

Santa Rosa, Cal.

Gentlemen: I received my order from you today. Order was in fine condition and many times larger than I expected at the price.

Sincerely,

E. M. W.

Nashville, Tenn.

Gentlemen: The plants ordered from you arrived some days ago—fine stock, excellently packed. Thank you.

Yours very truly,

J. T. D.

Blanton, Miss.

Gentlemen: I want to thank you for the fine lot of stock you sent me and for all your help in planning my yard. Thank you.

Mrs. G. T. D.

Washington, D. C.

Dear Sirs: Am very happy with my stock which you sent, all are growing nicely. Thank you.

Yours very truly,

I. C. S.

Wagner Grown Tea Roses

For Southern and Pacific Coast States

This class of Roses is celebrated the world over for their delicious fragrance and the exquisite forms and rich, charming tints of their beautiful flowers. They are without question the most profuse of all, being in flower throughout the entire growing season; especially for the Southern and Pacific Coast States, although they may be planted in the Northern States but must be protected over winter. Our list comprises only the best and choicest varieties.

APRICOT. An old-favorite, very vigorous grower and a most free bloomer, and quite fragrant. The flowers are of elegant fragrance and apricot-yellow, very rare among roses. 1 yr. size, 15c; 2 yr. size, 60c.

CLOTHILDE SOUPERT. Double, pearly white; center pink. This variety is always in bloom making it desirable for pot culture. 1 yr. size, 15c; larger size, 30c; 2 yr. size, 50c.

DUCHESS DE BRABANT. Shell-pink; very free flowering. 1 yr. size, 20c; 2 yr. size, 60c.

ETOILE DE LYON. A rich yellow. 1 yr. size, 25c; 2 yr. size, 75c.

MRS. R. B. CANT. Choicest red of this class. A healthy, vigorous grower, producing great masses of splendid roses the whole growing season. Flowers are perfectly double and deliciously sweet. Very free flowering. Color, bright rose red, elegantly shaded. 1 yr. size, 15c; 2 yr. size, 40c; extra size, 65c.

SOUV. DE PIERRE NOTTING. Color, orange yellow, dashed and bordered soft carmine rose. 1 yr. size, 20c; 2 yr. size, 50c.

Everblooming Climbing Roses

Especially Desirable for Southern and Pacific Coast States

Not hardy in the extreme Northern States without some protection.

CLIMBING CAROLINE TESTOUT. A climbing form of the old favorite satiny pink. 1 yr. size, 25c; 2 yr. size, 85c.

CLIMBING CLOTHILDE SOUPERT. Clusters of white flowers shaded with pink. 1 yr. size, 20c; 2 yr. size, 75c.

CLIMBING GRUSS AN TEPLITZ. An exact counterpart of the bush Rose Gruss an Teplitz. Color, velvety crimson. 1 yr. size, 25c; 2 yr. size, 85c.

CLIMBING PAUL NEYRON. Bright satiny-rose changing to carnation-pink. 1 yr. size, 25c; 2 yr. size, 85c.

CLIMBING PINK MAMAN COCHET. An exact counterpart of the pink bush variety. 1 yr. size, 20c; 2 yr. size, 85c.

CLIMBING WHITE MAMAN COCHET. Exquisite white flowers are borne in great profusion. 1 yr. size, 20c; 2 yr. size, 85c.

MARY WASHINGTON. A pure white, constant blooming rose. 1 yr. size, 20c; 2 yr. size, 75c.

RIENE MARIE HENRIETTE. A rampant climber; color, bright red. 1 yr. size, 25c; 2 yr. size, 85c.

Hardy Everblooming Dwarf Bedding Roses

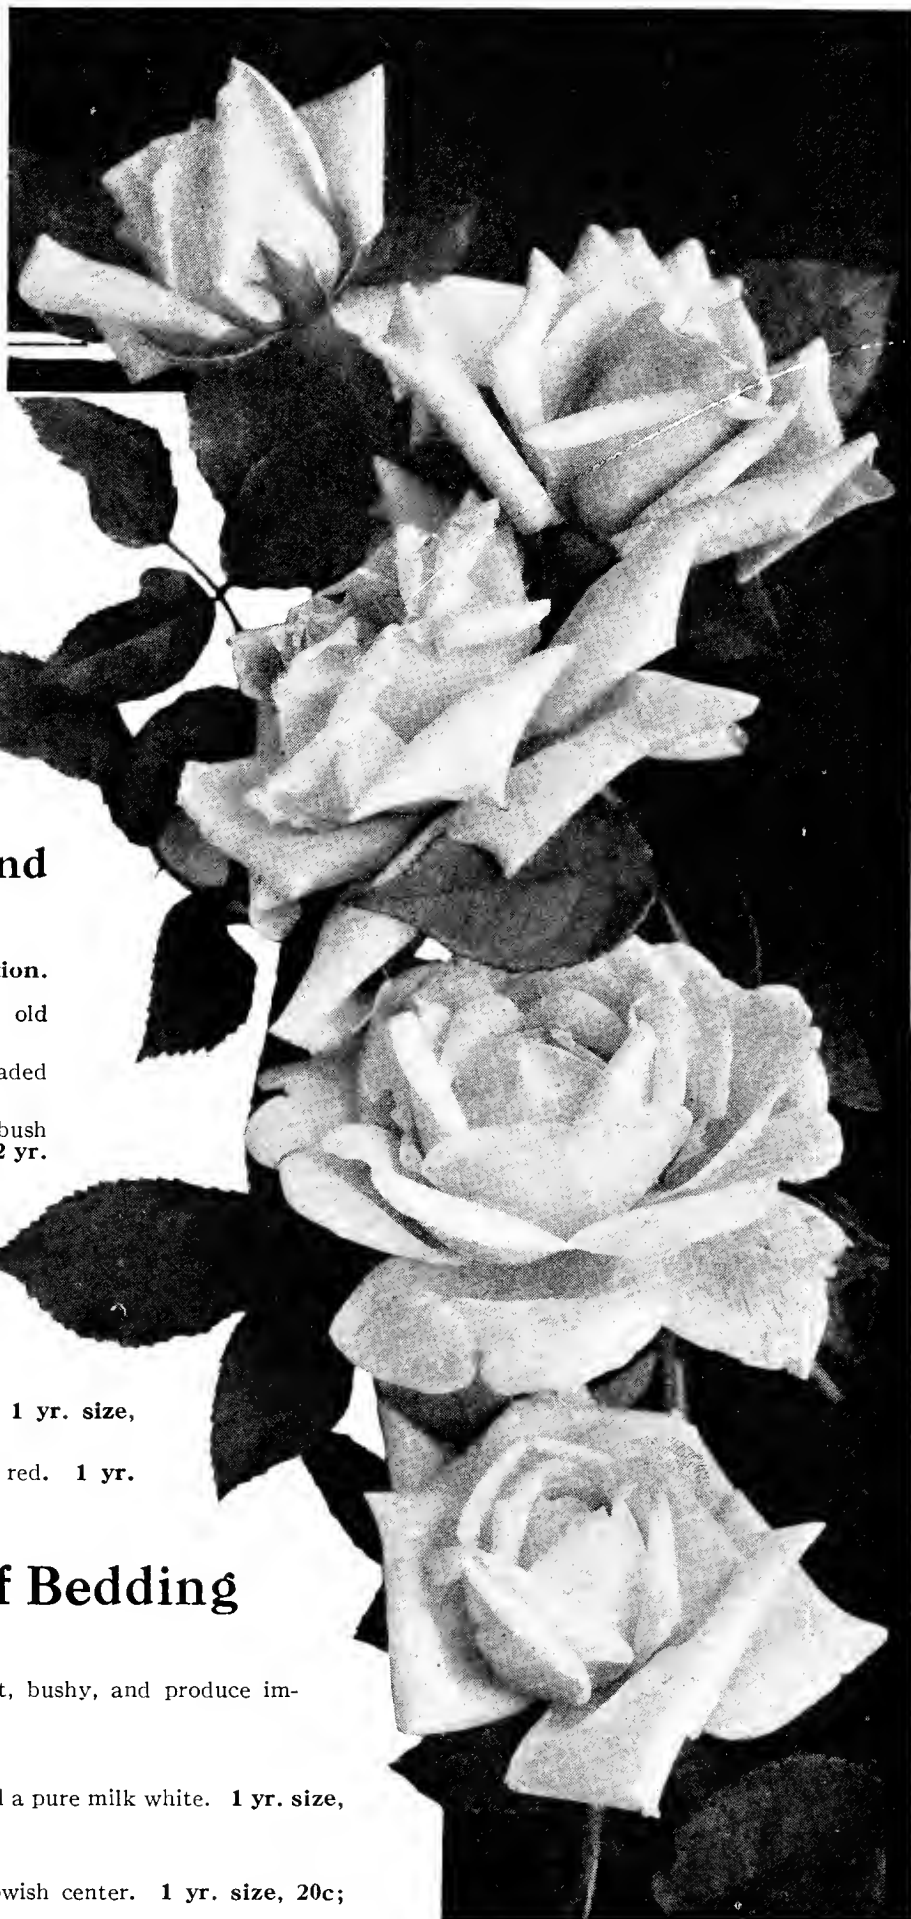

Used extensively for edging beds of other roses. They are compact, bushy, and produce immense trusses of semi-double flowers from spring until frost.

ANNIE MULLER. Bright pink. 1 yr. size, 20c; 2 yr. size, 75c.

X JEAN D'ARC. Very free flowering. Flower trusses very large and a pure milk white. 1 yr. size, 15c; 2 yr. size, 50c; extra size, 65c.

JESSIE. Brilliant crimson. 1 yr. size, 25c; 2 yr. size, 75c.

MRS. W. CUTBUSH. A new dwarf rose. Color, light pink, yellowish center. 1 yr. size, 20c; 2 yr. size, 80c.

Hybrid Perpetual Roses

MOST BRILLIANT CLASS BECAUSE OF THEIR LARGE, SWEET, BRILLIANT COLORED FLOWERS

The best class to plant, especially in the Northern States, owing to their hardiness. While they particularly need no protection, a good mulch for winter after the wood is well ripened will be beneficial. While they are called Perpetual, they are not constant bloomers, except those so noted. We list only the choicest varieties and in two-year-old plants and X-tra large sizes.

- X FRAU KARL DRUSCHKI.** Fine snow-white, free from any yellow or rose tints. Constantly in flower. **Large 2 yr. size, \$1.00; extra size, \$1.25 each.**
- X GEN. JAQUEMINOT.** One of the most satisfactory to grow. Exceedingly popular. Color a rich crimson scarlet. **Large 2 yr. size, 85c; X-tra size, \$1.00 each.**
- X J. B. CLARK.** An intense deep scarlet-rose, shaded dark crimson. A wonderfully strong and upright grower. Exceedingly vigorous. **2 yr. size, 85c; extra size, \$1.00 each.**
- X MADAME PLANTIER.** The iron clad white cemetery rose; bears hundreds of beautiful snowy-white, fragrant blossoms. **Large 2 yr. size, 75c; extra size, \$1.00.**
- X MARSHALL P. WILDER.** Bright, cherry-carmine, very fragrant. **Large 2 yr. size, 85c; extra size, \$1.00.**
- X MAGNA CHARTA.** The color is a beautiful bright pink, suffused with carmine. Good grower and free to bloom. **Large 2 yr. size, 85c; extra size, \$1.00.**
- X MRS. J. H. LAING.** A grand sort, with satiny flowers of soft, delicate pink. **Large 2 yr. size, 90c; extra size, \$1.25.**
- X PAUL NEYRON.** Long, stiff, thornless stems, with cup-shaped flowers. Bright rose. Very much resembling the popular American Beauty, the popular cut flower variety. **Large 2 yr. size, 90c; extra size, \$1.25.**
- X PRINCE CAMILLE DE ROHAN.** Dark velvety crimson, changing to maroon. **2 yr. size, 85c; extra size, \$1.00 each.**
- X ULRICH BRUNNER.** Shell-shaped petals. Color, cherry red. Fine large flower. **Large 2 yr. size, 85c; extra size, \$1.00 each.**

Ten Hybrid Perpetual Roses	From above list, our se- lection of three to five varieties—only \$ 7.50
---------------------------------------	--

Wichuraiana, or Memorial Roses

Most satisfactory Roses for covering rough ground, rocks, or stumps, or walls, also to climb on trellises.

See the effect in illustration on following page.

- | | |
|---|--|
| <ul style="list-style-type: none"> X CHEROKEE. Flowers pure white. 1 yr. size, 20c; 2 yr. size, 40c; extra size, 85c. X DR. W. VAN FLEET. Flesh-pink. One of the choicest of its class. 1 yr. size, 25c; 2 yr. size, 75c; extra size, \$1.00. X GARDENIA. Very fragrant; creamy yellow. An unusually desirable variety. 1 yr. size, 20c; 2 yr. size, 85c; extra size, \$1.00. X HIAWATHA. Ruby-carmine, with white eye. 1 yr. size, 15c; 2 yr. size, 85c. | <ul style="list-style-type: none"> X MANDA'S TRIUMPH. Double pure white flowers, sweetly scented. 1 yr. size, 15c; 2 yr. size, 60c; extra size, 75c. MEMORIAL ROSE. White with golden center. 1 yr. size, 15c; 2 yr. size, 75c. SILVER MOON. Extra-large silvery white, semi-double flowers. 1 yr. size, 25c; 2 yr. size, 85c. UNIVERSAL FAVORITE. Rose color. 1 yr. size, 20c; 2 yr. size, 85c. |
|---|--|

Hardy Climbing Roses

Very few vines give such an abundance of blossoms as the Climbing Roses. Again there is nothing in cultivation more beautiful and attractive. Surround your house and veranda, cover your pergola, screens, and fences with these famous Climbing Roses. The stock we offer is choice and will give entire satisfaction.

X CLIMBING AMERICAN BEAUTY. This new climbing form of the famous Rose so long the American favorite, is as lovely and fragrant as the bush form. The hardy climber blood with which it is crossed, gives healthy, perfect foliage and a strong climbing habit of growth; the abundant bloom being in prime before the June show of the bush type. 1 yr. size, 25c; 2 yr. size, 85c; extra size, \$1.00 each.

X CRIMSON RAMBLER. Crimson, semi-double. 1 yr. size, 20c; 2 yr. size, 60c; extra size, 75c.

DOROTHY PERKINS. A climbing rose, which is of strong, vigorous growth and general habit, very closely approaches the popular Crimson Rambler; its flowers, which are borne in clusters, are of a beautiful shell pink, full, double, and of large size for a Cluster Rose, and deliciously scented. 1 yr. size, 15c; 2 yr. size, 60c; extra size, 75c.

X EXCELSA. A splendid Climbing Rose, remarkable in many ways but particularly in the brilliant fiery red or intense crimson-scarlet flowers, which are double and borne in trusses of thirty to forty flowers. 1 yr. size, 15c; 2 yr. size, 60c; X-tra size, 75c.

EMPRESS OF CHINA
 Delicate, bright pink flowers, very free flowering. 1 yr. size, 25c; 2 yr. size, 60c.

X LADY GAY. A seedling of the popular Crimson Rambler, which closely resembles in habit and vigor of growth, but with flowers of a delicate cherry-pink, fading to a soft tinted white. 1 yr. size, 15c; 2 yr. size, 60c; extra size, 75c.

X MISS G. MESMAN. (Climbing Baby Rambler) A grand acquisition to the list of Climbers. A strong grower and produces large, compact clusters of bright carmine flowers continuously from June until frost. An easy grower and very desirable for porches, arches, etc. 1 yr. size, 30c; 2 yr. size, 75c; extra size, \$1.00.

X PINK RAMBLER. Pink flowers. 1 yr. size, 15c; 2 yr. size, 60c; extra size, 75c.

RUSSELL'S COTTAGE. Dark, velvety crimson. 1 yr. size, 25c; 2 yr. size, 75c.

X THOUSAND BEAUTIES. (Tausendschon) The most sensational climbing rose. Imagine a luxuriant rose literally covered with thousands of large double, beautiful, bright blossoms and of the most delicate shade of pink. The color might be described as white, delicately flushed with pink which changes to rosy carmine. The name is derived from the many colors and the great variation in color. Has but few thorns with magnificent foliage free from mildew and absolutely hardy in the open ground everywhere. This variety may also be grown in pots and forced into flower as is done with many of the tender varieties. 1 yr. size, 20c; 2 yr. size, 60c; extra size, 75c.

X VEILCHENBLAU. Steel blue flowers. 1 yr. size, 30c; 2 yr. size, 75c.

X WHITE DOROTHY. Brilliant green foliage of splendid texture and free from mildew, flowers are a glistening white and borne in great trusses. 1 yr. size, 15c; 2 yr. size, 60c; extra size, 75c.

YELLOW RAMBLER. Yellow flowers. 1 yr. size, 20c; 2 yr. size, 60c; extra size, 75c.

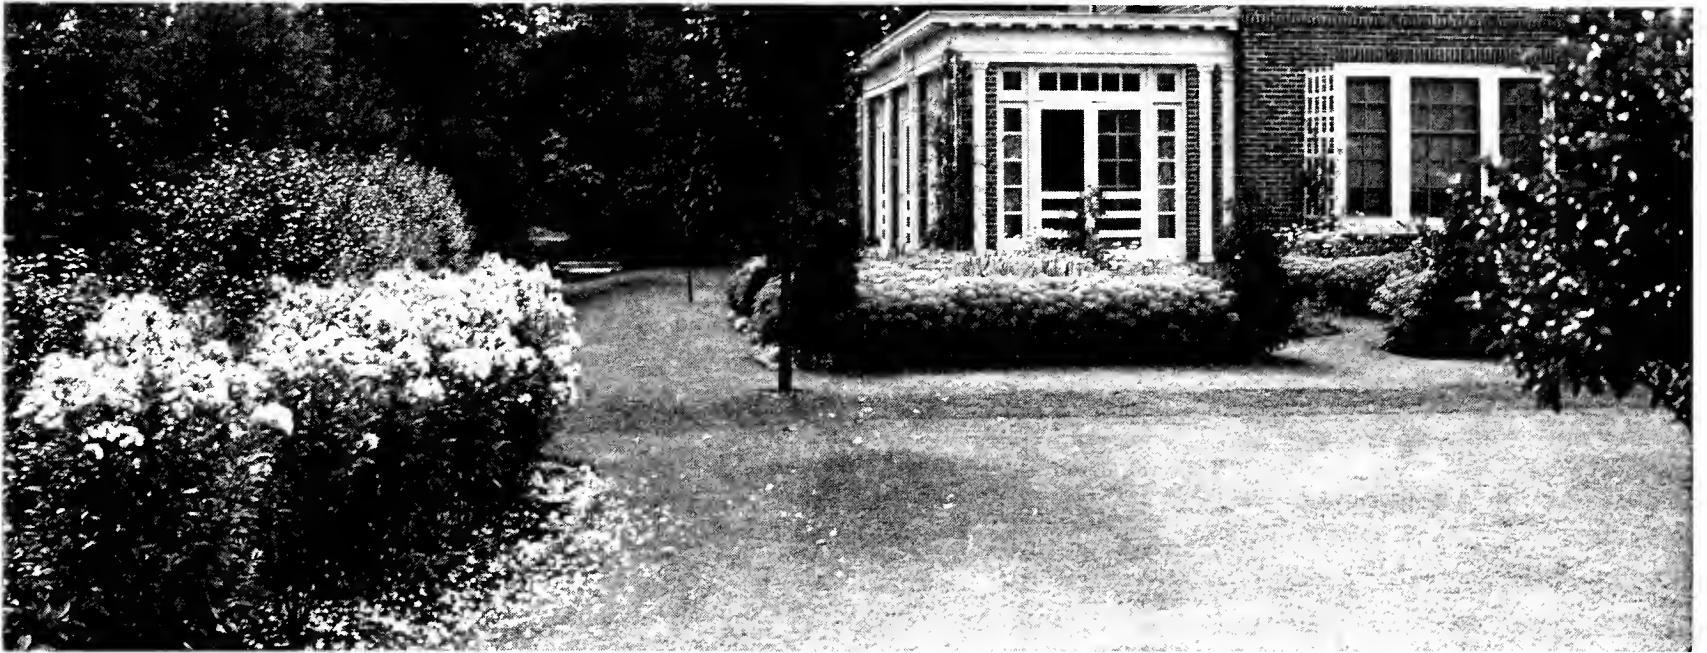

Rugosa Roses

RUGOSA RUBRA. The Rugosa Rubra are especially suited for our Northern climate, owing to their extreme hardiness and sturdy growth. The foliage of these Roses is most beautiful, being a shining, rich, dark green and oddly wrinkled. The blossoms are usually single, but very large and showy, and followed in autumn with a profusion of beautiful orange-red or crimson fruits. Excellent for hedges or for planting among shrubbery or hardy borders. 2 yr. size, 60c; extra size, 90c.

X CONRAD MEYER. Clear, silvery pink color. 2 yr. size, 75c; extra size, \$1.00.

X NEW CENTURY. A magnificent rose, flowers large and perfectly double. Color, flesh pink with bright red center, petals bordered creamy white. 2 yr. size, 75c; extra size, \$1.00.

X SIR THOMAS LIPTON. Double white rose, beautiful in foliage. 2 yr. size, 75c; extra size, \$1.00.

WAGNER'S HARDY FLOWERS

The Garden of Hardy Flowers is of gorgeous bloom from earliest spring until frost, glorified by its appropriate flowers from month to month, new things each day to delight you. Year after year this goes on and the garden increases in beauty and loveliness, practically without any expense other than the first cost. Hardy flowers require less care and attention, are more free from insects and disease, yet producing abundance of beautiful blossoms. Among the Hardy Flowers are found all the old-time favorites and some of the noblest plants that have been dear to our Grandmother's garden, famous in song and story—a fragrant memory of gay sweetness. Hardy Flowers even defy the "melancholy days," for the autumn perennials—the cheerful asters, the dainty Michelmas Daisies, the many new varieties of Phlox of myriad pastel tints. Even after frost there are the gay hardy chrysanthemums, the "pompon" of Grandmother's day. Wagner Perennials are strong, splendid plants and include practically everything worth growing in the temperate zone. The vigor, the robust roots of Wagner-grown plants have advertised the merits of Wagner Nurseries in every part of the country.

ABBREVIATIONS—Letters D., M. and T., immediately following the name of varieties indicate the height of the various kinds when fully matured, viz.: (D) indicates growing heights from 6 to 15 inches; plant these varieties from 6 to 15 inches apart. (M) indicates height from 15 to 36 inches; plant these varieties 12 to 30 inches apart. (T) indicates height from 36 to 60 inches; plant these varieties from 30 to 48 inches apart. There is no set rule as to distance for planting the various varieties. That is a matter of taste for some prefer heavy, mass effects, requiring close planting while more open effects require planting farther apart. We give the two extremes as to distance but one may deviate from this rule, planting closer or farther as desired.

MULCHING—While mulching plants for winter is very beneficial and with many varieties necessary, especially the first winter, many make the mistake of putting the mulch on too early before the plants are well ripened which frequently causes the green growth to decay and will sometimes rot the very crown and heart of plant life or growth. Again this early mulching frequently starts new growths owing to the heat of the mulch, which are killed when the freezing sets in. For best success do not mulch heavily until the ground is thoroughly frozen when the covering or mulch will keep the soil at an even temperature throughout the entire winter and when removed in spring the new growth will readily start fresh and vigorous, producing healthy, sturdy stalks and flowers.

ACHILLEA THE PEARL. (D) June to October. This is one of the most beautiful and useful perennials we grow. It is of a low spreading character with pure white flowers. Some are perfectly double, and produced in large sprays. Fine for cutting.

Thrifty plants, 10c; large size, 20c; clumps, 35c.

BOULE DE NEIGE. (Ball of Snow) (D) An improvement on The Pearl; the flowers are of more perfect form, with fuller centers, which makes it appear purer in color. A valuable plant for the hardy border and for cutting. Thrifty plants, 20c; large size, 30c; clumps, 50c.

ASTER TARTARICA. (M) An exceptionally strong grower and a plant of great hardiness; will endure any kind of exposure and cold without the least protection. The foliage is of good green color all season. In late summer and fall the plants are a mass of bloom produced on long erect stems. The color of flowers are a bright lilac purple and in many cases produce from 50 to 100 individual blossoms on one stem. Does well in any soil or situation. If plants become too thick owing to its rapid growth, remove some to allow cultivation. Thrifty plants, 10c; large size, 20c; clumps, 35c.

CLIMAX. (M) A grand variety producing large flowers of a beautiful blue. 25c; larger, 35c to 50c each.

PERRY. (D) A most beautiful pink and free-flowering. 20c; large size, 35c to 50c.

FELTHAM BLUE. (M) One of the most decorative free-flowering blue varieties. Thrifty plants, 25c; large size, 35c to 50c.

NOVAE ANGLIAE. (T) Bright violet-purple flowers. Thrifty plants, 25c; large size, 35c to 50c.

ST. EGWIN. (M) A most pleasing shade of soft pink. One of the best. 25c; larger, 35c to 50c.

AEGOPODIUM VARIEGATA. (D) A rapid growing plant with variegated foliage, thriving in any soil; for covering waste or barren spots. Thrifty plants, 10c; large size, 15c; clumps, 25c.

ANCHUSA ITALICA. (M) June, July. Deep blue flowers. Thrifty plants, 25c; large size, 35c; clumps, 50c to 75c.

ANEMONE JAPONICA ALBA. (D) Individual blossoms, very large; snowy white. Very useful for cutting. Choice variety. Thrifty plants, 20c; large size, 50c.

ANTHEMIS TINCTORIA. (Golden Marguerite) (M) June to September. Golden yellow, one to two inches; sun or shade; border planting and cutting. Thrifty plants, 15c; large size, 25c; clumps, 35c to 50c.

PRICES IN QUANTITIES Six plants of any one variety listed above will be supplied at five times the single rate price. Twelve plants at ten times the single rate price.

Achillea—The Pearl

Hardy Chrysanthemums

Many are the lovely flowers that give a succession of beauty throughout the summer day, but when fall comes we have still the best in reserve, notably old-fashioned and really hardy Chrysanthemums. The flowers of these, which are in the greatest profusion, will endure the early frost and early snow storms, and delight us with a show of blooms on such sunshiny days as we may be favored with in late fall. They occupied a place of honor in many an old-fashioned garden where the perennial border was the garden's crowning glory. We now have many new and improved varieties which will make a grand show either planted in clumps in the hardy flower bed or in groups among shrubbery. They are of the easiest culture and will grow in almost any soil. An occasional watering with liquid manure will be beneficial, giving more and better bloom. The hardy Chrysanthemum is especially recommended to inexperienced cultivators, for no class of flowers is easier to manage. Their blooming period is from August to November. Height 18 to 36 inches.

DIANA. Fine pure white, grows very erect. **Thrifty plants, 25c.**

ETNA. Very fine large fully double flower. Color, old rose, with salmon-pink shading; a striking variety. **Thrifty plants, 15c; large size, 35c; clumps, 50c.**

EXCELSIOR. Pure yellow fully double flowers of medium size. Grows very erect. **Thrifty plants, 25c.**

HIAWATHA. Clusters of small but beautiful bronze-red flowers. Very free bloomer. **Thrifty plants, 25c.**

INDIANA. Firey red flowers, very distinct and showy. Medium size flower but full to center. **Thrifty plants, 30c.**

JULIA. A dwarf grower producing large clusters of flowers of medium size, color red and bronze with amber shadings, very free flowering. **Thrifty plants, 15c; large size, 30c; clumps, 50c.**

LITTLE BEAUTY. Dwarf compact grower. Flowers are pure white of medium size, but fully double. Very free flowering. **Thrifty plants, 20c; large size, 40c; clumps, 75c.**

OLD HOMESTEAD. Very large full flower and very free to bloom. Color beautiful lilac-pink. **Thrifty plants, 15c; large size, 30c; clumps, 50c.**

ORANGE BEAUTY. Orange with center of petals shading to a deep reddish orange; medium size flower but full to center. **Thrifty plants, 15c; large size, 30c; clumps, 50c.**

SUPERBA. Large double full flower, color deep rose pink. A beautiful variety and very free flowering. **Thrifty plants, 15c; large size, 35c; clumps, 50c.**

VICTORY. Large flowered, pure white, fully double and fine. **Thrifty plants, 15c; large size, 30c; clumps, 50c.**

Grandmother's Hardy Garden Mums

These are the old-fashioned and reliable Chrysanthemums that were so highly prized in the garden corners and alongside the house of "grandmother's home."

We offer the White, Pink, Red and Yellow separate colors. **Thrifty plants, 15c each; larger plants, 25c; clumps, 35 to 50c.**

OTHER HARDY PLANTS

Coreopsis Lanceolata Grandiflora

AQUILEGIAS Aquilegias or Columbines are extremely beautiful and a collection of them should be a feature in every garden.

CHRYSANTHA. (M) May to July. The beautiful golden-spurred "Columbine." Flowers golden yellow. **Thrifty plants, 20c; large size, 35c; clumps, 50c.**

COERULEA. (M) May and June. Bright blue flowers. **Thrifty plants, 25c; large size, 35c; clumps, 50c.**

NIVEA GRANDIFLORA. A fine pure white sort. **Thrifty plants, 20c; large size, 35c; clumps, 50c.**

HYBRIDS. (M) Long spurred, various colors, a fine mixture. **Thrifty plants, 10c; large size, 20c; clumps, 35c to 50c.**

ARALIA CORDATA. (M) Strikingly handsome foliage. Nice thrifty plants, 25c; large size, 35c; clumps, 50c to 75c.

BAPTISIA AUSTRALIS. (M) Handsome, dark green, fern-like foliage. Flowers pea-shaped and bright blue. Baptisia withstands drought exceedingly well. **Large size, 35c; clumps, 50c to 75c.**

BOCCONIA CORDATA. (T) Flowers in terminal panicles of a creamy white color. **Large size, 35c; clumps, 50c.**

BOLTONIA ASTEROIDES. (T) One of the showiest of our native perennials, closely resembling and allied to the hardy Asters; flowers pure white; August and September. **Thrifty plants, 10c; large size, 25c; clumps, 50c.**

CASSIA MARILANDICA. (American Senna) July to August. Large panicles of bright yellow. Very distinct. **Large size, 35c; clumps, 50c.**

PRICES IN QUANTITIES Six plants of any one variety at five times the single rate price. Twelve plants at ten times the single rate price.

HARDY PLANTS

COREOPSIS LANCEOLATA GRANDIFLORA. (D) A gem among hardy plants. It begins to flower in June and continues in bloom more or less throughout the season. The flowers, which are of a golden yellow, are of a graceful form and invaluable for cutting. Succeeds in any position. **Thrifty plants, 10c; large size, 20c; clumps, 35c.**

DIGITALIS AMBIGUA. Showy flowers of pale yellow. **Thrifty plants, 20c; larger size, 35c; clumps, 50c.**

GLOXINIAEFLORA. (M) July and August. This strain embraces a wide range of color, from pure white to deep pink. **Thrifty plants, 25c; larger size, 35c.**

WAGNER'S SHASTA DAISIES These are universally popular for outdoor planting, and considering their many good qualities, should be planted extensively. The flowers are of the purest, glistening white, of enormous size and produced on long, stiff, wiry stems; excellent for cutting. **Thrifty plants, 20c; larger size, 35c; clumps, 50c.**

DELPHINIUMS BELLADONNA. (M) The freest and most continuous blooming. The clear turquoise blue of its flowers is not equalled for delicacy and beauty by any other. **Thrifty plants, 15c; larger size, 30c; clumps, 50c to 75c.**

CHINENSIS. (D) July, August. Sky blue flowers. **Thrifty plants, 10c; larger size, 25c.**

DELPHINIUMS CHINENSIS ALBA. (D) July, August. Pure white. **Thrifty plants, 10c; larger size, 25c.**

TALL ENGLISH. This collection includes practically all shades of blue; We offer mixed colors. **Thrifty plants, 20c; larger size, 35c; clumps, 50c to 75c.**

FORMOSUM. (M) June to August. Flowers are intense, deep blue, freely produced on long spikes. **Thrifty plants, 20c; larger size, 35c.**

FUNKIA COERULEA. (D) Their broad massive foliage makes them attractive subjects for the hardy border even when not in flower. Very desirable for shady locations. Blue flowers. **Large field plants, 10c; extra large, 25c; clumps, 50c to 75c.**

CORDATA. Large, pure white, lily-like flowers. **50c.**

SINENSIS. (D) White tinged blue flowers, green foliage. **Large plants, 25c; extra large, 35c; clumps, 50c.**

SPATHULATA. Blue flower, green foilage. **Large plants, 35c; clumps, 50c.**

UNDULATA MEDIA VARIEGATA. (D) Striped foliage, purple flowers. **Large plants, 25c; extra large, 50c.**

VERIDA. Green foliage with blue flowers. **Large plants, 35c; clumps, 50c.**

GAILLARDIA GRANDIFLORA. (D) June to October. The center of flower is a dark red-brown, while the petals are vigorously marked with rings of brilliant scarlet crimson, orange and vermillion, and often a combination of all these colors in one flower. **Thrifty plants, 15c; large size, 25c; clumps, 50c.**

Hardy Ornamental Grasses

For ornamental purposes, such as hedging, planting in clumps to hide an unsightly object, or singly on the lawn, these grasses are strikingly original in effect and impart a degree of tropical brilliance to the landscape. The plumes which these grasses produce are large and beautiful, having a feathery appearance, and may be used for interior decoration. Absolutely hardy. All our plants are propagated from the root and hence more valuable than seedlings, which do not come true.

Few people are aware of the many ornamental grasses there are, and the extremely beautiful effects to be derived from them. They are invaluable for intermingling in the herbaceous border, where they impart a light and graceful effect. They will thrive under the shade of large trees and make handsome specimens on the lawn. Being moisture loving also, they are excellent for waterside planting, and for all other purposes which their graceful form suggest.

Eulalias

EULALIA GRACILLIMA. This grand variety of Eulalia forms exceedingly handsome clumps 4 to 5 feet high, which are hardy in all parts of the country. The graceful narrow foliage is beautiful, shining green with midrib of silvery white. **Large size, 15c; clumps, 35c; extra heavy clumps, 50c to \$1.00.**

JAPONICA. One of the most beautiful of the tall-growing grasses. Bright green foliage and unusually long plumes. **Large size, 15c; clumps, 35c; extra heavy clumps, 50c to \$1.00.**

JAPONICA VARIEGATA. Standard old sort of distinctive value. Blades striped lengthwise in a handsome manner, being a combination of creamy white in the center with broad margin of bright green. **Large size, 25c; clumps, 50c; extra heavy clumps, 75c to \$1.00.**

JAPONICA ZEBRINA. This fine ornamental grass is the finest of Eulalias for single lawn specimens or clumping. Grows 4 to 6 feet high. The leaf blades are deep green, distinctly striped crosswise with large bars of pure white. **Large size, 25c; clumps, 50c; extra heavy clumps, 75c to \$1.00.**

HARDY FERNS Assorted varieties. Excellent for planting in shady places or for rockery. **Large size, 30c; clumps, 50c.**

HELIOPSIS PITCHERIANUS. (M) June to October. A desirable variety. The flowers are of a beautiful, deep golden-yellow color, about two inches in diameter. **Thrifty plants, 10c; large plants, 20c; clumps, 35c to 50c.**

HELIANTHUS MAXIMILIANA. (T) September to November. A most graceful single flowering variety; the flowers are produced in long, graceful sprays, which make it invaluable for cutting purposes. The foliage is beautiful, and remains green until late frosts. **Thrifty plants, 10c; large size, 25c; clumps, 35c to 50c.**

MOLLIS. (T) August, September. Single lemon-yellow flowers. **Large plants, 35c; clumps, 50c.**

IBERIS GILBRALTARICA. April to June. White flowers, fine for edging. **15c and 25c.**

LILY-OF-THE-VALLEY (Convallaria) (D) May. White flowers. **Thrifty plants, 10c; larger, 20c; clumps, 35c to 50c.**

PHALARIS ARUNDINACEA VARIEGATA. (Ribbon Grass) An excellent variety, very desirable for bordering large beds of other ornamental grasses. **Thrifty plants, 10c; larger size, 15c; clumps, 25c.**

PRICES IN QUANTITIES Six plants of any one variety listed above will be supplied at five times the single rate price. Twelve plants at ten times the single rate price.

Day Lillies (Hemerocallis)

One of the most beautiful and popular of our garden perennials. The foliage is narrow, and remarkably free from insect enemies. These plants are so hardy that they need no protection over winter, even in the severest climates. They possess a constitution equal to that of Golden Glow. The flowers resemble the famous Easter Lilies. The blossoms are excellent for cutting, lasting a long while and the most backward buds will open when in water.

The culture of these plants is very simple as they thrive in almost any kind of soil, but the most luxuriant growth and profusion of blossoms may be had when planted in a shady, moist location. Our stock of Hemerocallis is field grown and can be depended upon to be the truest grown. Certainly no perennial is more worthy of cultivation and none more satisfactory. For massing or planting in the hardy border with other varieties of plants or shrubs it is unrivaled.

APRICOT. (D) A splendid new hybrid. Flowers are a rich apricot shade. **Strong roots, 10c; large size, 25c; clumps, 50c.**

DISTICHA FL. PL. (M) A late blooming variety. Flowers are double, orange yellow shaded copper. **Strong roots, 35c; large size, 50c; clumps, 75c.**

DUMORTIERI. (D) A dwarf growing variety and of the earliest to bloom. Flowers a rich candidum yellow, reverse of petals bronzy orange. **Strong roots, 15c; large size, 30c; clumps, 50c.**

FULVA. (M) A commonly known variety of easiest culture. Flowers bronzy orange color. **Strong roots, 10c; large size, 20c; extra heavy clumps, 35c.**

FLORHAM. (M) Splendid new large flowering sort; bright yellow flowers. **Strong roots, 35c; large size, 50c; clumps, 75c.**

GOLD DUST. (D) Flowers bright Indian-yellow, buds and reverse of petals bronzy gold. One of the choicest varieties. **Strong roots, 15c; large size, 30c; clumps, 50c.**

KWAMSO FLORE PLENO. (T) Foliage is broad and of a good color. Blossoms on long, stiff stems and of orange-yellow color. **Strong roots, 20c; large size, 30c; clumps, 50c.**

LUTEOLA. (M) The long-tubed half reflexed, bright yellow flowers are borne on tall branching stems, each flower very large. **Strong roots, 10c; large size, 25c; clumps, 50c.**

LUTEA MAJOR. (M) Golden yellow flowers on very long stems. Very free flowering. **Strong roots, 25c; large size, 35c; clumps, 50c.**

MIDDENDORFII. (M) A native of Siberia and Japan. Blossoms are golden yellow and are fragrant. **Strong roots, 35c; large size, 50c; clumps, 75c.**

SEIBOLDI. (M) Earliest to bloom. Deep orange yellow. **Strong roots, 20c; large size, 30c; clumps, 50c.**

THUNBERGII. (D) Blossoms are pure yellow and sweet scented and produced on long stems. Blooms freely. **Strong roots, 15c; large size, 25c; clumps, 50c.**

HOLLYHOCKS

GARDEN LOVER, HAVE YOU EVER TRIED A HOLLYHOCK PATH?

Nothing to do with the "Primrose Path," but incidentally almost the prettiest sight in gardendom.

A "Hollyhock Path" is beautiful, and if you have a chance to make one don't miss it. The stately line of rose and scarlet and faintly flushed salmon sentinels, brilliant and warm in the center and paling to tender tones of nothing-at-all at the ends—well, even your blase "garden expert" gets out his enthusiasm for the Hollyhock Path.

DOUBLE HOLLYHOCKS. Their flowers are large, fully double, handsome in form and lively shades of color. **Double White, Pink, Crimson, and Yellow mixed.** Thrifty plants, 20c; large size, 35c; clumps, 50c.

SINGLE HOLLYHOCKS. These handsome and showy plants are great favorites. Their unique growth gives them a welcome everywhere. **Single, White, Pink, Crimson, Mixed colors.** Thrifty plants, 20c; large size, 35c; clumps, 50c.

QUANTITY PRICES Six plants of any one variety at five times the single rate price.
Twelve plants at ten times single rate price.

Hemerocallis

Wagner Iris (American Grown)

The millionaire may enjoy his hothouse orchids; but nature has placed within the reach of everyone an absolutely hardy substitute, "The Iris." Mysterious as the opal with its ever changing fire, more beautiful than the orchid, so fragile as to be crushed by the slightest pressure.

Iris flourish and flower exceedingly in any ordinary soil; however, they delight in well rotted manure and deep rich soil. Many are very thirsty subjects and adorn the margins of ponds and streams. Once planted they spread and increase in beauty and luxuriance year after year. A mass of flowers of one variety gives an effect long to be remembered.

ALVELREA. Upright petals light blue, falls brilliant purple. Strong roots, 25c; large size, 35c; clumps, 50c.

ATROPURPUREA. Large, deep purple. Strong roots, 15c; large size, 25c; clumps, 50c.

BLACK PRINCE. Early, rich royal purple. Strong roots, 35c; large size, 50c.

CALYPSO. Pale blue, veined white and pale lilac. Strong roots, 15c; large size, 25c; clumps, 50c.

CYTHERA. Stands lavender, falls purple veined white. Strong roots, 35c; large size, 50c; clumps, 75c.

DONNA MARIE. Pearly white flowers. Outer petals are shaded lilac. 25c each; large size, 40c; clumps, 60c each.

FAIRY. Light lavender, almost white. Free flowering. Strong roots, 15c; large size, 25c; clumps, 50c.

FRAGRANS. Stands white-edged blue, falls white, blue veined. Strong roots, 20c; large size, 35c; clumps, 50c.

GRACCHUS. Erect petals lemon, drooping petals pale yellow reticulated purple. Strong roots, 20c; large size, 35c.

HER MAJESTY. Pinkish violet and deep reddish violet with dark veinings. Strong roots, 25c; large size, 35c; clumps, 50c.

JOHN DEWITT. Stands bluish-violet, falls deep violet purple. Strong roots, 15c; large size, 30c; clumps, 50c.

KHARPOT. Standards violet; falls velvety violet purple. Strong roots, 35c; large size, 50c.

MADAM CHEREAU. One of the most popular. A strong grower, very free blooming. Flowers are as delicate as orchids, are pure white with edges penciled lavender. 10c each; large size, 25c each; clumps, 35c.

NECLECTA. Upright petals, deep lavender, falls purple. Strong roots, 20c; large size, 35c; clumps, 50c.

PALLIDA DALMATICA. Stands light lavender, falls lavender, shaded blue. Strong roots, 15c; large size, 25c; clumps, 50c.

PALLIDA SPECIOSA. Stands dark lavender, falls light purple. Strong roots, 20c; large size, 35c; clumps, 50c.

PARISENSIS. A beautiful blue. Strong roots, 25c; large size, 35c; clumps, 50c.

PENELOPE. Upright petals, pearly white, falls veined lively purple. Strong roots, 20c; large size, 35c; clumps, 50c.

PLICATA. Stands, petals violet purple, falls deep purple. Strong roots, 15c; large size, 25c; clumps, 50c.

QUEEN OF THE GYPSIES. Center petals light brown, lower petals reddish-purple and old gold. Strong roots, 10c; large size, 25c; clumps, 35c.

REBECCA. Stand petals golden yellow, falls yellow and plum. Strong roots, 30c; large size, 40c.

SAPHO. Stand petals violet-blue, falls rich purple. Early, fragrant. Strong roots, only, 50c.

STENOPHYLLA. A beautiful blue with darker shadings. Strong roots, 20c; large size, 35c; clumps, 50c.

SOUVENIR. Upright, brilliant yellow, falls freely veined network of yellow, buff and maroon. Strong roots, 20c; large size, 35c; clumps, 50c.

ULYSSE. Tall, gray tinged brown, falls petals purple. Late. Strong roots, 50c.

VELVETEEN. Outer petals intense plum-purple, center yellowish buff. Strong roots, 20c; large size, 35c; clumps, 50c.

VIRGILS. A light brownish blue, lower petals purple and gold. Strong roots, 15c; large size, 25c; clumps, 35c.

WALNERI. Lilac center, lower petals purple. Strong roots, 15c; large size, 25c; clumps, 35c.

WILLIAM III. Stands light blue with darker veins, falls buff-yellow, light blue veins. Strong roots, 20c; large size, 35c; clumps, 50c.

PRICES IN QUANTITIES Six plants of any one variety listed above will be supplied at five times the single rate price. Twelve plants at ten times the single rate price.

MIXED COLORS. A variety of shades and colors. Strong roots, 50c per doz. \$3.00 per 100; large size, \$1.00 per doz., \$5.00 per 100.

Some Special and Desirable Kinds

ORIENTALE BLUE KING. A native of Japan. Blossoms on tall, erect stalks and are a bright clear blue. Foliage narrow, and remains green all summer. Strong roots, 15c; large size, 25c; clumps, 50c.

SIBERIAN. Foliage narrow, grass-like and blossoms a clear blue. 20c each; large size, 30c; clumps, 50c.

WAGNER'S SNOW WHITE IRIS GIGANTEA. Thick, heavy dark green foliage and remains green all season. Large, pure, snow-white blossoms having a waxy appearance. Strong roots, 15c; large size, 25c; clumps, 50c.

IRIS PUMILA. Rich royal purple. Earliest and dwarfest of all Iris. Strong roots, 50c.

ORCHID IRIS. (Pseudacorus) Rare and beautiful indeed is this variety. Flowers are pure yellow, a color rarely seen among Irises. Strong roots, 50c.

JAPAN IRIS. Separate colors—Strong roots, 50c; large size, 75c; clumps, \$1.00 each. Mixed colors—Strong roots, 25c; large size, 35c; clumps, 50c to 75c.

500 assorted Iris, our selection, labeled true to name, strong roots, \$18.00; large size, \$40.00; heavy clumps, \$80.00.

WAGNER PARK MALLOWS *Indescribably Beautiful Flowers*

Are absolutely hardy, and are thriving in Canada, in the mountain portions of the Northern States as successfully as in the South. They surpass all other perennials in profusion of bloom, flowering propensities and brilliancy of color. From late June until October arrives, the flowers continue to appear in great profusion. They will grow and bloom in any soil, but do best in a rich, moist soil. They like plenty of water, but should not be planted in a swamp where water will stand around the roots. The flowers are of immense size, often measuring eight to ten inches across. Colors are Crimson, Red,

Rose, Pink and White. We offer separate colors but we highly recommend the mixed colors. They are hardy and will thrive from Maine to California, from Canada to the far South. In planting Mallows, see that the hole is made large enough to permit the spreading of the many large roots. Press the soil firm and when hard freezing begins mulch with leaves or other material, as straw manure, etc. Do this especially the first season for the freezing and thawing sometimes experienced might otherwise lift the plants. After once established one need not necessarily do this, yet a mulch is always beneficial.

Prices of Mallows

CRIMSON MALLOWS. Most beautiful flower of all. Nothing more gorgeous in color. Large plants, 75c; extra large, \$1.00; clumps \$1.50 each.

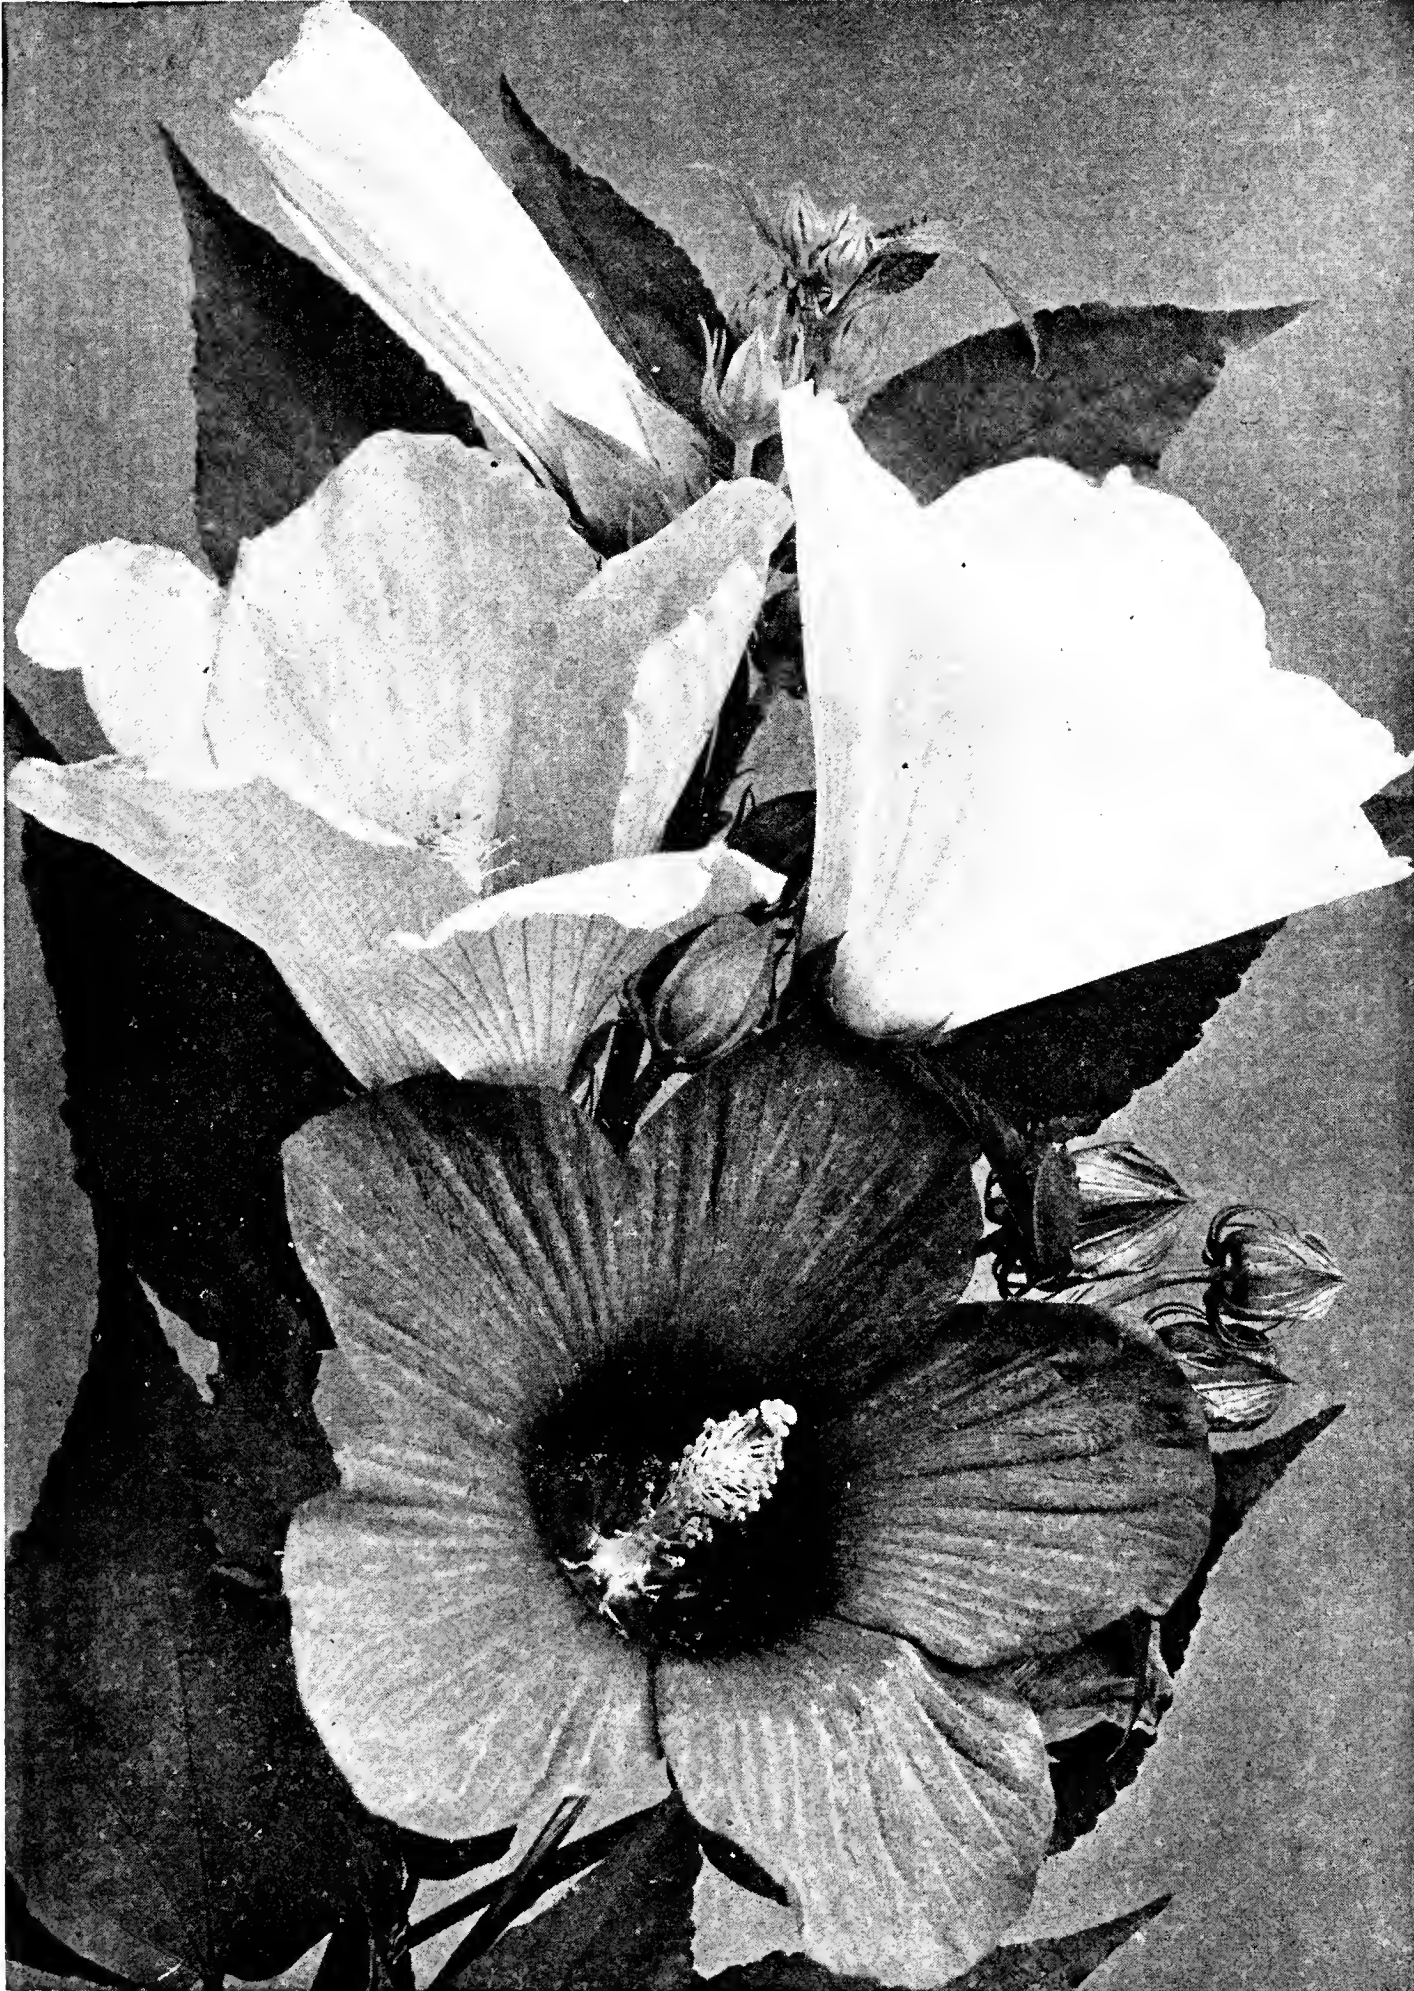

RED AND ROSE SHADES. This lot includes all choice bright shades. Large size, 35c, \$3.50 per dozen; extra large, 50c; clumps, 75c.

PINK MALLOWS. Most delicate shades of pink found among these. Large size, 20c, \$2.00 per dozen; extra large 35c, \$3.50 per dozen; clumps, 50c, \$5.00 per dozen.

WHITE MALLOWS. Center of blossoms a rich crimson, making a fine contrast. Large size, 35c; extra large, 50c; clumps, 75c.

CRIMSON MALLOW SEEDLINGS. These plants are grown from seed collected from the choicest crimson flowering plants, and most of these plants will prove to be beautiful crimson and red shades. Thrifty plants, 15c, \$1.50 per dozen; larger size, 25c to 35c each.

MALLOWS MIXED COLORS. This collection includes a great variety of colors from pure white and pink to red and scarlet shades. Every plant will bloom and give satisfaction. Thrifty plants, 10c, 75c. per dozen, \$3.00 per hundred; larger size, 20c, \$1.50 per dozen, \$10.00 per 100; clumps, 35c, \$3.00 per dozen; extra heavy clumps, 50c, \$5.00 per dozen.

Wagner Park Double Peonies

Wagner Park Peonies are the most beautiful of all the Hardy Perennial plants, and should be in every garden, large or small, in bed borders, shrubberies or drives; in park, grass or woodland. They should, therefore, be planted near at hand for close enjoyment of their beauty, as well as in masses for distant color effect.

- ACHILLES.** Light flesh pink. Strong roots, 75c; large size, \$1.00; clumps, \$2.00.
- AGATHA.** Brilliant violet rose. Tall, very fine. Strong roots, \$1.00.
- AGIDA.** Dark, rich red. Strong roots, 50c; large size, \$1.00.
- AMERICAN BEAUTY.** Deep pink. Strong roots, 50c; large size, 75c; clumps, \$1.00.
- CHARLEMAGNE.** Lilac white, slight blush center. One of the best. Strong roots, 75c; large size, \$1.25; clumps, \$2.50.
- CLARISSA.** Rose pink. One of the finest flowering varieties we grow. Strong roots, 50c; large size, 75c; clumps, \$1.50.
- COMPTE DE PARIS.** Rose color with salmon center, a variety that will always give satisfaction. Strong roots, 50c; large size, 75c; clumps, \$1.50 each.
- COUNTESS SARAH.** Rose washed with white petaloides, silver pink like Chrysanthemums. Strong roots, \$1.00.
- COURONNE DE OR.** Snow white, yellow reflex. Very large stripes of carmine, extra fine. Strong roots, 75c.
- DORTON'S COROS.** Beautiful bright pink, a showy and free flowering variety and of a solid color. A very satisfactory peony. Strong roots, 50c; large size, 75c; clumps, \$1.50.
- FORMOSA ROSEA.** Guard petals light rose, petaloides of silvery rose. Strong roots, \$1.00; large size, \$1.75.
- GOLDEN HARVEST.** Pale pink to peach blossom pink, white crown. Strong roots, 75c; large size, \$1.25; clumps, \$2.50.
- GRANDIFLORA SUPERBA.** Dark pink, center light rose. Very showy. Strong roots, 75c; large size, \$1.25.
- HERCARTIAN.** Guard petals deep rose, with incurved petaloides of silvery rose. Strong roots, 75c; large size, \$1.25.
- LADY BRAMWELL.** Silvery rose; a very delicate variety and will thrive in most ordinary garden soil. Strong roots, 40c; large size, 75c; clumps, \$1.00.
- LAMARTINE.** Soft rose. Fragrant and free bloomer. Strong roots, \$1.50.
- LADY MURIEL.** Pale pink, double. Beautiful variety. Strong roots, \$2.00.
- L'ESPERENCE.** Rose pink, early, fragrant. Strong roots, 50c; large size, \$1.00.
- LIBERTY.** (Our own introduction.) A variety of rather dwarf growth but compact habit with smaller foliage than most Peonies. The flowers are peculiarly formed having very broad outside petals which are of a delicate flesh pink color. The inner petals are narrow but closely formed and compact resembling a Chrysanthemum and of the same delicate pink shade. The variation in the width and shape of the petals make this variety one of distinction and merit. Strong roots, 75c each; large size, \$1.50; clumps, \$3.00 each.

- MME. EMILE CALLE.** One of the most tall and handsome and really beautiful of all Peonies. Delicate sea-shell pink without shadings. Extra fine. Strong roots, \$1.50.
- MME. LEBON.** Showy pink to aniline red. Very compact, strong growth, late flower. Strong roots, \$1.00.
- MARIE LEMOINE.** Delicate flesh; a very free flowering variety and one that may be depended upon. Strong roots, 50c; large size, \$1.00; clumps, \$2.00.
- MARY ELIZABETH.** Color fine blush white. Creamy white center. Strong roots, \$1.00; large size, \$1.75.
- MEISSONIER.** Medium size, bomb shape, developing a crown with age. Reddish-purple, uniform color, fragrant. Free bloomer, midseason. Strong roots, \$1.00; large size, \$2.00; clumps, \$3.50.
- ODORATA.** Guard petals deep rose, rosette center of lighter shade. Strong roots, 75c; large size, \$1.25.
- REEVESII.** Rosy flesh with red blotch on center petals; good size; blooms freely; long stems. Strong roots, \$1.50.
- REINE DES FRANCOIS.** Guard petals fleshy pink, petaloides creamy-white, with lavender tuft. Strong roots, \$1.00; large size, \$1.75.
- SINGLE RED.** Very showy. Strong roots, 75c; large size, \$1.00; clumps, \$2.00.
- WAGNER PARK.** A beautiful clear pink, of fine form. Strong roots, 75c; large size, \$1.25; clumps, \$2.50.

Our Three First Prize Peonies

These three varieties we consider the very best for general planting or cut flower purposes.

FIRST PRIZE PINK. Beautiful pink, tips shading into silver shade; almost identical to a La France rose. Blossoms are extra large, long stems. Strong roots, 50c, \$5.00 per dozen; large size, 75c, \$8.00 per dozen; extra heavy clumps, \$2.00.

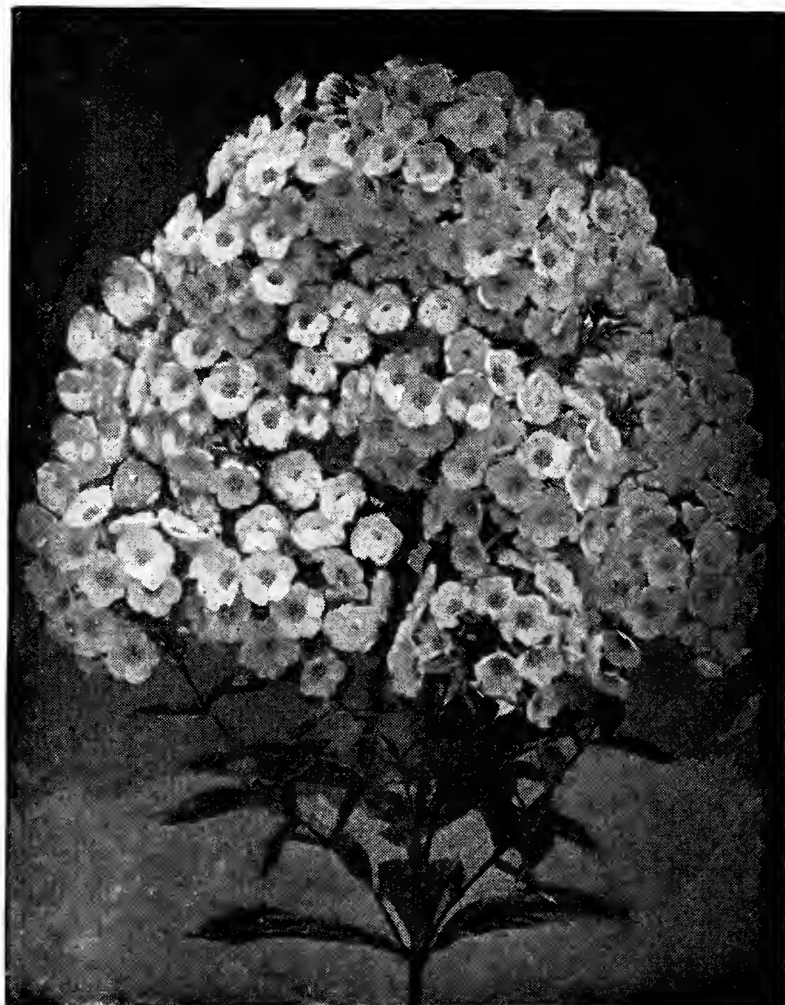

FIRST PRIZE RED. In color this variety resembles the American Beauty rose, but surpasses it on account of its larger size and profusion of blossoms. Strong roots, 50c each, \$5.00 per dozen; large size, 75c, \$8.00 per dozen; extra heavy clumps, \$2.00 each.

FIRST PRIZE WHITE. Large pure white with a very few pink markings in the center. Fine for general cultivation. Strong roots, 75c; large size, \$1.00; extra heavy clumps, \$3.00 each.

SPECIAL OFFER—THREE PRIZE PEONIES—One of each color. Strong roots, \$1.50; large size, \$2.00; extra heavy clumps, \$6.00.

PRICES IN QUANTITIES Six plants of any one variety at five times the single rate price. Twelve plants of any one variety at ten times the single rate price.

Wagner's Hardy Phlox

Bridesmaid Phlox

Do not overlook these in your collection of plants. Certainly no perennial is more worthy of cultivation, more satisfactory in every situation or more effective either as individual plants or grouped in masses in the hardy borders. The plants begin to flower in early summer and the garden borders can be kept aflame with great flower cones from June until frost. Our small, thrifty plants will produce surprisingly good results.

BRIDESMAID. (M) Pure white, with large, crimson center; very free flowering. **Thrifty plants, 15c; large size, 35c; clumps, 50c.**

CHAMPS ELYSEE. Rich deep purplish crimson, dwarf. **Thrifty plants, 20c; large size, 35c; clumps, 50c.**

HEROINE. A variety producing flowers of odd color which is a light violet-blue. **Field grown plants, 30c; extra large, 50c.**

ISABELL DUPUY. (M) Rose, red center. One of the best pinks; very bright, excellent for backgrounds. **Thrifty plants, 15c; large size, 35c; clumps, 50c.**

LOTHAIR. A grand showy variety, producing bright red with carmine eye flowers in large trusses. **Field grown plants, 30c; extra large, 50c.**

LA VAGUE. Beautiful bright pink, early flowering, of dwarf habit. Fine for solid beds. **Thrifty plants, 20c; field grown, 40c; extra large, 75c.**

MISS LINGUARD. (M) A grand variety beginning to flower in early spring and continues throughout the whole season. An excellent variety in every way and may be planted in solid beds or among the hardy border plants, or used as an edging plant. Color, white with light lilac center. **Thrifty plants, 15c; larger, 25c; clumps, 35c to 50c each.**

MRS. JENKINS. (M) Absolutely snow-white, medium sized flowers and truss. A very free bloomer. **Large size plants, 35c; clumps, 50c.**

PINK BEAUTY. (M) Very fine pale pink of enormous size. **Thrifty plants, 20c; large size, 35c; clumps, 50c.**

RHYNSTROM. Fine for massing. Color a beautiful deep rose pink. **Field grown plants, 35c; extra large, 50c.**

RICHARD WALLACE. An exceptionally good grower. Flowers white with large carmine eye. **Field grown plants, 30c; extra large, 50c.**

SUNSET. (M) Beautiful deep pink, and will without doubt supercede all others of this color; excellent for massing or in solid beds. **Thrifty plants, 20c; large size, 50c.**

WAGNER PARK EVERBLOOMING. Beautiful bright pink, one of the earliest to flower if old flowers are kept cut off, it will bloom more or less the entire season. **25c; larger, 50c; clumps, 75c.**

PHLOX SUBULATA (Moss or Mountain Pink) Early spring flowering with pretty moss-like evergreen foliage. Very dwarf.

ALBA. Pure white. **Thrifty plants, 15c; large size, 25c; clumps, 35c.**

ROSEA. Very free flowering; pinkish-purple, dark center. **Thrifty plants, 10c; large size, 20c; clumps, 35c.**

PHLOX, WAGNER'S SPECIAL OFFER

No. 50. This collection consists of a choice lot of seedlings selected for their superior quality, color and size of flower clusters. They surpass many of the named varieties in size of flower and truss. Color ranges from delicate flesh to bright pink, reds and other beautiful shades. **Thrifty plants, 15c; large size, 25c; clumps, 35c to 50c.**

Other Hardy Perennials

PACHYSANDRA TERMINALIS. (D) May and June. White flowers. **25c and 35c.**

PAPAVER ORIENTALE. (Poppy) Nothing can equal these in gorgeous effect. Rich, brilliant color. **20c; larger size, 35c; clumps, 50c.**

ORIENTALE MIXED. (M) This is as fine assortment as selected seed can produce. Being propagated from seed will vary in color, frequently a dozen shades from as many plants. Plant them freely in your hardy borders. **Thrifty plants, 10c; larger size, 20c.**

PARDANTHUS BLACKBERRY LILY. (Sinensis) Lily-like flowers of bright orange, followed with seeds resembling blackberries. **Thrifty plants, 10c; larger size, 20c; clumps, 35c.**

PENTSTEMON SMALLI. (D) July, August. Rosy carmine flowers. **Thrifty plants, 15c; larger, 35c; clumps, 50c.**

PUBESCENS. (D) June to August. Bright rosy purple flowers. **Thrifty plants, 15c; larger, 35c; clumps, 50c.**

PERIWINKLE HARDY MYRTLE. For covering bare ground where grass will not grow, it is indispensable. **Thrifty plants, 10c; large size, 20c; clumps, 35c.**

PINKS LORD LYON. Fine showy, bright pink flowers on long, stiff stems. This variety will give entire satisfaction. **Thrifty plants, 15c; larger, 25c; clumps, 50c.**

WHITE RESERVE. (D) An excellent double white variety. Flowers are large on long stems and almost a continuous bloomer. Fine for edging other beds or in the hardy border. **Thrifty plants, 15c; larger, 25c; clumps, 35c to 50c each.**

PLATYCODON GRANDIFLORA. (Japanese Bellflower) (M) June to October. A plant that is closely allied to the Campanula or Canterbury Bell, bearing continuously cupped star-shaped blue and white flowers. **Thrifty plants, 20c; large size, 30c; clumps, 50c.**

PYRETHRUM HYBRIDUM. (D) June to September. Color ranges from pure white and various shades of pink and red to deep purple. **Thrifty plants, 20c; large, size, 50c.**

ULIGNOSUM. (Giant Daisy) (T) July to September. Large white daisy-like flowers. **Thrifty plants, 20c; large size, 35c; clumps, 50c.**

PRICES IN QUANTITIES Six plants of any one variety listed above will be supplied at five times the single rate price. Twelve plants at ten times the single rate price.

HARDY PLANTS

RUDBECKIA GOLDEN GLOW. (T) August and September. Large, double, yellow Dahlia-like flowers. Thrifty plants, 10c; large size, 25c; clumps, 35c to 50c.

NEWMANI. Dark orange-yellow flowers, with deep purple cone, borne on stiff, wiry stems 3 feet high; flowers from July to September. Thrifty plants, 10c; large size, 35c; clumps, 50c.

PURPUREA. An entirely distinct variety from all other perennials and thrives in any ordinary soil. They are so simple and easily cultivated that we recommend them to anyone having a garden, whether large or small. The foliage being dense and of a good color, which is reddish-purple with large, cone-shaped center in brown. Thrifty plants, 20c; large size, 35c; clumps, 50c; to 75c.

SEDUM SPECTABILIS. (D) A very desirable hardy perennial thriving in any good soil and produces most pleasing effects when used as an edging to a bed of other plants. In formal work it is indispensable, as it grows compact and bushy. Foliage is a beautiful light green and quite broad. Flowers are rose colored and cover the entire top of the plant when in full bloom. Thrifty plants, 15c; large size, 35c; clumps, 50c to 75c.

MAGENTA. (D) Good strong growth and foliage. Flowers almost white, having a pink tinge. Large size, 25c; clumps, 35c.

SPIREA FILIPENDULA. A beautiful dwarf variety, with elegant fern-like foliage. Large plants, 35c; clumps, 50c.

TANACETUM VULGARE. (Tansy) (M) Golden-yellow flowers in midsummer. Large plants, 25c; clumps, 50c.

TRADESCANTIA VIRGINIANA. (D) May to September. Numerous panicles of violet-blue flowers. Large plants, 30c; clumps, 50c.

TRITOMA PFITZERI. (D) Large attractive flowers on long stems. Color, rich orange scarlet. 25c; large plants, 35c; clumps, 50c to 75c.

HYBRIDA. (D) An exceptionally good grower with fine heavy foliage. Color, orange-scarlet. Strong plants, 10c; large size, 25c.

VERONICA MARITIMA (D) September. 2 feet. Large plants, 35c; clumps, 50c.

RUPESTRIS. (D) May. Deep blue flowers. Large plants, 35c; clumps, 50c.

VIOLET LA FRANCE Single flowers, light purple. 20c; clumps, 35c.

YUCCAS

(Filamentosa)

(HERE ILLUSTRATED)

Hardy Flowering Evergreen
Plants of Great Beauty

The Yucca Plant is so unusual and so strikingly effective, either when planted alone or in combination with other evergreens, that it attracts attention on the humblest lawn, and is worthy of a place in the most pretentious garden.

SPECIAL ASSORTMENT No. "10-C"

20 Select Large Field Grown Plants
A Grandmother's Garden Collection **\$3.00**

"Give me the good old week-day blossoms I used to see long ago. With hearty sweetness in their bosoms. Ready and glad to bud and blow."

The following are the varieties:

TALL varieties, Hibiscus (Mallows), Helianthus Maximilliana, Eulalia Gracillima, Boltonia, Delphinium, Rudbeckia.

MEDIUM height, Aster Tartarica, Hollyhocks, Iris Gigantea, Iris Siberica, Hemerocallis Kwamso, Hemerocallis Middendorffii, Hardy Chrysanthemums.

DWARF, Iris Fairy, Physostegia, Coreopsis, Hemerocallis Luteola, Sedum, Funkia Coerulea, Yucca. Owing to the low price, collection cannot be changed. A remarkable offer. Try them, they will surely please you.

This collection is appropriate for general planting. When arranging them set the tall varieties in the background.

ONLY \$5.00 FOR CLUMPS

For the 20 plants in extra heavy clumps—all are distinct varieties.

Yuccas

Hardy Flowering Shrubs

Through the hot, dry period of summer, the coolness and rest of a fine shrub plantation is indescribably refreshing. The cultural requirements of ordinary shrubs are very simple. "Success with Shrubs," when the plants are vigorous Wagner Park stock, is easy, pleasurable, and sure. All Wagner Park Shrubs have been transplanted and are in robust health and condition.

Shrubs always have hard wood like the branches of a tree, and this wood does not die during the winter, except in a few of the more tender varieties which branches should be cut off as soon as the live branches begin to sprout in the spring.

PRUNING SHRUBS. In pruning shrubs they should be allowed to take their natural and perfect form, and when branches become old and weak they should be cut away from the outside, thus thinning out and allowing the new shoots to grow and take their place. The practice of shearing the ends of branches only without thinning out any of the inside branches cannot be too severely condemned, for it not only gives them an unnatural form in which there is little or no beauty, but also causes an increase in the number of small imperfect shoots on the end of the branches, and resulting in a very imperfect growth that produces very few flowers. Pruning should be done right after the flowering season, especially with the early flowering sorts such as the Lilac (Syringas), Snowball (Viburnum), Cydonias, Forsythia (Golden Bell), etc., are best pruned in the spring before new growth starts, this will insure good strong branches and large flowers. Dead branches and irregular or straggly growth may be cut away at any time.

ABBREVIATIONS AND PLANTING INSTRUCTIONS. (I) (II) (III) immediately following the name of each variety indicate the height of plants when fully matured. (I) indicates varieties growing from 1 to 3 feet; plant from 1½ to 3 feet apart. (II) indicates height from 3 to 8 feet; plant these varieties from 3 to 5 feet apart. (III) indicates height from 8 to 12 feet; plant from 5 to 8 feet apart. There are no set rules as to distance for planting as some prefer heavy mass effects which require close planting, while more open effects require planting farther apart. We have given both extremes yet one need not follow these exactly.

SPECIAL NOTE. M. L. X. S. indicate size of stock offered. "M" indicates thrifty well rooted young plants. "L" indicates large size plants. "X" indicates extra large select plants. "S" indicates specimens.

Special Shrub Offer---20 Plants \$5.00

FREE If desired, will furnish plan showing various arrangements for planting this collection.

As an example of the superb values offered by the Wagner Park Nurseries, nothing could be more convincing than a collection of choice hardy flowering shrubs that will make a beautiful setting for your home for years to come. These are especially suitable for foundation planting, for grouping or a border planting.

Of Medium Size Plants, \$ 5.00
 Of Large Size Plants, 7.50
 Of Extra Large Size Plants, 10.00

ALTHEA (Rose of Sharon) Handsome late summer blooming shrubs, coming into bloom when few shrubs are in flower. As a hedge plant they are very valuable.

BICOLOR HYBRIDUS. Double white; fine large flower. M, 35c; L, 50c.

BOULE DE FEU. Large violet-red flowers. M, 35c; L, 50c; X, 75c.

ELEGANTISSIMA PLENA. Double white, shaded with rose. M, 35c; L, 50c; X, 75c.

GRANDIFLORA. A very fine dark red variety. M, 35c; L, 50c; X, 75c.

JEANNE D'ARC. Double, pure white; one of the finest. M, 35c; L, 50c; X, 75c.

LADY STANLEY. Double blush-white flowers; one of the best. L, 50c; X, 75c.

PULCHERIMA. Double white, shaded to pink. L, 50c; X, 75c.

SPECIOSA PLENA. Fleshy-white. L, 50c; X, 75c.

MIXED COLORS. Altheas make a most beautiful hedge. Their flowers are large and their freedom to bloom, time of flowering, etc., render them most valuable. A hedge or planting of mixed colors is indeed a grand sight. Nice thrifty plants, 10 to 15 inches high, 15c each, \$1.50 per dozen, \$10.00 per 100; M, 25c, \$2.50 per dozen, \$15.00 per 100; L, 35c, \$3.50 per dozen; X, 50c, \$5.00 per dozen.

QUANTITY PRICES Six plants of any one variety will be supplied at five times the single rate price. Twelve at ten times the single rate price.

HARDY FLOWERING SHRUBS

(Continued)

- AMELANCHIER** **BOTRYAPIUM.** (III) Beautiful shrub-like tree producing racemes of pure white flowers. L, 35c; X, 50c.
- AMORPHA** **FRAGRANS.** (I) A large, spreading bush with pinnate leaves and slender spikes of deep purple flowers; blooms in June. L, 35c; X, 50c; S, 6 ft., \$1.50.
- BERBERIS** **THUNBERGII.** (Japanese Barberry) (II) May. In autumn it is aglow with scarlet leaves and berries. Thrifty plants, 25c, \$2.50 per dozen, \$15.00 per 100; M, 35c; L, 50c; X, 75c.
- BUDDLEIA** **VARIABILIS.** (Butterfly Bush) (II) September. Flowers lilac color. Very desirable owing to its lateness in flowering. Nice young plants, 35c; X, 50c to 75c each.
- CALYCANTHUS** **FLORIDUS.** (II) Double chocolate colored flowers. L, 50c; X, 75c.
- CEPHALANTHUS** **OCCIDENTALLIS.** (III) July. Curious balls of blossoms on long stems. Fine for heavy background. L, 50c; X, 75c.
- CORNUS** (Dogwood) The name Dogwood first brings to mind the White Dogwood (Cornus Florida), with its large, butter-fly like blossoms in May. Species here described are shrubs of decided value in decorative planting, those with red bark filling a place occupied by no other.
- ALTERNIFOLIA.** (III) It has clustered white flowers dark blue fruits, and its irregular whorled branches form flat, spreading tiers. M, 30c; L, 40c; X, 60c; S., 7 to 8 ft., \$3.50 to \$5.00.
- SANGUINEA.** (III) A shrub of spreading habit; purplish-red branches, flowers greenish white, followed by black berries. Desirable for massing. M, 30c; L, 40c; X, 60c.
- SIBERICA.** (III) This has deep crimson bark and should be used in large groups for its winter effect. It shows off best when there are a number of plants together. Abundant small white blossoms are borne in early summer. Followed by white fruit. M, 30c; L, 40c; X, 60c; S., 8 ft., \$5.00.
- STOLONIFERA AUREA.** (Golden-barked Dogwood) Bright yellow bark in winter. Very effective when planted with red-barked varieties. L, 50c; X, 75c.
- STOLONIFERA.** (III) Valued for its colored bark. Small white flowers. M, 30c; L, 45c; X, 60c.
- CYDONIA** **JAPONICA.** (Pyrus) (Fire Bush) (III) One of the early spring flowering shrubs, the fiery blossoms pink to crimson, creating a grand display. M, 35c; L, 50c; X, 75c.
- JAPONICA ALBA** **PLENA.** Semi-double, white. L, 50c; X, 75c.
- DEUTZIA** **CANDIDISSIMA.** (III) Strong growth. Double white flowers. M, 30c; L, 40c; X, 60c.
- CRENATA.** (III) Double rosette shape, white, tinged pink. M, 30c., L, 40c., X, 60c., S, 6 ft., \$2.50.
- GRACILIS.** (I) Forms a round, dense bush. Snow white flowers of much beauty; good for shady places. M, 35c; L, 50c; X, 75c.
- LEMOINEI.** (I) Flower pure white. M, 35c; L, 50c; X, 75c.
- PRIDE OF ROCHESTER.** (III) Double white, tinged with pink. M, 25c; L, 35c; X, 50c., S, 6 ft., \$1.00.
- SCABRA.** (III) Flowers white, tinged pink. M, 30c; L, 40c; X, 60c.
- WATERERI.** (I) Flowers delicate pink. A most beautiful variety. M, 30c., L, 40c., X, 60c.

Forsythia

WELLSI. (II) Double white flowers, one of the best. M, 35c; L, 50c.

ELEAGNUS **AUGUSTIFOLIA.** (Oleaster) (III) A large shrub, sometimes of tree form, with long, narrow, silvery-green foliage. The flowers are yellow, followed by yellow fruit. M, 35c; L, 50c; X, 75c.

FORSYTHEA (Golden Bell) The Golden Bells stand in a class by themselves. Early in April they are a wealth of golden-yellow. The foliage is entirely healthy and the growth vigorous.

FORTUNEI. (Fortune's Forsythia) (III) April. A spreading bush with dark shining foliage, which has a purplish tint in autumn. Deep yellow flowers. The best of the Forsythias. M, 35c; L, 50c; X, 75c.

INTERMEDIA. (III) A tall, upright growing form. Good for shrubbery border planting. Deep yellow flowers and fragrant. M, 30c; L, 40c; X, 60c.

VIRIDISSIMA. (Dark Green Forsythia) Shrub-like in growth, dark, rich foliage, yellow flowers and a very profuse bloomer. M, 35c; L, 50c; X, 60c.

HYDRANGEA **GRANDIFLORA ALBA.** (II) Large clusters of white flowers. Nice young plants, 50c; larger, 75c; extra large, \$1.00.

PANICULATA GRANDIFLORA. (II) July, August. Flowers white changing to pink and borne in immense pyramidal clusters. Will bloom same season planted. M, 50c; L, 75c; X, \$1.00 each.

HYDRANGEA, TREE FORM. We have very fine stock of this popular shrub grown in tree form. \$2.00 to \$2.50 each.

HYPERICUM **AUREUM.** (II) Abundant yellow flowers all summer. Strong grower. M, 35c; L, 50c; X, 75c.

KERRIA **JAPONICA.** (II) Single yellow flowers. 75c.

LONICERA (Bush Honeysuckle) These are tall shrubs of upright growth. Valuable for their profusion of white and pink flowers and their crops of berries. They are among the most attractive of our early blooming shrubs.

GRANDIFLORA ROSEA. (III) Pink blossoms. M, 35c; L, 50c; X, 75c.

LEDEBOURI. (II) May. Creamy, yellow flowers, fine. M, 35c; L, 50c; X, 75c.

MORROWI. (II) May. White flowers, dark green foliage, red fruit. M, 35c; L, 50c; X, 75c.

TARTARICA. (Bush Honeysuckle) May. Pink flowers, orange-red berries. M, 35c; L, 50c; X, 75c.

TARTARICA ALBA. (White Tartarian Honeysuckle) (III) May. Has white flowers, bright berries. M, 35c; L, 50c; X, 75c.

PRICES IN QUANTITIES Six plants of any one variety listed above will be supplied at five times the single rate price. Twelve plants at ten times the single rate price.

HARDY FLOWERING SHRUBS

(Continued)

PHILADELPHUS MOCK ORANGE. How deliciously fragrant are the spring blossoms of the Mock Orange! To many they bring pleasant thoughts of the coming flowers.

CORDIFOLIA. (II) Single white flowers; large foliage. M, 35c; L, 50c; X, 75c.

CORONARIUS. (Sweet Mock Orange) (III) The real old-fashioned form, white blossoms, yellow stamens. M, 35c; L, 50c; X, 75c.

FALCONERI. (II) Graceful shrub, white flowers. M, 35c; L, 50c; X, 75c.

GRANDIFLORUS. (III) Most vigorous grower and produces unusually large flowers, which are pure white. M, 25c; L, 35c; X, 50c; S, \$1.00.

LEMOINEI ERECTA. (II) Creamy white, fragrant. L, 50c; X, 75c; S, 4 to 5 ft., \$1.00; 6 ft., \$2.00.

NIVALIS. (II) An excellent variety in every way, good growth and free flowering. M, 35c; L, 50c; X, 75c and \$1.00.

SPECIOSA. (III) Showy white flowers. A tall grower and one which will give satisfaction wherever planted. M, 25c; L, 35c; X, 50c; S, \$1.00.

RHAMNUS CATHARTICA. Well known hedge plant, valued for extreme hardiness and strong growth. M, 25c; L, 35c; X, 50c.

RHODOTYPHUS KERRIODES. (White Kerria) (II) A handsome shrub with good foliage and snow-white flowers the latter part of May, followed by black berries. A profuse bloomer. L, 50c; X, 75c.

RHUS CHIONANTHUS VIRGINICA. (White Fringe) (III) White flowers. M, 35c; L, 50c; X, 75c.

GLABRA. (Smooth Sumac) (III) Leaves color brightly in autumn. Flowers followed by fruit. L, 35c; X, 50c.

TYPHINA LACINIATA. (Fern-leaved Sumac) (III) Brilliant foliage. Crimson fruit. M, 35c; L, 50c; X, 75c.

ROSA RUGOSA. The hardiest of all roses. They are eminently suitable for rose hedges or to be used same as shrubs. M, 50c; L, 75c to \$1.00 each.

SAMBUCUS CANADENSIS. (White Elder) (III) Attractive flowers followed by clusters of purple berries. M, 25c; L, 35c; X, 50c.

NIGRA AUREA. (III) Beautiful foliage of yellowish color. M, 35c; L, 50c; X, 75c.

LACINIATA. (III) Very valuable on account of its deeply cut foliage. M, 35c; L, 50c; X, 75c.

SPIREAS This is one of the largest groups of flowering shrubs and it is rarely that a group is planned without including some of its widely differing forms.

ANTHONY WATERER. (I) May to September. Heads of crimson flowers. M, 35c; L, 50c; X, 75c.

BILLARDI. (L) A strong grower, panicles of bright pink flowers in July and August. L, 30c; X, 50c; S, 75c.

BUMALDA. (I) May to September. Rose colored flowers. M, 35c; L, 50c.

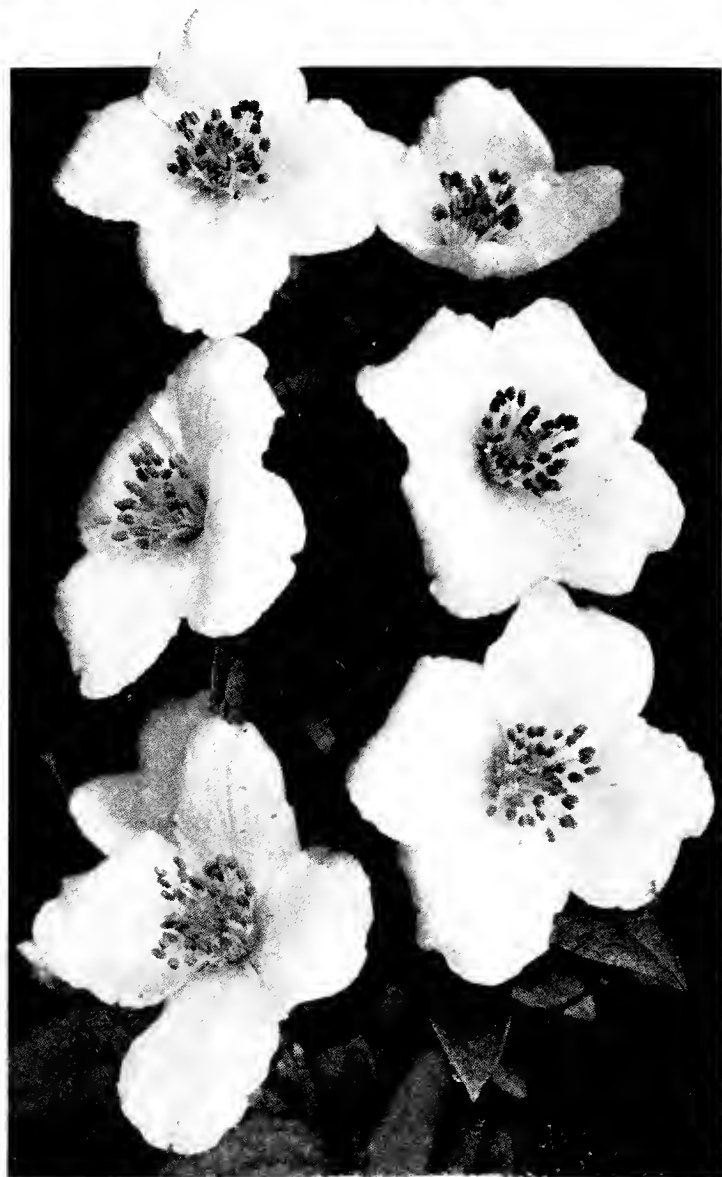

CALLOSA ALBA. Soft, white form; blooms all summer. Dwarf. M, 35c; L, 50c; X, 75c.

CALLOSA FROBELI. (I) June to September. Flowers dark, violet-red. M, 25c; L, 40c; X, 65c.

CALLOSA ROSEA. (II) Rose colored flowers. M, 35c; L, 50c.

FONTENAYII ROSEA. (II) June, July. Upright branches, pink flowers. M, 35c; L, 40c; X, 60c.

FONTANEYII ALBA. (II) White flowers. M, 35c; L, 50c; X, 75c.

Philadelphus (Syringo)

MARGUERITE. (I) Rose-colored flowers. M, 35c; L, 50c; X, 75c.

OPULIFOLIA. (III) Strong grower, green foliage. White flowers. L, 35c; X, 50c.

OPULIFOLIA AUREA. (Golden Leaved) (III) Yellow tinted foliage and white flowers. M, 30c; L, 40c; X, 60c; 6 ft., 75c to \$1.00.

REEVESIANA. (II) May. A slightly drooping shrub covered in May with clusters of white flowers almost covering branches. M, 30c; L, 50c; X, 75c.

SALICIFOLIA ALBA. (II) June to September. Pure white flowers. M, 25c; L, 35c; X, 50c.

SEMPERFLORENS. (I) Red flowers in corymbs. L, 35c; X, 50c.

THUNBERGII. (I) Fluffy masses of white flowers, fine foliage. L, 50c; X, 75c.

VAN HOUTTEI. (II) The most beautiful of the Spirea. We recall no shrub that exceeds this in the graceful elm like quality. The graceful branches, weighed down with a wealth of white blossoms, curve till they nearly touch the ground. It comes into bloom just before Decoration Day. M, 25c; L, 35c; X, 50c to 75c; Specimens, \$1.00 each.

Prices in Quantities

Six plants of any one variety at five times the single rate price. Twelve plants at ten times the single rate price.

A Planting of Spirea Van Houttei

HARDY FLOWERING SHRUBS

(Continued)

SYRINGA LILAC. (III) These old-fashioned shrubs are always popular. No matter how small the garden, everyone wants lilacs.

MADAME ABEL CHATENAY. Large panicles, double white. L, \$1.00; X, \$1.50 to \$2.00.

MME. LEMOINE. Another fine double white variety. L, \$1.00; X, \$1.50 to \$2.00.

PERSICA RUBRA. Native of Persia. Bright purple flowers. L, \$1.00; X, \$1.50 to \$2.00.

PRES. GREVY. Large panicles of blue flowers. One of the best. L, \$1.00; X, \$1.50 to \$2.00.

SANGUINEA. A fine red variety. L, \$1.00; X, \$1.50 to \$2.00.

SOUV. DE LUDWIG SPATH. The flowers and clusters are very large, fine and dark in color. L, \$1.00; X, \$1.50 to \$2.00.

VULGARIS. (Old-fashioned Lilac) The familiar species of all fine old gardens, with heart-shaped leaves and dense panicles of lilac flowers in May, still the most fragrant of any. M, 50c; L, 75c; X, \$1.00 to \$1.50.

VULGARIS ALBA. (Old-fashioned White) An old standard and one that is always popular. M, 50c; L, 75c; X, \$1.00 to \$1.50.

SYMPHORICARPUS RUBRA. (I) A graceful shrub, with deep red berries clustered and crowded along its arching twigs. The branches take root, where they touch the ground and therefore are useful to hold steep banks and edge groups of tall shrubs. The only shrub to grow under large trees or in exceedingly dense shade and thrive. M, 20c; L, 35c; X, 50c.

RACEMOSUS. (II) Milk-white berries that contrast finely. M, 35c; L, 50c; X, 75c.

TAMARIX Attractive, tall-growing shrubs with fine feathery foliage like that of the Junipers. Splendid shrubs for seashore and general planting. Flowers profusely, and are usually a delicate pink color and excellent for cutting.

AFRICANA. (III) Tall-growing, irregular shrubs with feathery foliage and small, delicate pink flowers. M, 25c; L, 35c; X, 50c.

GALLICA. (III) June. Pinkish flowers, bluish-green leaves. M, 25c; L, 35c; X, 50c.

HISPIDA AESTIVALIS. (III) July. Pink flowers. Its neat growth and blue-green foliage is very ornamental. M, 35c; L, 50c; X, 75c.

INDICA. (III) Pink flowers. One of the best Tamarix. M, 25c; L, 35c; X, 50c.

ODESSANA. (III) Pink flowers in paniced racemes. M, 25c; L, 35c; X, 50c.

PARVIFLORA GLAUCA. (III) Silvery blue foliage, showy pink flowers. M, 25c; L, 35c; X, 50c.

TETRANDA PURPUREA. (II) Beautiful pink. M, 25c; L, 35c; X, 50c; S., 75c.

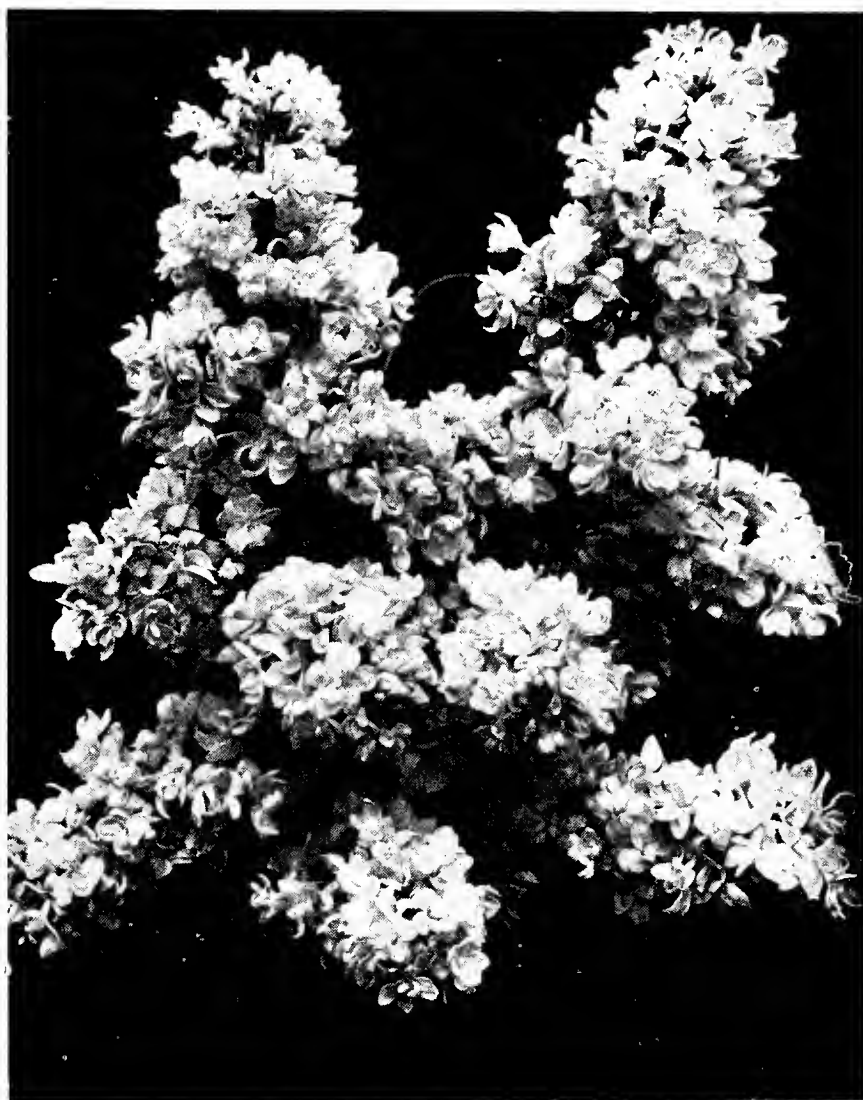

VIBURNUM An important group of shrubs. Members of the genus are conspicuous for the good qualities needed in landscape planting. They all have good healthy foliage.

OPULUS. (High Bush Cranberry) This handsome shrub has bright red fruits; are in some sections used as a substitute for the Cranberry. It has large, healthy leaves, and free from insect attacks. M, 40c; L, 60c; X, 75c to \$1.00.

V. PLICATUM. (Japan Snowball) (III) Large balls of flowers white as snow. M, 40c; L, 60c; X, 75c.

LANTANA. (III) White flowers, clusters of bright red fruit, changing to black. M, 40c; L, 60c; X, 75c to \$1.00.

STERILIS. (Common Snowball) (II) Flowers white, borne in clusters. M, 35c; L, 50c; X, 75c.

Syringa (Lilac)

WEIGELAS Beautiful shrubs that bloom in June and July. The flowers are produced in so great profusion as to almost hide the foliage.

CANDIDA. (III) Flowers pure white, borne all through the summer months. One of the most free blooming of all Weigelas. M, 50c; L, 75c; X, \$1.00.

DESBOUSII. (II) Deep rose flowers in profusion. M, 35c; L, 50c; X, 75c.

EVA RATHKE. A very profuse bloomer and continues to produce its dark carmine-red flowers during the entire summer. M, 50c; L, 75c; X, \$1.00.

NANA VARIEGATA. (I) May. Pink flowers and variegated green and yellow foliage. M, 50c; L, 75c; X, \$1.00.

ROSEA. The flowers are rose colored, are produced in such profusion as to completely cover the bush. Flowers in May and June. M, 35c; L, 50c; X, 75c to \$1.00.

PRICES IN QUANTITIES.

Six plants of any one variety listed above will be supplied at five times the single rate price. Twelve plants at ten times the single rate price.

An attractive planting of assorted shrubs.

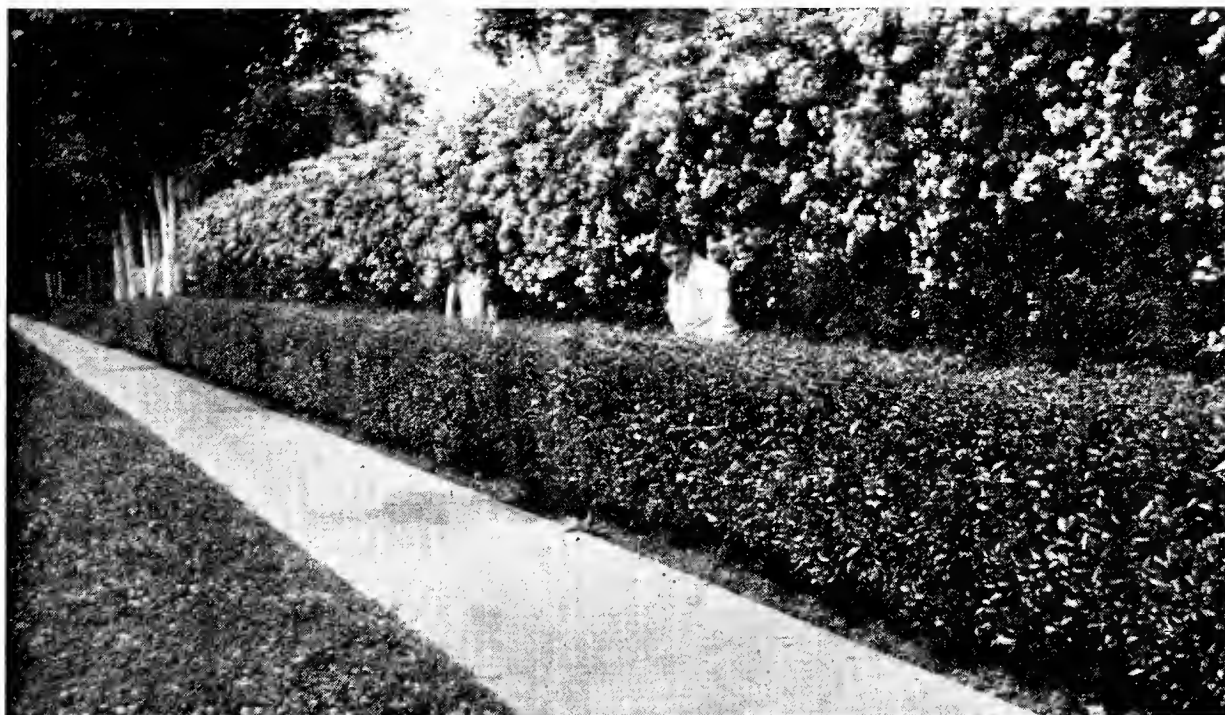

Ornamental Hedge Plants

In producing a truly pleasing and attractive landscape effect the selection of a fence has always been a serious problem. Something is needed to outline the lawn clearly, but what to use is often a perplexing question. A hedge will beautify the plainest kind of grounds and adds immeasurably to the lawn with a fence that nature provides. The wooden or iron fence is clumsy and contrasts rudely, while the hedge blends beautifully with the green lawn and surroundings.

Plant from 5 to 10 inches apart, depending on the compactness of hedge desired.

LIGUSTRUM. (Privet) Amuerense. Hardy. Glossy green foliage and of upright growth. Hardy in all localities. Nice plants, \$2.50 per dozen, \$15.00 per 100; large size, \$3.50 per dozen, \$20.00 per 100; extra large size, \$5.00 per dozen, \$30.00 per 100.

IBOTA. (Chinese Privet) An unusually good hedge plant, very hardy and produces fragrant flowers. Nice plants, 18 to 24 inch, \$2.50 per dozen, \$15.00 per 100; large size, \$3.50 per dozen, \$17.50 per 100; extra large, \$4.00 per dozen, \$25.00 per 100.

OVALIFOLUM. (California Privet) The most popular variety of all. Foliage is a beautiful dark glossy green and almost evergreen. In the northern states it sometimes freezes to the ground. Nice plants, \$1.50 per dozen, \$5.00 per 100; large size, \$2.00 per dozen, \$7.50 per 100; extra large size, \$2.50 per dozen, \$10.00 per 100.

REGELIANUM. (Regals Privet) Absolutely hardy, and is sufficiently dense for hedges without trimming. Branches gracefully drooping. Nice plants, \$3.50 per dozen, \$25.00 per 100; large size, \$5.00 per dozen, \$35.00 per 100; extra large size, \$7.50 per dozen, \$50.00 per 100.

SINENSIS NANA. (Southern Evergreen Privet) The most satisfactory for hedges for southern states where the foliage remains on all winter. Leaves are small and a beautiful green color. Nice plants, \$1.50 per dozen, \$7.50 per 100; large size, \$3.50 per dozen, \$15.00 per 100.

PRUNING AND CARE OF HEDGES. To secure a compact hedge and one of even growth, it is necessary, when the plants are first set out to prune back quite severely to an even height. This will encourage strong bottom growth, and makes the foundation of a good hedge.

Hardy Climbing Vines

AMPELOPSIS VEITCHII. (Boston Ivy) The leaves of this beautiful climber change in the fall to the most vivid autumnal tints. Thrifty plants, 25c; heavy plants, 35c; extra select plants, 50c to 75c.

ENGELMANNIA. A very desirable variety, small, dense foliage. Colors beautifully in fall. Large size, 35c; extra heavy, 50c.

QUINQUEFOLIA. (Virginia Creeper or Woodbine) Foliage assumes brilliant shades of yellow, crimson and scarlet in the fall. Large size, 35c; extra heavy, 50c.

BIGNONIA GRANDIFLORA. (Trumpet Creeper) Useful for covering unsightly places, stumps, rockwork, etc. Flowers orange-red color. Large plants, 50c; extra large, 75c.

CELASTRUS SCANDENS. (Bitter Sweet) Yellow flowers in June, followed with bright orange fruit. Large plants, 35c; extra large, 50c to 75c.

CLEMATIS PANICULATA. Most desirable and most popular vines grown and may be used with satisfactory results wherever a vine is needed. Glossy green foliage all season and a mass of small white fragrant flowers in August and September. Thrifty plants, 15c; large size, 35c; extra heavy, 50c; clumps, 75c to \$1.00 each.

VIRGINIANA. (American White Clematis) Small white flowers. Excellent for covering rough banks and bare places. Will grow in very poor soil. Field grown plants, 35c; extra large size, 50c.

LONICERA BRACHYPODA AUREA. (Japan Golden-leaved Honeysuckle) Yellow and green leaves. Valuable for covering banks, bare places, etc. Flowers creamy white. Strong plants, 25c, \$2.50 per dozen; large size, 35c, \$3.50 per dozen. Extra large, 50c each.

HALLIANA. (Hall's Japan Honeysuckle) Blooms constantly. Flowers white, changing to yellow; very fragrant. The best climber. 30c each, \$3.00 per dozen; large size, 50c, \$5.00 per dozen; extra heavy, 75c.

LYCIUM (Matrimony Vine) Numberless bright red berries in fall. 35c, \$3.50 per dozen; extra heavy, 50c.

VITIS AESTIVALIS. Strong climbing vine with large foliage and small black berries. 35c to 50c.

WISTERIA CHINENSIS. A most desirable vine which will thrive in almost any kind of soil or situation, and quite a rapid grower. Pendulous clusters of delicate violet-blue blossoms, richly perfumed. 50c; extra heavy, 75c to \$1.00 each.

ALBA. Of similar habit to Sinensis, with white flowers. 50c each; extra heavy, 75c to \$1.00 each.

Evergreen Vines

ENGLISH IVY Dark, glossy green leaves and clings firmly to stone or brick walls. Thrives best in shady position and is hardy in all localities. Nice young plants, 25c; larger size, 35c; extra large, 50c.

EUONYMUS RADICANS. Beautiful bright green foliage. Nice young plants, 15c, \$1.50 per dozen; \$10.00 per 100; larger size, 25c.

RADICANS VARIEGATED. A splendid evergreen creeping plant with pretty small foliage, beautifully variegated deep green and white. Can be kept closely clipped in same manner as box edging. Nice young plants, 15c each, \$1.50 per dozen, \$10.00 per 100; larger size, 25c.

HARDY CLIMBING SWEET PEAS This is one of the most desirable hardy climbing plants, attractive both in flower and foliage, producing clusters of large flowers the entire summer. As a porch climber or for covering fences, it is invaluable. It is perfectly hardy and will endure our severest winters. Fine mixed colors, red, white and pink. Nice thrifty field grown plants, 15c; 4 for 50c, \$1.50 per dozen; larger size, 25c, 5 for \$1.00, \$2.50 per dozen; extra large field clumps, 50c, \$5.00 per dozen.

Tender Climbing Vines

COBEA SCANDENS One of the most rapid growing climbing plants. Bears beautiful, deep, blue, bell-shaped flowers. 25c each, \$2.00 per dozen; larger, 35c.

IPOMEA GRANDIFLORA. (White Moon-flower) Satiny white flowers. 25c; large size, 35c.

VINCA VARIEGATA. Elegant low-growing trailing vine, leaves widely bordered with creamy white; always bright and pretty; extra nice for pots, vases, baskets, window boxes and rockeries. 10c each; large size, 15c; extra heavy plants, 25c.

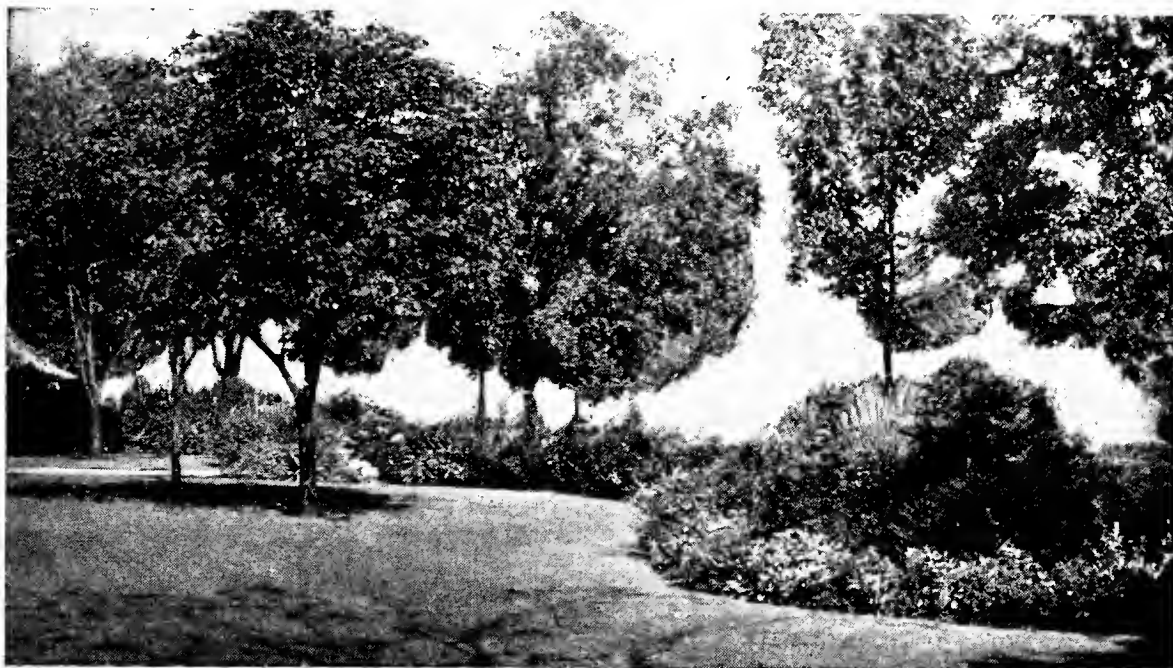

QUANTITY PRICES Six plants of any one variety at five times the single rate price, and twelve plants at ten times the single rate price.

Ornamental Shade Trees

Judicious planting of ornamental trees and shrubs enhances the value of real estate more than an equal amount of money invested in any other way. Make preparation to plant in their permanent place at the earliest date possible after receiving them. If shipment should arrive in a frozen condition do not unpack, but put in a cool place, free from frost, until perfectly thawed, when they may be unpacked and planted.

In planting make the hole wide enough so that when the tree is set out, you can spread out the roots, always avoiding as much as possible twisting and crowding the roots. Work the soil in carefully about the roots, leaving no cavities or air spaces, and pack the soil firmly.

SPECIAL NOTE—In addition to the regular sizes listed, we can supply extra choice specimens which price varies according to variety, size, compactness and shape. \$5.00 to \$25.00 each.

ACER (Maple) One of the most sturdy and desirable lawn trees. Avenues planted with them grow in grandeur each year thereafter. Our assortment and stock is fine.
CAMPESTRE. Leaves green, with small white spots. 4 to 5 feet, \$1.50; 6 to 8 feet, \$2.50.

DASYCARPUM. (Silver Maple) There is more foliage for the cost in this Maple than in any other tree. It is the best of the quick-growing trees for most soils and situations. 6 to 8 ft., \$1.00; 8 to 10 feet, \$1.50; 10 to 12 ft., \$2.00; fine specimens, \$5.00 to \$15.00 each.

NEGUNDO. (Ash-leaved Maple or Box Elder) A tall-growing tree. Retains its foliage until late, making it very desirable. 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.00; specimens, \$3.50 to \$5.00.

PLATANOIDES. (Norway Maple) Large deep green leaves. One of the best for general planting. 8 to 10 ft., \$2.00; 10 to 12 ft., \$2.50; specimens, \$7.50 to \$15.00 each.

PSEUDO PLATANUS. (Sycamore leaved Maple) Foliage deep green on upper surface and purplish-red underneath. 8 to 10 ft., \$2.00; 10 to 12 ft., \$2.50.

REITENBACHI. A beautiful and striking variety because of its rich changing foliage; decidedly purple. 8 to 10 ft., \$3.00; 10 to 12 ft., \$4.00.

RUBRUM. (Red or Scarlet Maple) Foliage bright scarlet in autumn. 4 to 6 ft., \$1.50 to \$2.00; 7 to 8 ft., \$3.00 to \$4.00 each.

SACCHARUM. (Sugar Maple) Used for shade on lawn or park plantings. 8 to 10 ft., \$2.50; 10 to 12 ft., \$3.00.

SCHWEDLERI. (Purple-leaved Maple) Leaves bright purplish crimson which changes to purplish-green. 6 to 8 ft., \$2.50; 8 to 10 ft., \$3.00; 10 to 12 ft., \$4.50 to \$5.00 each.

WIERI LACINIATUM. (Wier's Cut-leaved Maple) A very beautiful specimen tree, with delicately cut leaves and distinct half-drooping habit. The leader grows rapidly upright, the slender lateral branches curve gracefully downward. Of noble proportions when undisturbed, yet patient under considerable pruning. 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.50; heavy specimens, \$5.00 to \$15.00.

AESCULUS HIPPOCASTANUM. (Horse Chestnut) Double white flowered. 6 to 8 ft., \$2.00; 8 to 10 ft., \$2.50 to \$3.50.

ALNUS GLUTINOSA. (European or Common Alder) Foliage roundish, wedge-shaped, wavy. Remarkably quick in growth. 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.50; 12 to 14 ft., \$3.50.

INCANA. (Gray colored Alder) 8 to 12 ft., \$2.00 to \$3.00.

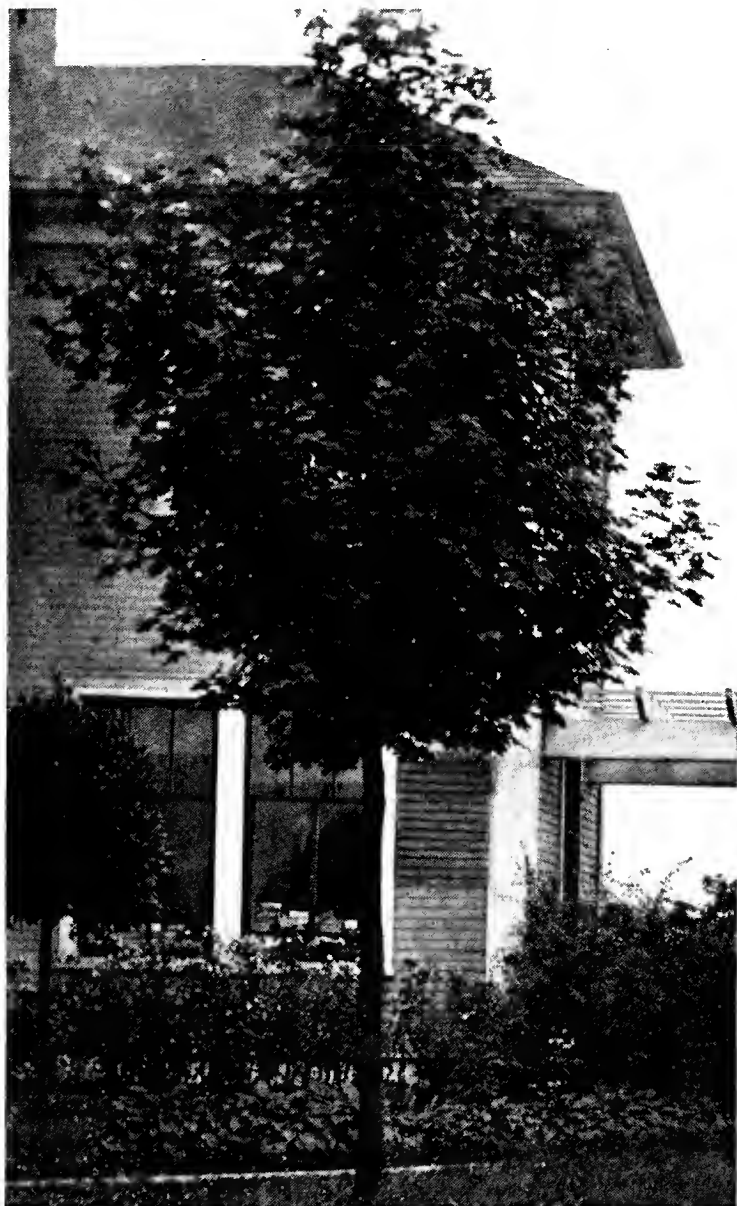

ARALIA SPINOSA. (Hercules' Club) A showy native, with broad, handsome cut leaves and huge clusters of small white flowers in July. Its winter effect is unique and handsome. 4 to 6 ft., 75c; 6 to 8 ft., \$1.00; 8 to 10 ft., \$2.00; 10 to 12 ft., \$3.00.

BETULA ALBA. (European White Birch) Of rapid growth, attractive foliage and beautiful, silvery-white bark. Droops a little. 6 to 8 ft., \$2.00 to \$2.50; 8 to 10 ft., \$3.00; heavy specimens, \$3.50 to \$5.00.

ALBA LACINATA PENDULA. (Weeping Cut Leaf Birch) One of the most elegant of all weeping trees, silvery white bark, delicately cut foliage. Nice trees, 5 to 6 ft., \$2.00; larger, \$3.00.

PAPYRIFERA. (Paper or Canoe Birch) A native of America; forms a large tree; bark brilliant white, leaves large and handsome. 8 to 10 ft., \$2.50; 10 to 12 ft., \$3.50 to \$5.00.

PYRAMIDALIS. Columnar habit. Similar to the Lombardy Poplar. 8 to 10 ft., \$2.50; 10 to 12 ft., \$3.50 to \$5.00.

Specimen Acer (Maple)

ORNAMENTAL SHADE TREES

(Continued)

CATALPA BUNGEI. (Umbrella Tree) A small species forming a tree clothed with a dense mass of large, heart shaped leaves; flourishes in all soils. It is grafted on stems from 6 to 8 feet high. It makes a handsome standard tree; very dense, symmetrical head. 1 to 2 yr. heads, \$2.00 to \$2.50; specimens, \$3.00 to \$5.00 each.

SPECIOSA. One of the most rapid growing trees. Large panicles of white flowers and very ornamental. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50; 10 to 12 ft., \$3.00; extra heavy specimens, \$4.00 to \$7.50.

CERASUS PADUS. (European Cherry) Pure white flowers followed by black fruit. Heavy specimens, 10 to 12 ft., \$2.50.

CERSIS (Judas Tree) (Red Bud) Reddish-purple flowers. 4 to 5 ft., \$1.00; 6 to 8 ft., \$1.50 to \$2.00.

CRATAEGUS OXYACANTHA. Alba Flore Pleno. (Double White Hawthorne) When in bloom a mass of clustered double, white blossoms. This is the famous May Thorn of English gardens; spreading branches and stout spines. Very handsome. 5 to 6 ft., \$1.50 to \$2.00.

CYPRESS. Deciduous, see Taxodium.

EUONYMUS EUROPAEUS. A small tree of vigorous growth. Foliage is broad and deep green, turning to crimson in the fall. The flowers are followed by orange-scarlet fruits. 3 to 4 ft., 75c; 5 to 6 ft., \$1.00 to \$1.50.

FAGUS (Beech) These trees because of their elegant habit and delicate tracery of foliage, adapt themselves to the most ornamental situation. They transplant well with a ball of earth (as we handle them) and may be used for any purpose.

ASPLENIFOLIA HETEROPHYLLA. (Fern-leaved Beech) Leaves deeply divided. 3 to 6 ft., \$3.50 to \$5.00; 7 to 8 ft. specimens, \$6.00 to \$8.00.

RIVERSI. (River's Purple Beech) Leaves very dark purple. 4 to 6 ft., \$3.50 to \$5.00; 6 to 8 ft. specimens, \$6.00 to \$8.00.

SYLVATICA. (European Beech) A compact, long-lived tree having dense, dark green foliage. 3 to 5 ft., \$2.50 to \$3.00; 6 to 8 ft., \$4.00 to \$6.00.

FRAXINUS AMERICANA. (Ash) A rapid growing long-lived tree of fine proportions and a very desirable lawn tree. 8 to 10 ft., \$2.00; 10 to 12 ft., \$3.00; extra large specimens, \$5.00 to \$7.50.

EXCELSIOR. A lofty tree with handsome foliage. 6 to 8 ft., \$1.50 to \$2.00; 12 to 14 ft., \$3.50 to \$5.00.

GYMNOCLADUS CANADENSIS. (Kentucky Coffee Tree) Feathery foliage. 6 to 8 ft., \$1.00 to \$1.25; 10 to 12 ft., \$2.50 to \$3.50.

JUGLANS SIEBOLDIANA. (Japanese Walnut) Perfectly hardy, very ornamental. 4 to 5 ft., \$2.00 to \$2.50; 6 to 8 ft., \$3.00 to \$4.00.

KOELREUTERIA PANICULATA. (Japanese Varnish Tree) Small attractive tree, covered with yellow flowers. 6 to 8 ft., \$2.50 to \$3.50.

LARIX EUROPAEA. (Larch) A conifer with deciduous needle-like foliage. 5 to 7 ft., \$2.00 to \$2.50; 8 to 10 ft., \$3.00 to \$5.00.

LIQUIDAMBAR (Sweet Gum) Glossy green foliage changing to bright red. (Shipped with ball of earth) 7 to 8 ft., \$3.00 to \$4.00 each; 8 to 10 ft., \$5.00 to \$7.50.

LIRIODENDRON (Tulip Tree) Foliage dark green; creamy yellow flowers. 6 to 8 ft., \$2.00; specimens, \$4.00 to \$6.00.

MAGNOLIA SOULANGEANA. Flowers large, white tinged purple. All dug with ball of earth. 3 ft., \$7.50; specimens, \$10.00 to \$12.00 each.

STELLATA. Semi-double white star-like flowers. 2 to 3 ft., \$7.50 to \$9.00; specimens, \$10.00 to \$12.00. Dug with ball of earth.

ACCUMINATA. Large growing tree with pale yellow flowers. 4 to 5 ft., \$1.50; 6 to 8 ft., \$2.50 to \$3.00.

MORUS ALBA TARTARICA. (Russian Mulberry) A very hardy and low-growing type. 6 to 8 ft., \$2.00; 10 to 12 ft., \$2.50 to \$5.00.

PLATANUS OCCIDENTALIS. (American Plane) Broad-spreading round-topped, massive and picturesque. Very effective in winter when its branches show almost as white as birch, and its mottled trunk of gray, green and brown is revealed. 8 to 10 ft., \$2.00; 10 to 12 ft., \$3.00 to \$4.00; specimens, \$5.00 to \$7.50 each.

ORIENTALIS. (Orientalis Plane) (Sycamore) One of the oldest and best trees for street and avenue planting. A lofty, wide-spreading tree, with large leathery, clear-cut leaves that turn yellow in fall. 8 to 10 ft., \$2.00; 10 to 12 ft., \$3.00 to \$4.00; specimens, \$5.00 to \$7.50 each.

POULUS ALBA BOLLEANA. Similar to the well known Lombardy. Its leaves are glossy green above, silvery beneath. 5 to 6 ft., \$1.00 to \$1.50; 8 to 10 ft., \$2.00 to \$3.00; specimens, \$4.00 to \$6.00.

MONILIFERA. (Carolina Poplar) Unexcelled for quick growth and effect, its rapid growth giving an air of luxuriance in places where other trees appear starved. Showy and cheery from the constant movement of its glossy, silver-lined leaves, yet always casting a dense, cool shade. 4 to 5 ft., 50c; 6 to 8 ft., \$1.00; 10 to 12 ft., \$2.00; specimens, \$5.00 to \$7.50 each.

NIGRA, OR ITALICA. (P. fastigiata) (Lombardy, or Italian Poplar) Of obelisk form, growing rapidly to a tall spire. Forms striking lawn groups, and is much used for tall screens. Always makes a striking feature in any landscape. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.00; specimens, \$5.00 to \$7.50 each.

Fagus Riversi (Purple Beech)
An excellent lawn tree of fine proportions.

Platanus (Sycamore)

ORNAMENTAL SHADE TREES

(Continued)

PTELEA TRIFOLIATA. (Hop Tree) (D) A round-headed, loosely branched tree with numerous clusters of light green fruit pods. Prefers a shaded position and moist soil. 4 to 6 ft., \$1.00 to \$2.50.

PYRUS AUGUSTIFOLIA. (Bechtel's Flowering Crab) Double rose-like flowers of a delicate pink color. 4 to 5 ft., \$2.50 to \$3.50; 6 to 8 ft., \$5.00 to \$7.50.

FLORIBUNDA. (Flowering Crab) A large shrub or small tree, with rose-red flowers borne in great profusion in May. The fruit is red and very small, on long stems. 4 to 5 ft., \$2.00 to \$3.50; heavy specimens, \$5.00 to \$7.50 each.

QUERCUS COCCINEA. (Scarlet Oak) Foliage purplish crimson in autumn. 6 to 8 ft., \$2.50 to \$3.00; 8 to 10 ft., \$3.50 to \$4.00; 10 to 12 ft., \$5.00 to \$7.00.

PALUSTRIS. (Pin Oak) The most beautiful of all oaks and most satisfactory for general planting. 6 to 8 ft., \$1.50 to \$2.00; 8 to 10 ft., \$2.50 to \$3.00; 10 to 12 ft., \$3.50 to \$4.00; specimens, \$7.50 to \$10.00.

ROBUR. (English Oak) Massive spreading nature. 6 to 8 ft., \$3.00 to \$4.00; 8 to 10 ft., \$5.00 to \$6.00.

RUBRA. (Red Oak) Foliage changes to bronze-red in autumn. 6 to 8 ft., \$3.00 to \$4.00; 8 to 10 ft., \$5.00 to \$7.00.

SALISBURIA ADIANTIFOLIA. (Ginkgo or Maiden Hair Tree) Fern like foliage resembling Maiden Hair Fern. 8 to 10 ft., \$2.50.

SALIX (Willows) This species of trees do best planted in low, moist soils, along the banks of streams or ponds, and where low-branching trees are desired. We offer the following varieties in bushy plants branched from the ground. We can supply most varieties in standard or tree form if desired.

BABYLONICA. (Weeping) Branches drooping gracefully. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00.

PENTANDRA. (Laurel-leaved Willow) Dark green, glossy leaves. 5 to 6 ft., \$1.00 to \$1.50.

VITELLINA AUREA. Highly effective with its golden bark and drooping branches. 6 to 8 ft., \$1.00 to \$1.50.

SORBUS AUCUPARIA. (European Mountain Ash) Orange-colored berries midsummer until frost. 6 to 8 ft., \$1.25 to \$1.50; 8 to 10 ft., \$3.00 to \$4.00.

AUCUPARIA PENDULA. (Weeping Mountain Ash) Slender drooping branches and bright red berries. 2 to 3 yr. heads, \$2.50 to \$3.50.

SOPHORA JAPONICA. (Japan Pagoda Tree) Small, shining leaves. Clusters of showy white flowers. 3 to 5 ft., \$1.50 to \$2.50.

JAPONICA PENDULA. (Weeping Sophora) Long, drooping branches. 5 to 6 ft., good heads, \$2.50 to \$3.50.

TAXODIUM (Deciduous Cypress) **DISTICHUM.** The famous Southern or Bald Cypress is perfectly hardy even in the North, and grows well on dry or wet soil. It is a most beautiful and stately tree, pyramidal in shape. 4 to 6 ft., \$3.00; 6 to 8 ft., \$5.00; 8 to 10 ft., \$8.00 to \$10.00. All dug with ball of earth.

Ulmus (Elm)

The most satisfactory tree for general planting, lawns, avenues, or anywhere.

TILIA AMERICANA. Splendid form, large stature. Rapid growing and hardy tree affording a dense shade. 6 to 8 ft., \$2.00 to \$2.50; 10 to 12 ft., \$3.00 to \$4.00; heavy specimens, \$5.00 to \$10.00.

EUROPEAN. Fine symmetrical habit; has large, glossy, deep green leaves. Fine for lawn. A little more compact than the American. 6 to 8 ft., \$2.50 to \$3.00; 8 to 10 ft., \$3.50; heavy specimens, \$5.00 to \$10.00.

ULMUS AMERICANA. (Elm) No finer tree grown. Good for avenue or suburban planting. Forms a vase-shaped tree, with irregularly shaped leaves. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.00; specimens, \$3.00 to \$15.00.

CAMPESTRIS. (English Elm) Desirable for lawn or landscape. 8 to 10 ft., \$2.00; 10 to 12 ft., \$2.50 to \$3.00; specimens, \$5.00 to \$7.50.

LATIFOLIA. The best for street and avenue planting; large leaves; compact and upright in habit. Golden in autumn. 8 to 10 ft., \$2.00 to \$2.50; 10 to 12 ft., \$3.00 to \$3.50.

PLUMOSA PYRAMIDALIS. An elegant, pyramidal-growing Elm. Rare. 10 to 12 ft., \$3.50 to \$5.00; specimens, \$6.00 to \$10.00.

SCABRA PENDULA. (Camperdown Weeping Elm) A picturesque form. Heavy specimens, \$15.00 to \$25.00 each.

Quercus (Oak)

Brunswick, Maine.

Gentlemen: My order of trees arrived the other day and I am more than pleased with them, and you will receive orders from me in future years.

They were the best I ever saw sent from any Nursery. The rose bushes also arrived in fine shape and the leaves did not even wilt in transit or when I set them out.

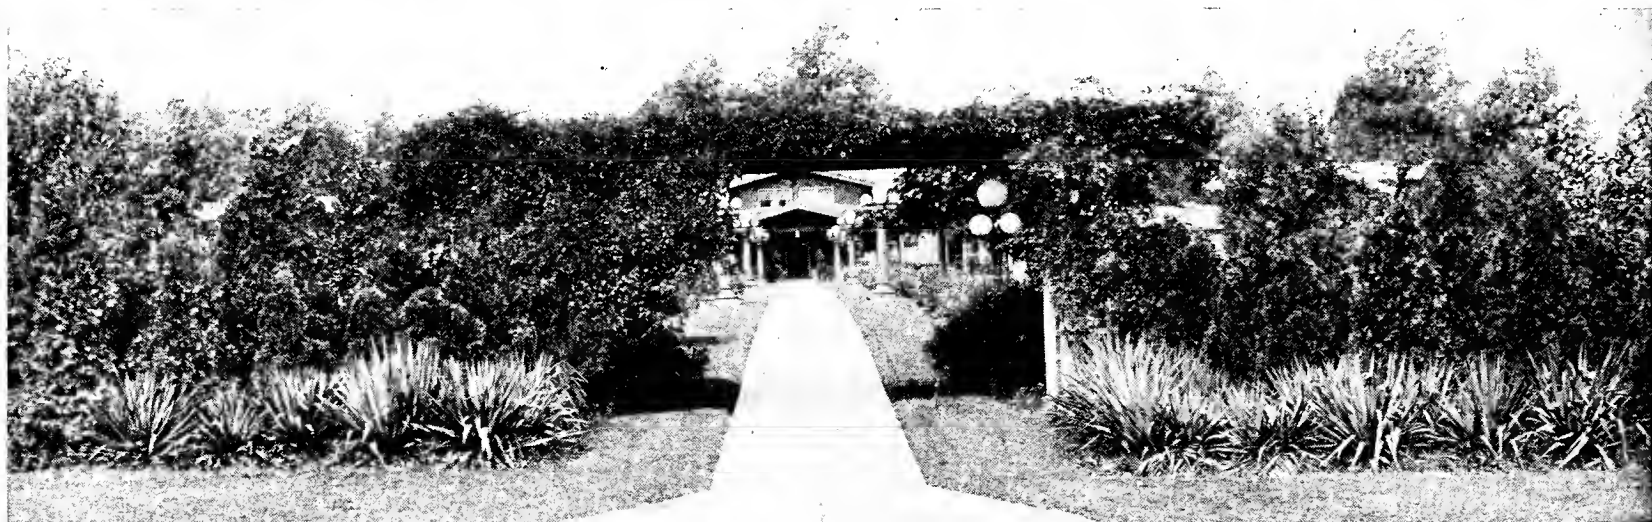

Thanking you for the extra good treatment I was given, I am,

Yours truly, H. N. Skolfield.

Ivy Depot, Virginia.

Gentlemen: The trees came in fine condition; they were beautifully packed, not a twig broken and I thank you very much and wish I had sent my whole order to you this spring; the express is a good deal but it pays in the end to get from a careful nursery.

Yours very truly, Mrs. H. G. White.

Note the effect in this picture obtained with Evergreen Trees in background and the hardy Evergreen Yuccas as an edging. The Yuccas flower abundantly in spring and with their bluish foliage make a fine contrast. Yuccas listed on page 17 where pictured in full bloom.

Hardy Ornamental Evergreens---Conifers

Wagner Park Evergreens have been several times transplanted. They are shipped to you with ball of earth and an abundance of roots, carefully burlapped.

From out the thousands of specimens of all sizes and shapes that adorn the landscape at Wagner Park, there can easily be selected trees, bushes and shrubbery that will furnish the desired background for any home, park or public ground. The prices are altogether moderate. We list here only the choicest and most hardy varieties.

ABIES BALSAMEA. (Balsam Fir) An ornamental native of our forests that is very hardy; has dark green needles of pleasant fragrance; grows rapidly when young and does well in moist soils. 4 to 5 ft., \$5.00 to \$7.00 each; 3 to 4 ft., \$3.50 to \$4.00.

CONCOLOR. (Colorado Silver Fir) 30 to 40 feet. A beautiful and graceful evergreen with soft, silvery-green foliage. Very symmetrical in form. 1½ to 2 ft., \$5.00 to \$6.00; 3 to 4 ft., \$7.50 to \$10.00.

NORDMANNIANA. (Nordman's Fir) This massive Fir, from the Crimean Mountains, is of symmetrical form, vigorous and quite hardy. Its foliage is massive, dark green shining above and slightly glaucous below, rendering it a very handsome tree throughout the year, considered here and in Europe as one of the finest of Firs. 2 to 3 ft., \$4.00 to \$5.00; 3 to 4 ft., \$7.00 to \$10.00 each.

JUNIPERUS CANNARTI. Pyramidal compact habit, silvery foliage. 2 to 3 ft., \$5.00 to \$7.00; 3 to 4 ft., \$7.00 to \$9.00.

GLAUCA. (Blue Virginia Cedar) Throughout the year the leaves are a rich silvery blue. Very handsome and effective. 1½ to 2 ft., \$5.00; 2 to 3 ft., \$6.00 to \$8.00; 3 to 4 ft., \$8.00 to \$10.00.

PFITZERIANA. Very graceful and one of the hardiest varieties. 1 to 1½ ft., \$3.00 to \$5.00; 2 to 2½ ft., \$7.00 to \$10.00.

VIRGINIANA. (Red Cedar) Is always popular and can be used ornamentally in a number of ways, thriving well and making a fine appearance in soil or situations where other trees will not grow. 2 to 3 ft., \$3.00 to \$4.00; 4 to 5 ft., \$5.00 to \$7.50 each.

PINUS AUSTRIACA. (Austrian Pine) A tall, massive tree with spreading branches heavily plumed with long, stiff, dark-green needles. A useful species along the coast, and grows equally well inland. Popular for groupings or as specimens. 2 to 3 ft., \$3.00; 3 to 4 ft., \$5.00 to \$7.00.

BANKSIANA. (Jack Pine) Strong grower and hardy. 3 to 4 ft., \$2.00 to \$3.00; 6 to 8 ft., \$5.00 to \$7.00.

MUGHUS. (Mugho Pine) This unique alpine species forms a dark dome-shaped bush, broader than its height and sometimes almost prostrate. Suitable for lawn specimens or evergreen groups, terraces, rockeries, and seaside plantings. 1½ to 2 ft., \$3.00 to \$4.00; 2 to 2½ ft., \$5.00 to \$7.50.

SYLVESTRIS. (Scotch Pine) A strong grower with spreading branches and short, stiff, bluish-green needles. Its rapid growth makes it suited for temporary effects, though it is by no means to be despised for permanent ones. Splendid for mass plantings, screens, shelter belts, and seashore uses. 2 to 3 ft., \$2.50 to \$3.00; 3 to 4 ft., \$4.00 to \$5.00.

Dallas, Texas.

Gentlemen: The stock came in good shape. Many thanks for your prompt and careful attention to same. I have never seen more beautiful stock anywhere than those grown by the Wagner Nursery Co.

Respectfully, M. A. S.

Special Note Our soil is especially adapted to digging our Evergreens with a ball of earth, leaving the roots undisturbed, thus assuring successful transplanting at almost any season of the year. For those who cannot personally visit Wagner Park and see the glorious profusion of foliage, the inexhaustible variety of color tones, the graduations of shade between the dark green of some varieties and the bluish tints of other species of evergreens, the service of our Landscape Artists will prove especially helpful. We can select trees and shrubs, conifers and deciduous plants that will answer all the utilitarian purposes of windbreaks, border planting, shade production, and screens for unsightly vistas, no less than those purely aesthetic considerations of garden, lawn and terrace adornment.

HARDY ORNAMENTAL EVERGREENS

(Continued)

Chicago, Ill.

Gentlemen: The shipment of stock came Monday. I certainly am delighted with everything in this order. I expected nothing so fine for the money. Thanking you most kindly for services rendered, I am,
Very respectfully, Mrs. L. Clouse.

Marathon, Ohio.

Gentlemen: The Evergreens were surely beauties and I thank you very much for your efforts and pains. However, I always get good stock of Wagner Nursery. I am sort of a crank on evergreens. I surely do love them. Again thanking you, I remain, Dr. T. W. N.

An Attractive Planting of Evergreens

PICEA ALBA. (White Spruce) One of the very best conifers, especially for cold climates. Compact, upright-growing, long-lived, retaining its branches to the ground, aromatic, drought-resisting; varies in color from light green to glaucous blue. 2 to 3 ft., \$4.00; 3 to 4 ft., \$5.00 to \$6.00.

EXCELSA. (Norway Spruce) This, our common spruce, embraces more desirable features than any of the others. It is rapid growing, does well in moist soil and withstands the bleak and cold winds of winter. \$1.00; 2 to 3 ft., \$1.50; 4 to 5 ft., \$3.50; 6 to 7 ft., \$10.00; 8 to 10 ft., \$15.00.

EXCELSA INVERSA. (Weeping Norway Spruce) A very remarkable form. 4 to 5 ft., \$5.00 to \$7.50; 6 to 8 ft., \$8.00 to \$12.00 each.

EXCELSA ELEGANTLISSIMA. A very fine variety. Specimens, 8 ft., \$7.00 to \$10.00.

PUNGENS GLAUCA KOSTERIANA. (Koster's Blue Spruce) This is the most beautiful of the evergreen family. The rich, silvery-blue coloring of the foliage is a rare bestowal of Nature and one she has saved for these grand trees. It will withstand the coldest climate, is a vigorous grower, and will do well in any locality. For color effect nothing equals this beautiful variety. 1½ to 2 ft., \$5.00; 2 to 2½ ft., \$10.00 to \$12.00; 3 to 3½ ft., \$15.00 to \$17.50; larger specimens, prices on application.

PUNGENS GLAUCA. (Colorado Blue Spruce) The original form of the new famous Colorado Blue Spruce. The foliage of this tree is quite blue. It is a strong, hardy grower in any soil. 2 to 3 ft., \$7.50 to \$9.00; 3 to 4 ft., \$10.00 to \$15.00.

RETINISPORA PLUMOSA. Main stems erect but side shoots assume a plume-like arrangement. The branches are slender and pliable, imparting a feathery appearance. Delicate, glaucous foliage. 1 to 1½ ft., \$3.00 to \$4.00; 2 to 2½ ft., \$5.00 to \$7.00.

PLUMOSA AUREA. (Golden Japan Cypress) One of the few really golden evergreens. The color of the young growths contrasts strongly with the darker shades of the older foliage. Striking and useful in many ways. 1 to 1½ ft., \$3.00 to \$4.00; 2 to 2½ ft., \$5.00 to \$7.00.

Showing how our Evergreens are handled without disturbing the roots.

THUYA ELLWANGERIANA. (Tom Thumb) In many respects it is similar to the Retinispora, and seems to be the connecting link between Arbor-Vitae and that family. 8 to 12 in., \$1.00; 1 to 1½ ft., \$2.50 to \$3.00; 2 ft., \$4.00 to \$5.00.

GLOBOSA. (Globe Arbor-Vitae) A low compact form with bright green foliage. 1 ft., \$2.00; 1½ to 2 ft., \$3.00 to \$5.00.

OCCIDENTALIS. (American Arbor-Vitae) Strong vigorous grower. Its upright slender growth makes it desirable for formal planting and for variety in grouping. Its ability to withstand shearing makes it unsurpassed for hedges. 1½ to 2 ft., \$1.00; 2 to 3 ft., \$1.50; 3 to 4 ft., \$2.00 to \$3.00; 4 to 5 ft., \$3.50 to \$4.00.

ORIENTALIS. (Biota) (Chinese Arbor-Vitae) Excellent for hedges. Bushy and upright in growth and very attractive foliage arranged in flat, vertical leaves. 1½ to 2 ft., \$1.00; 2 to 3 ft., \$1.50 to \$2.00; 3 to 4 ft., \$2.50 to \$3.00.

PYRAMIDALIS. (Pyramidal Arbor-Vitae) Its compact slender column of dark green is ornamental as a lawn specimen for backgrounds and in groupings. 1½ to 2 ft., \$1.50; 2 to 3 ft., \$2.00 to \$2.50; 3½ to 4 ft., \$4.00 to \$5.00.

SIBERICA. (Siberian Arbor-Vitae) Globular shape, handsome and hardy. 12 to 15 in., \$1.50 to \$2.00; 1½ to 2 ft., \$2.50 to \$3.00; 2 to 2½ ft., \$4.00 to \$6.00.

TSUGA CANADENSIS. (Hemlock Spruce) A medium sized tree with pendulous branches whose graceful character is in striking contrast to some of the formal conifers. This is a rapid grower and very hardy. 1½ to 2 ft., \$2.00; 2 to 3 ft., \$3.00 to \$4.00; 3 to 4 ft., \$5.00 to \$7.50.

EVERGREEN SHRUBS

HOW TO GROW RHODODENDRONS AND KALMIAS. Rhododendrons and Kalmias grow naturally in shady situations, are surface feeders, and this should be taken into consideration when preparing the place for the plants. A northern exposure should be chosen, and where there is shade much of the day. Soil should be a mixture of leaf-mould, swamp peat, muck or field sods, also sand. Mulch in summer with leaves or other material and keep plants at all times supplied with moisture. In winter the plants should be protected with straw or other covering, particularly where exposed to the sun. Winter sun on the frozen leaves often spoils the foliage of Rhododendrons and Kalmias.

RHODODENDRON CATAWBIENSE. Of compact growth with dark green foliage and masses of rose-pink flowers in great clusters in June. Heavy plants, 15 to 20 in., \$5.00 each; extra heavy plants, 20 to 24 in., \$7.50 each.

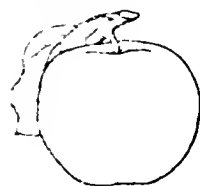

MAXIMUM. Taller growing and has larger leaves than Catawbiense. Blossoms are white-tinged pink and appear in large trusses in July, being the latest of all Rhododendrons. Will stand more exposure than any other variety. Heavy plants, 18 to 24 in., \$5.00; extra heavy plants, 24 to 30 in., \$7.50 each.

KALMIA LATIFOLIA. (Mountain Laurel) One of the grandest of our native evergreen shrubs. Flowers are wheel-shaped and set in close corymbus on the ends of the stem, pure white to pink, and appear in May or June. Heavy plants, 15 to 20 in., \$3.50; extra heavy plants, 20 to 24 in., \$5.00 each.

MAHONIA AQUIFOLIA. The richness of the glossy leaves gives the Mahonia great popularity for ornamental planting. Yellow flowers followed by blue berries for winter decoration. Its upper leaves are bronzed to red in the winter. Nice plants, 75c; large size, \$1.00; extra large, \$1.50 to \$2.00 each.

Fruit Department

No home grounds are complete without at least a few fruit trees. Nothing is more beautiful in early spring than a fruit tree full of bloom, besides the great satisfaction derived from picking fine, ripe fruit from trees in your own yard. Our list of varieties is somewhat limited but all offered below is the very choicest and best for general planting. One dozen trees or plants of any single variety listed on this page may be ordered at ten times the single rate price.

APPLES—Early Varieties

- EARLY HARVEST**—Medium, pale yellow, tender, juicy.
RED ASTRACHAN—Large, beautiful, deep crimson, good cooker.
YELLOW TRANSPARENT—Earliest and best; white tender, juicy, sprightly, sub-acid.

APPLES—Late Varieties

- BALDWIN**—Large, bright red, crisp, juicy, rich.
BEN DAVIS—Large, handsome, striped, valuable.
BISMARCK—Handsome, yellow, sometimes shaded red; red cheek.
GOLDEN RUSSET—Medium, dull russet, crisp, juicy.
JONATHAN—Beautiful red, juicy, tender, excellent quality.
NORTHWESTERN GREENING—Hardy, yellow, rich, of good size, extra long keeper.
ROME! BEAUTY—Large, yellow, shaded red; tender, juicy, sub-acid.
WAGNER—Good size, deep red in the sun; flesh firm, sub-acid, excellent.
WHITE PIPPIN—Large, yellow, tender, sub-acid; good grower and keeper.
 All varieties apples, 5 to 7 ft. trees, \$1.00 each; extra select trees, \$1.25 each.

CRAB APPLES

- HYSLOP**—Large, deep crimson; one of the most beautiful of Crabs; very popular.
TRANSCENDENT—Immensely productive, bright red, one of the most popular.
 All varieties crab apples, 4 to 6 ft. trees, \$1.00; extra select trees, \$1.50 each.

CHERRIES

- BALDWIN**—Large, round, slightly sub-acid, sweet and rich.
EARLY RICHMOND—Medium, dark red, melting, juicy, sprightly, rich acid.
ENGLISH MORELLO—Fair size, blackish red, rich acid, juicy, good.
MAY DUKE—Large, red, juicy, rich. Very fine.
MONTMORENCY—Large, red, productive, ten days later than early Richmond.
NAPOLEON—Large, pale yellow or red; firm, juicy, sweet and productive.
WINDSOR—Fruit large, remarkably firm and of fine quality. A late variety.
 All varieties cherries, 5 to 7 ft. trees, \$1.25 each; extra select trees, \$1.50 each.

GRAPES

2-year No. 1 Stock

- CONCORD**—The well known black grape, succeeds wherever grapes will grow. 35c.
CATAWBA—Berries large, round; when fully ripe of a copper red color. 35c.
DIAMOND—The leading early white grape. White, with rich, yellow tinge. 50c.
EARLY OHIO—Very early, hardy, and productive. 40c.
WILDER—Black bunch and berry, very large and round. 50c.
WORDEN—A splendid black grape. Vine vigorous, hardy and productive, 50c.

PEARS—Early Varieties

- BARTLETT**—Large, buttery, juicy, high-flavored, great bearer; very popular.
CLAPP'S FAVORITE—Very large, yellow and dull red, with russet specks, melting, rich.

PEARS—Late Varieties

- FLEMISH**—Large, juicy, rich; one of the hardest.
KEIFER—Its large size and handsome appearance make it exceedingly profitable for market.
WORDEN-SECKEL—(New) Very fine and productive.
 All varieties Pears, 5 to 7 ft. trees, \$1.25; extra select trees, \$1.50.

PEACHES

- CRAWFORD'S EARLY**—A magnificent large yellow peach of good quality.
ELBERTA—Large, yellow, with red cheek; flesh yellow, firm, juicy.
LEMON FREE—Lemon-shaped and color, large size.
 All varieties Peaches, 4 to 5 ft. trees, 75c; extra select trees, \$1.00.

PLUMS

- ABUNDANCE**—Fruit large, lemon yellow, with heavy bloom; good quality.
BURBANK—The best and most profitable for the market.
DIAMOND—A large, magnificent plum. Dark purple; beautiful bloom.
LOMBARD—Medium, violet, red, juicy, good, hardy and productive.
 All varieties Plums, 5 to 7 ft. trees, \$1.50; extra select trees, \$1.75.

BLACKBERRIES

2-year No. 1 Stock

- ELDORADO**—Fine, large clusters. Very hardy.
RATHBUN—A very fine, large variety.
 Both varieties, 25c; \$2.50 per dozen.

RASPBERRIES

2-year No. 1 Stock

- CUMBERLAND**—The best black, very large.
GOLDEN QUEEN—The best yellowish white.
KING—The best large red.
 All varieties, 15c each; \$1.50 per dozen.

DEWBERRIES

2-year No. 1 Stock

- LUCRETIA**—The largest and best variety. 15c each; \$1.50 per dozen.

STRAWBERRIES

No. 1 Select Stock

- SENATOR DUNLAP**—The best grower and free bearing. 50c per dozen, \$2.50 per 100.

SOME CHOICE BEDDING PLANTS

ANTIRRHINUM SNAP DRAGON. Popular plants for bedding and of special value for cutting. The stock we offer has been grown from a select strain. Any variety. Nice thrifty plants, 10c each, \$1.00 per dozen; larger size, 15c, \$1.50 per dozen.

Daphne. Soft rose-pink.
Golden Queen. Rich, pure yellow.
Firebrand. Rich, deep red, fine.
Mont Blanc. Pure white, flowers.

Nothing equals
Snap Dragons
 for continuous
 summer flowers.

Mixed colors, 75c per dozen, \$5.00 per 100; larger size, \$1.00 per dozen, \$7.00 per 100.

COLEUS

Are almost indispensable where beds of brilliant foliage are wanted. Also used for edging and ribbon beds.

BRILLIANT RED. 15c; \$1.25 per dozen, \$8.00 per 100; larger, 20c, \$1.50 per dozen, \$10.00 per 100.

GOLDEN BEDDER. Fine yellow, clear and distinct. 15c, \$1.25 per dozen, \$8.00 per 100; larger size, 20c, \$1.50 per dozen, \$10.00 per 100.

VARIEGATA. Leaves beautifully mottled. 10c, \$1.00 per dozen, \$6.00 per 100; larger size, 15c, \$1.25 per dozen, \$8.00 per 100.

FUCHSIAS Well known favorites for planting out in partially shaded positions during the summer or for early spring-flowering in the window or greenhouse.

BLACK PRINCE—Bright, waxy carmine sepals and pink corolla. 15c; \$1.50 per dozen; larger, 25c to 35c each.

SALVIA BONFIRE. (Scarlet Sage) This is one of the finest of the showy summer flowering plants. Its erect spikes of brilliant scarlet flowers stand clear above the dark green foliage and completely cover the plants. 10c, \$1.00 per dozen, \$7.00 per 100; larger, 15c, \$1.50 per dozen, \$10.00 per 100.

HYDRANGEAS Especially desirable for pot growing; may also be planted in open ground but should be brought indoors for winter except in mild climates.

OTAKSA. The old time favorite and always popular. Large heads of light pink flowers.

MME. MOILLERE. The favorite white variety. Very free flowering, of good size and form.

BOQUET ROSE. Rosy-amber turning to pink.

PRICES: All three varieties, nice thrifty plants, 25c each, \$2.50 per dozen; larger size, 50c; extra size, 75c to \$1.00 each.

Wagner Park Lilly Cannas

The Finest Stock Possible to Produce

Visitors are invariably enthused at the beauty and size of Wagner Park Cannas with wide, arching leaves and stiff stalks of flaming flowers growing like torches above their noble foliage. The effectiveness is not confined to only a few weeks display, but being exuberant in growth, a bed of Cannas soon become attractive after planting and each day thereafter adds to its beauty.

Cannas should not be planted out-of-doors until after all danger of frost is over. They may be planted as late as June, but the earlier planted, the better the results. The most practical way to care for the roots over winter is to take up the clumps after the first killing frost, leaving some earth adhere to the roots. Place them in a dry cellar where frost will not penetrate. Do not allow the roots to become too dry or tubers will wither, but care should be taken that they are not too moist to allow mildewing. In spring the bulbs can be started in sand in the house, if kept moist, or can be planted in the open ground as soon as all danger of frost is over. Our stock is so handled that immediate results and effects may be obtained.

Wagner Cannas Are Remarkably Free Flowering and Attractive

A Wagner Canna Bed 10 Feet Across For Only

5 King Humbert for center. Next row, 12 Chas. Henderson. For edge,
 20 Madam Crozy. For border, 50 Red Coleus. 87 Plants for ONLY

\$7⁵⁰

CHAS. HENDERSON. Medium grower. The standard of all crimson cannas. Bright crimson flowers, with pencilings of golden yellow at center. An excellent variety for general planting, sure to give satisfaction. 15c each, \$1.50 per dozen.

DUKE OF MARLBOROUGH. Medium height; the darkest Canna grown. One of the most erect, handsome plants, with fine metallic-green foliage. Flowers, deep crimson-maroon. 25c, \$2.50 per dozen.

DAVID HARUM. Medium height; dark bronze foliage. Strong grower and one of the finest blooming Cannas. Flowers of large size with well rounded petals. Color is a bright vermillion-scarlet, dotted with crimson spots. 15c, \$1.50 per dozen.

FIREFLAME. Medium height; beautiful green foliage. Deep crimson flowers. 25c, \$2.50 per dozen.

FLORENCE VAUGHN. Medium height; brilliant yellow, spotted with red. 25c, \$2.50 per dozen.

GIGANTEA. Tall grower. This variety makes a luxuriant growth and the foliage is a good green color. Flowers are medium size and are of orange-yellow color. 25c each, \$2.00 per dozen.

INDIANA. Tall grower. Heavy compact green foliage. Flowers on long spikes of orange scarlet color. 25c each, \$2.50 per dozen.

J. D. EISLE. Medium height. Green foliage and spikes of crimson flowers with a touch of yellow on drooping petals. 20c each, \$2.00 per dozen.

KING HUMBERT. Medium height. A bright orange-scarlet, streaked with crimson; most beautiful bronze foliage. 35c, \$3.00 per dozen.

LOUISIANA. A strong, vigorous grower, producing a dense mass of glossy green foliage and vivid scarlet flowers. 25c, \$2.50 per dozen.

M. BERAT. Medium height. Heavy green foliage and spikes of salmon-pink flowers. 25c, \$2.50 per dozen.

MME. CROZY. Dwarf grower. The popular golden-edged bright scarlet. Green foliage. 15c, \$1.50 per dozen.

MT. ETNA. Tall grower. Dark purple foliage and brilliant crimson flowers. 20c, \$2.00 per dozen.

PILLAR OF FIRE. A giant in height; color is bright crimson-scarlet; medium sized flowers. 25c, \$2.50 per dozen.

QUEEN CHARLOTTE. Dwarf grower. Rich crimson-scarlet with wide gold border on every petal; a profuse bloomer; broad green leaves. 20c, \$2.00 per dozen.

WYOMING. Medium grower. A good strong grower with bronzy purple foliage. The flowers are orange-red color and in large clusters. Any good garden soil will produce a fine growth of this remarkable variety. This variety will make a great show for any lawn. 20c, \$2.00 per dozen.

DAHLIAS

SHOW, DECORATIVE, CACTUS, POMPON, AND SINGLE VARIETIES

Within the last few years a wonderful revival of interest in Dahlias is noted, which has resulted in their now being very important rivals to all other bedding plants.

We recommend Dahlias to any one wanting attractive bedding plants and something that will also give a liberal supply of fine cut flowers. They are also very effective planted among shrubs and perennials.

We supply some dormant roots for early shipping, and started plants later in season.

ARABELLE. (Show Dahlia)
Color, pale primrose, tipped and shaded old rose and lavender. 25c; \$2.50 per doz.

A. D. LIVONI (Show Dahlia)
Color, a very light silvery pink, petals beautifully quilled. 30c; \$3.00 per dozen.

CLIFFORD W. BRUTON. (Decorative Dahlia) Perfect form and of the finest canary-yellow. 25c; \$2.50 per doz.

COUNTESS OF LONSDALE. (Cactus) The finest-flowering Dahlia in the collection. Color, an exquisite shade of rich salmon, with just a suspicion of apricot at the base of the petals. Towards the tips the color deepens gradually to the softest carmine-pink. 25c; \$2.50 per dozen.

EARL OF PEMBROKE. (Cactus Dahlia) Bright plum, deeper and more velvety towards the center. 15c; \$1.50 per dozen.

GRAND DUKE ALEXIS. (Decorative Dahlia) The color is white, tinged delicate pink. 30c; \$3.00 per dozen.

MARY D. HALLECK. (Show Dahlia) Large compact golden yellow flower, full to the very center. 30c; \$3.00 per dozen.

TWENTIETH CENTURY. (Single Dahlia) No orchid could be more delicate in color or yet richer in shading. It is pure white at the tips and gradually shading toward the center of the petals to delicate blush rose. A wonderful blending of colors. 35c; \$3.50 per dozen.

J. H. JACKSON. (Cactus) Brilliant dark crimson maroon. 35c; \$3.50 per dozen.

LYNDHURST. (Decorative) Brilliant cardinal-red. A fine cut flower. 35c; \$3.50 per dozen.

LUCY FAUCETT. (Show Dahlia) Pale lemon-yellow lined and dotted reddish-purple. 25c; \$2.50 per dozen.

NYMPHAEA. (Decorative) Like a pink and white water lily. 25c; \$2.50 per dozen.

PRINCESS VISTORIA. (Show) Light yellow. 30c; \$3.00 per dozen.

PURPLE QUEEN. (Show Dahlia) Flowers are purple on long stems. 25c; \$2.50 per doz.

SNOWCLAD. (Pompon) Flowers snowy white. A dwarf grower; very early. 20c; \$2.00 per dozen.

SNOWFLAKE. (Show Dahlia) The flowers are snow white, of perfect form, and full to the center. 30c; \$3.00 per dozen.

SUNBEAM. (Pompon) Deep carmine-red. 25c; \$2.50 per dozen.

SYLVIA. Soft, decorative, pleasing mauve-pink, gradually changing to white in center. 25c; \$2.50 per doz.

TANGO. (Cactus) This is the Dahlia for the million. It is a most remarkable variety—blooming in the greatest profusion from the beginning to the end of the season. The color is "Tango Shade." The blending of color, salmon-pink and amber, is most pleasing. Excellent for cutting and very lasting. 25c each; \$2.50 per dozen.

WHITE CACTUS. Petals are rolled up so that the edges overlay each other. The color is pure white. 30c; \$3.00 per dozen.

YELLOW DUKE. (Show) Large, rich yellow. 30c; \$3.00 per dozen.

WILLIAM AGNEW. (Cactus) Intense glistening scarlet crimson; very large flowers. 25c; \$2.50 per dozen.

GERANIUMS---Choice Bedding Plants

Geraniums are the best known and most extensively grown of all bedding plants. Much of this is because of their easy culture, freedom of bloom and showy clusters of flowers.

The following collection of Geraniums has been carefully selected as the very best for summer blooming. All have been thoroughly tested by us and we can recommend every one sure to give satisfaction and wealth of beautiful blossoms this season.

BEAUTE POITEVINE. A beautiful salmon pink. 10c each, \$1.00 per dozen; larger size, 15c each, \$1.50 per dozen; heavy plants, 25c, \$2.50 per dozen.

BRUANT. An old favorite, and still one of the best and most brilliant scarlet varieties. 10c each, \$1.00 per dozen; larger size, 15c each, \$1.50 per dozen; heavy plants, 25c, \$2.50 per dozen.

JEAN VIAUD. Beautiful shade of bright pink. 15c, \$1.50 per dozen; larger size, 20c, \$2.00 per dozen; extra heavy plants, 30c, \$3.00 per dozen.

LA FAVORITE. Pure, snowy white. 10c, \$1.00 per dozen; larger size, 15c, \$1.50 per dozen; heavy plants, 30c, \$3.00 per dozen.

MRS. E. G. HILL. Bright salmon, with a light shading at center. 15c, \$1.50 per dozen; larger size, 20c, \$2.00 per dozen; heavy plants, 30c, \$3.00 per dozen.

S. A. NUTT. Rich dark crimson. Close, compact habit. 10c, \$1.00 per dozen; larger size, 15c, \$1.50 per dozen; heavy plants, 25c, \$2.50 per dozen.

SCARLET BEAUTY. (New) Our own introduction. A wondrous beauty, producing long, stiff straight stems which are crowned with immense clusters of rich, brilliant scarlet flowers; fully double. Frequently a dozen perfect flowers on a single stem with 20 to 30 unopened buds so one can imagine the great beauty and size of their flower clusters. Prices: Thrifty, well-rooted plants, 25c, \$2.50 per dozen; larger size, 35c, \$3.50 per dozen; heavy plants, 50c, \$5.00 per dozen.

VICTORY. (New) Our own introduction. A strong tall growing variety producing extra long stiff stems and large single carmine-red flowers. 25c each, \$2.50 per dozen; larger size, 35c; heavy plants, 50c each.

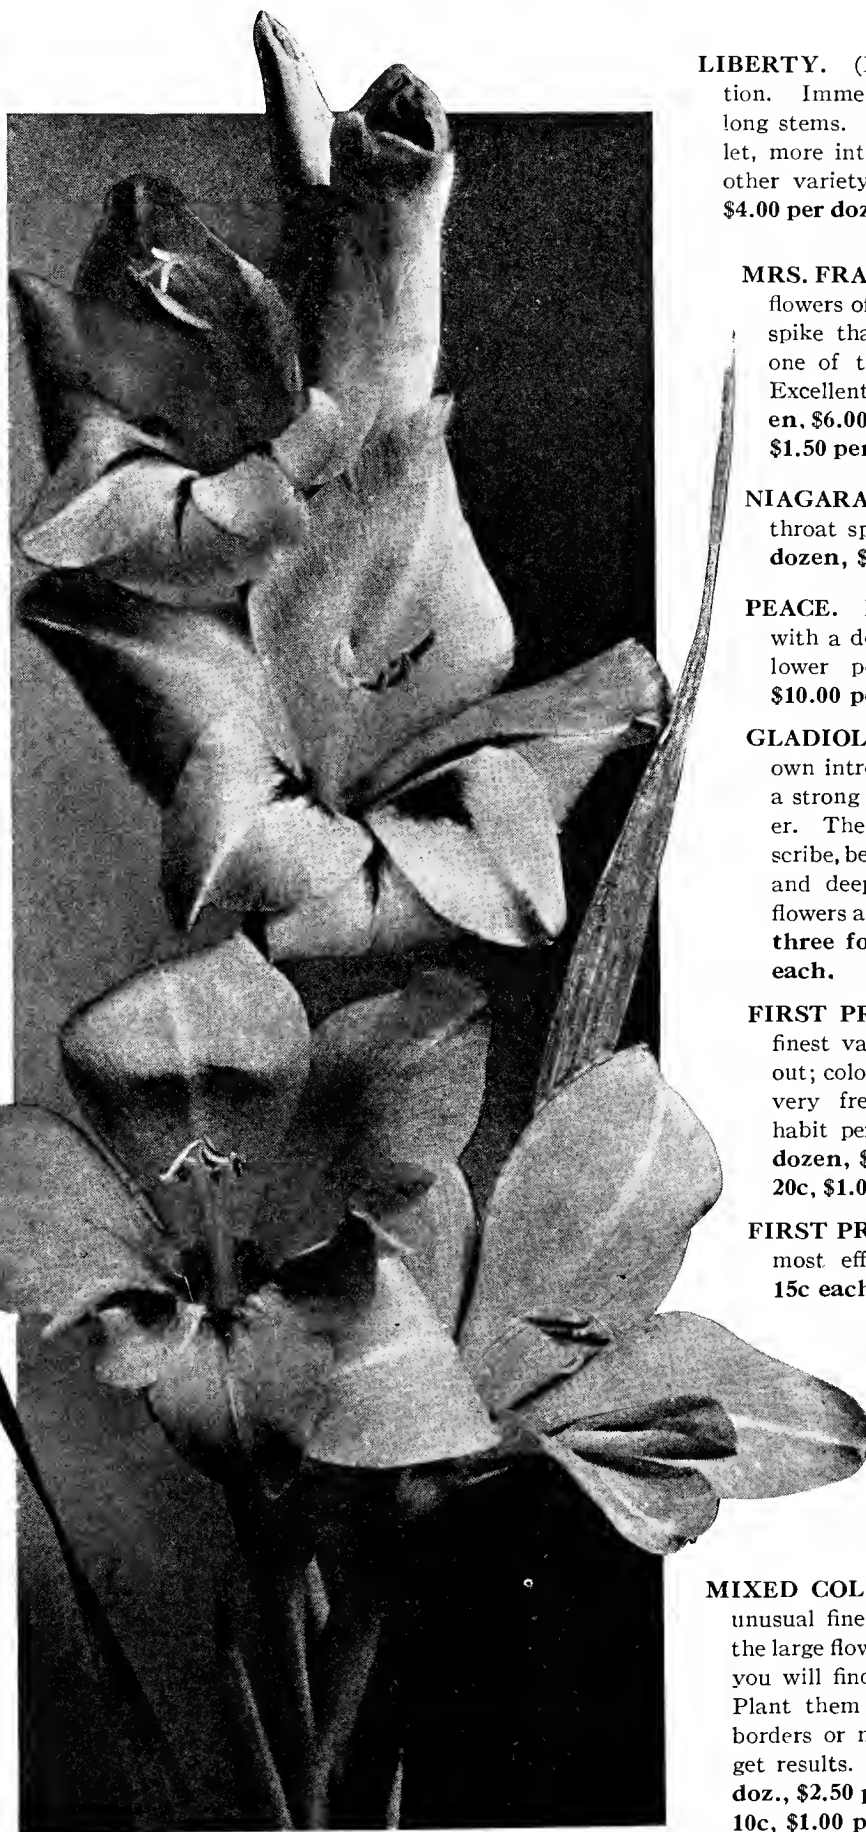

GLADIOLI

Most Desirable of Summer Flowers for Cutting

Gladioli are exceedingly beautiful and their easy culture makes them one of the most popular flowers for general planting. The bulbs we offer are all of blooming size. Where planted in masses or among perennials or in the shrubby borders they brighten the whole of the planting during their season of bloom which is during August and September when few hardy plants or shrubs flower.

The demand for Gladioli has become so great that we are now devoting a large acreage to their culture. The varieties we grow constitute the very finest that can be produced. Our stock has been carefully selected, the markings and size of the flower being the first consideration. This enables us to send out collections which consist of the very choicest varieties in their particular color. The bulbs we offer are strong, vigorous growing, and the flowers are very large, of perfect form. The combinations of the markings are almost endless, and such as will be found in few other collections sent out. A succession of bloom may be had from July to October by planting at intervals from April to June.

In the fall before frost, the bulbs should be taken up, dry them and place out of the reach of frost, for planting again the following spring.

AMERICA. One of the greatest favorites. The color an exquisite shade of delicate pink. \$1.00 per dozen, \$7.00 per 100; select bulbs, 15c, \$1.50 per dozen, \$10.00 per 100.

AUGUSTA. Pure white in color, with blue anthers. It produces long, straight spikes, often with several branches. \$1.00 per dozen, \$7.00 per 100; select bulbs, \$1.50 per dozen, \$10.00 per 100.

INDEPENDENCE. Large and very striking flower. Instead of being a crimson as has been described, is in reality a most beautiful coral pink overlaid with a scarlet sheen—a most wonderful showy flower. It is exceptional for cutting owing to its lasting qualities. If cut when the first and second buds open, will last a whole week if kept in water. 75c per dozen, \$5.00 per 100; large select bulbs, \$1.00 per dozen, \$7.00 per 100.

LIBERTY. (New) Our own introduction. Immense large flowers on extra long stems. Color brilliant orange scarlet, more intense and striking than any other variety of this color. 40c each, \$4.00 per dozen; select bulbs, 50c each.

MRS. FRANCIS KING. Large scarlet flowers of graceful form, borne on a spike that is tall and straight. It is one of the most popular varieties. Excellent for cutting. \$1.00 per dozen, \$6.00 per 100; select bulbs, 15c, \$1.50 per dozen, \$10.00 per 100.

NIAGARA. Cream and yellow; throat splashed carmine. \$1.25 per dozen, \$8.00 per 100.

PEACE. Flowers almost snow white with a delicate lilac featuring on the lower petals. \$1.50 per dozen, \$10.00 per 100.

GLADIOLI 20th CENTURY. Our own introduction. A grand novelty; a strong grower and very free bloomer. The color is very difficult to describe, being a combination of crimson and deep maroon, very fine, large flowers and showy. Price, 40c each, three for \$1.00; select bulbs, 50c each.

FIRST PRIZE PINK. One of the finest varieties for cutting ever sent out; color a beautiful bright pink and very free flowering. Growth and habit perfect. 10c each, 75c per dozen, \$5.00 per 100; select bulbs, 20c, \$1.00 per dozen, \$7.00 per 100.

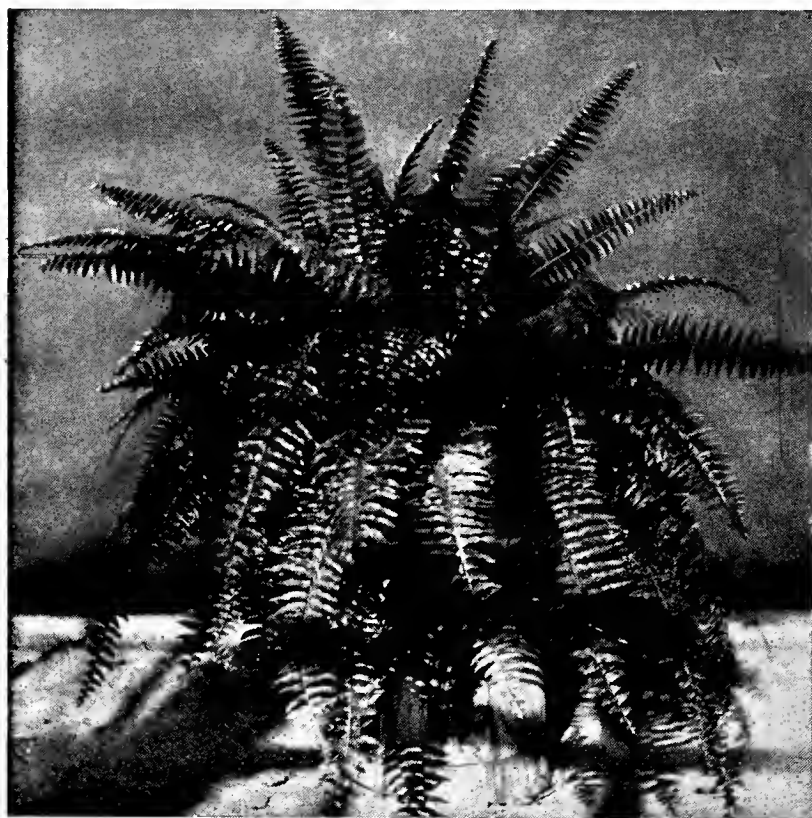

FIRST PRIZE RED. The best and most effective scarlet for massing. 15c each, \$1.50 per dozen, \$10.00 per 100; select bulbs, 20c, \$2.00 per dozen.

FIRST PRIZE WHITE. A lovely and useful white variety. \$1.00 per dozen, \$7.00 per 100; select bulbs, 15c, \$1.50 per dozen, \$10.00 per 100.

MIXED COLORS. This strain affords an unusual fine range of colors. All are of the large flowering kinds and among them you will find the most beautiful shades. Plant them in quantities in the hardy borders or most anywhere and you will get results. Flowering size, 50c per doz., \$2.50 per 100; extra select bulbs, 10c, \$1.00 per dozen, \$5.00 per 100.

Desirable Pot Plants for House, Veranda and Lawn

The same evolution has taken place in flowers for the house and veranda as in furniture and other things to complete the decorations of the home of today.

Specimen Boston Fern

PALMS KENTIA BELMOREANA. The hardiest, and will withstand the dry atmosphere of the house better than any other variety. Fine healthy growing plants. **8 to 10 inches high, 50c each; 10 to 12 inches high, 75c; 12 to 15 inches high, \$1.00 each; 15 to 20 inches high, \$1.50 to \$2.00 each.**

ARECA LUTESCENS. Most graceful and beautiful in cultivation. Bright green foliage, golden yellow stems. **Nice thrifty plants, 10 to 12 inches high, 50c each; 15 to 18 inches high, 75c; 18 to 20 inches high, \$1.00 to \$1.25; 20 to 24 inches high, \$1.50 to \$2.00.**

BOUGAINVILLEAS A plant of rapid growth, suitable for covering trellises or lattices in warm climates as extreme south where no frosts, or for indoors in the North. Can be trimmed into oval or bush shape when it makes a desirable pot plant. Flowers are rosy crimson peculiar shaped and produced in greatest profusion. **Nice large plants, 50c each; extra heavy plants 75c to \$1.00 each.**

FERNS BOSTON FERN. This variety is the most popular of all Ferns. The leaves are long and slender, drooping gracefully. We know of no better all-round decorative plant for all purposes. Many other varieties are offered but anyone desiring the best variety will be recommended the Boston Fern. **Nice young plants, 20c; large plants, 35c to 50c; specimens, 75c to \$1.00.**

SMALL FERNS FOR FERN DISHES

Nothing adds greater cheer to the home than growing plants. The use of ferneries as ornaments for the dinner table is very general. We can furnish at all times some fine, healthy plants of assorted varieties. **10c each, \$1.00 per dozen.**

ASPARAGUS PLUMOSUS NANUS. A beautiful plant with bright green, gracefully arched foliage. An excellent pot plant. **Nice plants, 50c.**

SPRENGERI. Especially useful as a pot plant or for planting in ferneries or suspended baskets. **Nice plants, 15c; larger size, 20c; heavy bushy plants, 50c.**

A Page of Great Flower Bargains

We Pay All Delivery Charges on the First Ten Collections Here Offered

On this page is found many desirable collections of plants at greatly **Reduced Prices**. Look at the value given in these "**Special Offers**." It seems almost like giving stock away. These collections consist of standard sorts, tried and true, and all varieties carefully labeled. The selection of varieties must be left to us, owing to the extremely low prices. This, however, is a wise thing to do, as we can then send varieties best adapted to the locality where to be planted.

- ASSORTMENT No. 1B**—Eight strong, ever-blooming roses, plants that will produce satisfactory results, \$1.00.
- ASSORTMENT No. 2B**—Eighteen strong, ever-blooming roses, including three good climbing varieties, \$2.00.
- ASSORTMENT No. 4**—Twelve thrifty, young Hardy Plants, varieties labeled true to name, \$1.00.
- ASSORTMENT No. 6**—Twenty-five large Hardy Plants, five distinct varieties, \$2.00.
- ASSORTMENT No. 7**—Ten choice Hardy Chrysanthemums; the beautiful fall flower, \$1.00.
- ASSORTMENT No. 7A**—Ten thrifty, hardy Larkspur, (Delphinium,) \$1.00.
- ASSORTMENT No. 8**—Ten nice young, thrifty Phlox plants; sure to bloom and give satisfaction, \$1.00.
- ASSORTMENT No. 8B**—Ten thrifty Eulalias, assorted, \$1.00.
- ASSORTMENT No. 9**—Ten choice Day Lilies, five varieties, \$1.00.
- ASSORTMENT No. 9A**—Twelve choice Wagner Grown Iris. Twelve varieties, \$1.00.

Special Collections for Verandas, Foundations, Borders, Etc.

For the convenience of those who do not have the knowledge, or have not the time to study the catalogue and select plants that will give good and effective results, we have arranged the following assortments, which are suitable for planting against veranda and house foundations or for general grouping. With these various assortments you will no doubt find some to meet your particular needs. See below for plans covering these collections.

- ASSORTMENT No. VA**—10 Nice thrifty Hardy Shrubs, \$2.50. Extra large plants for immediate effect, \$5.00.
- ASSORTMENT No. VB**—20 Nice thrifty Hardy Shrubs, \$4.50. Extra large plants for immediate effect, \$9.00.
- ASSORTMENT No. VC**—25 Nice thrifty Hardy Shrubs, \$5.25. Extra large plants for immediate effect, \$10.00.

- ASSORTMENT No. VD**—50 Nice thrifty Hardy Shrubs, \$10.00. Extra large plants for immediate effect, \$20.00.
- ASSORTMENT No. VE**—100 Nice thrifty Hardy Shrubs, \$18.00. Extra large plants for immediate effect, \$35.00.

Note Proportionate quantities of tall, medium and dwarf varieties are used to produce a good effect and varieties especially suited to your locality.

Wagner Hardy Borders Are Perennial Pleasures

Wagner Hardy Borders are made up of the handsomest and hardiest of Perennials and Herbaceous Plants already arranged for setting out with a view to securing the finest effect in the space at command and the longest period of harmonious bloom.

Varieties in every Wagner Border are labeled and packed in proper order for planting. You can make a perfect picture of your place with one of these artistic color schemes. And REMEMBER!—once established, a Wagner Hardy Border needs little care for years.

These collections are suitable for borders along fences, screens, boundary lines, walks, and formal gardens. See below for plans covering these collections

- ASSORTMENT No. B1**—For bed 4x10 feet, consisting of 15 thrifty Hardy Plants, \$2.25; extra large plants, \$3.75.
- ASSORTMENT No. B2**—For bed 4x20 feet, consisting of 30 thrifty Hardy Plants, \$4.50; extra large plants, \$7.50.
- ASSORTMENT No. B3**—For bed 5x10 feet, consisting of 20 thrifty Hardy Plants, \$3.00; extra large plants, \$5.00.

- ASSORTMENT No. B4**—For bed 5x20 feet, consisting of 40 thrifty Hardy Plants, \$6.00; extra large plants, \$10.00.
- ASSORTMENT No. B5**—25 Nice thrifty, Hardy Plants, \$3.75; in extra large plants, \$6.25.
- ASSORTMENT No. B6**—50 Nice thrifty, Hardy Plants, \$7.50; in extra large plants, \$12.50.
- ASSORTMENT No. B17**—20 Nice plants, "Wagner Iris," \$2.00; in extra large plants, \$3.50.

- ASSORTMENT No. B18**—15 Very Choice Eulalias in three varieties, large plants, \$2.00; extra large plants, \$4.50.

We always ship proportionate quantities of tall, medium and dwarf varieties in filling orders for these collections and label the plants so anyone can properly arrange them so that the most artistic and pleasing effects are obtained.

Note Anyone desiring a plan for planting any of the collections offered above may obtain same by sending us, with their order, a rough sketch with dimensions of that part of grounds desired to improve with the plants ordered. We will then select just such varieties that will meet your particular needs. For more elaborate or complete plans we refer you to next page.

WAGNER LANDSCAPE SERVICE

makes possible *immediate* effects.

WAGNER LANDSCAPE SERVICE is for the purpose of planning layouts and supervising the planting of all private and public grounds, no matter how elaborate or simple they may be. Our experts are fully experienced in every kind of work, and they bring to your work a large measure of successful experience.

However, we realize that a great number of people who will wish to purchase from this catalogue will desire a certain amount of help in planning their grounds, yet will hesitate in employing the service of a landscape gardening organization.

And for the special benefit of these customers we have, for the past several years, been offering for a fee of only \$2.00, a plan for your grounds—giving you a garden that will bloom from early spring till late in the fall.

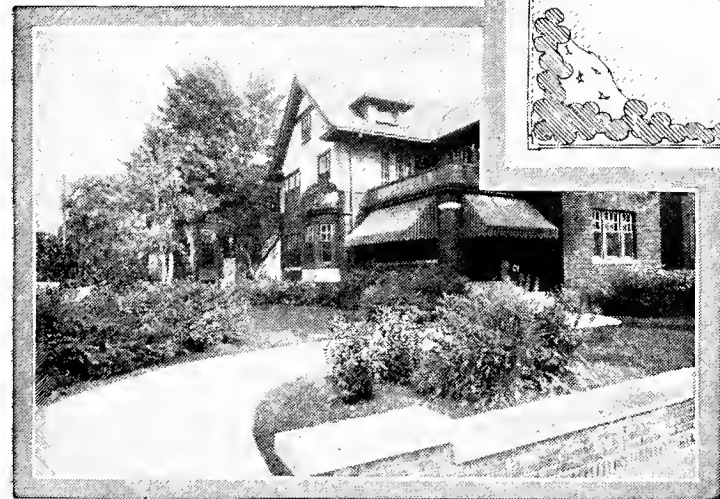

You merely send us a layout of your grounds as they are today, showing walks, drives, buildings with dimensions, trees, or plantings (if any) and attach any other information that may be essential, such as slopes, photos, etc., and all measurements.

This sketch will then receive the personal attention of

Janet Brown

who is one of the most capable designers of home gardens in the country, a young woman Landscape Artist who has been engaged in this work in our office for several years.

She knows how to secure original ideas of design, yet every feature will harmonize perfectly with the whole scheme, giving you a delightful effect throughout the entire year.

She prepares for you a complete plan and everything is shown on a new layout which she furnishes to guide you in your planting.

You also receive a coupon good for \$2.00 (the amount you pay for this service) which will be credited against the purchase price on an order amounting to \$20.00 or more.

In reality we do not charge for the sketch prepared by Miss Brown. We merely utilize the coupon idea to prevent being asked to give this valuable service to those who may have no intention of using plans or buying plants. Obviously, we could offer such a service only to our own customers. You'll be delighted if you try this service. The above is our Service No. 2; see inside rear cover.

We Design and Plant Large Public and Private Grounds of All Kinds

Our professional landscape men go everywhere to plan and plant Large Home Grounds, Parks, Universities, Schools, Factories, Sanitariums, Hotels, and all other large institutions.

The above is our Service No. 4—see details of this Service inside rear cover.

➡ **USE BLANK FORM WHEN SENDING SKETCHES OF GROUNDS TO US** ➡

THE WAGNER PARK NURSERY COMPANY, SIDNEY, OHIO, U. S. A.

THE WAGNER PARK NURSERY CO., Sidney, Ohio.

Gentlemen: On other side of this sheet is a rough sketch of the grounds I wish to improve, with measurements, etc. I shall be pleased to receive a planting plan from you as per your Service offered in Catalogue. I enclose \$..... for which amount you are to send me a coupon good for the amount and which is to be credited on an order for plants amounting to \$..... or more.

Name.....

Street..... Town..... State.....

Suggestions are always a help to us in preparing a plan that will meet the local conditions and individual tastes of every person, so kindly answer the following questions that are of particular interest to you.

Do you prefer natural effects?.....

Do you prefer formal effects?.....

Do you prefer we use our own judgment?.....

Do you want us to locate walks? (If so, show all entrances to buildings, etc.).....

Do you want a driveway? (If so, show where you prefer it.).....

Do you want any tender plants?.....

Do you prefer all hardy plants?.....

Do you like a lot of shrubbery?.....

Do you want a rose bed?.....

Do you want any hedges? Where preferred?.....

Do you want a formal flower garden?.....

Do you want an Arbor or Pergola?.....

Do you want us to locate trees? (If any on grounds, show their location on sketch.).....

Do you want any fruit trees?.....

Do you want any street or avenue trees? (If so, mark space for same.).....

Do you want any evergreens?.....

Do you want any particular kind of trees? (Name.).....

Do you want a vegetable garden? (If so, show where you prefer it.).....

When do you contemplate planting, this Season, or sometime later?.....

We receive many plans during our greatest rush that are not used until the following season and if we were advised to the effect that we may prepare them later after our rush is over it would not only accomodate us but our landscape department could then give more time to each and every plan and yet have them completed when ready to use them.

What is the limit you wish to expend for flowers?.....

This last question is a very important one, owing to many having quite large lawns, yet they do not desire to expend any great amount for flowers. If we know about the amount you wish to expend for flowers, we will arrange the plantings accordingly and you will receive a plan that will be practical for your grounds. These are not stock plans, but worked out individually and for each particular place, and in a careful manner that the very best and most artistic effects may be obtained.

REMARKS

USE THIS SHEET FOR MAKING YOUR SKETCH WHEN SENDING FOR PLAN

And Do Not Overlook Giving All Measurements and Dimensions of Buildings, Also Location of All the Trees on Grounds that are Permanent and Approximate Size or Kind of Trees. For Other Information Regarding Landscape Service and Planting Plans, See Catalogue.

NOTE—The sketch need not be drawn to scale, but should give the principal dimensions of buildings, distance from street and lot lines, also direction the house faces—North, East, South or West—and the location of entrances, dimensions of buildings, and windows in foundation, etc.; also location of walks, drives, if any trees and shrubbery (please name) or other permanent things that are not to be removed. Also location of all entrances to lot and buildings, any objectionable views to be retained, and terraces, or grades of any importance. Unless we have this information it will be impossible to prepare a plan that will be practical.

PLEASE DO NOT OVERLOOK ANSWERING QUESTIONS ON OTHER SIDE OF THIS SHEET

Scope of Wagner Landscape Service

In the Wagner Landscape Service there are really four departments and each has its distinctive service. These in their order are as follows:

Service No. 1 For the lover of flowers, who in buying from Wagner Park Nurseries a small lot of plants for a foundation planting, a border bed, or a particular spot, wants some suggestions as to arrangement of plants ordered. To such a purchaser, we will send a plan free of charge. We ask that you send us with your order a rough outline sketch with measurements of that portion of the grounds you want to plant. See page 33 for some desirable assortments at specially low prices.

Service No. 2 (JANET BROWN PLANS) There are those whose plot of ground is comparatively small, yet they want guidance in having a plan that will enable them to plant correctly and one that will give them real artistic effects. We are prepared to help this class of home owners by furnishing a planting sketch for the nominal charge of \$2.00. This amount will be credited on any subsequent orders, amounting to \$20.00 or more. See page 34 for details of this service.

Service No. 3 For the owners of larger places who while wanting expert advice, yet feel that they do not care to go to the expense of having a representative of Wagner Landscape Service Department call upon them and make a personal survey, we prepare a comprehensive plan drawn to scale. For this plan, we charge \$5.00 and on purchases of \$50.00, or over, of stock, we will credit this amount. Plans from this department can be used as a basis for a planting to extend over several years, if all is not done the first season. They will be found most satisfactory in every way.

Service No. 4 This is a department we maintain for the planning and planting of Large Home Grounds, Estates, Parks, Factory Grounds, Schools, Universities, Hotel and Sanatorium Grounds, Subdivisions, and Cemeteries. These plans are often prepared by mail, but when possible we suggest a personal survey by one of our landscape architects. Not only will the plans be more accurate and the work given personal attention but will be assured of a proper arrangement for the plantings and the general landscape. Further to be assured that only those varieties will be used best suited to the needs and from which most artistic effects and results will be obtained. Our terms are most reasonable for such service and will be stated in our correspondence.

WAGNER'S LAWN GRASS SEED

HOW TO MAKE A LAWN. All good gardeners now use seed for the making of a good lawn in preference to turf or sod. The preparation of the ground is an important feature and the best soil is a medium texture, neither very heavy nor exceedingly light; the surface should be thoroughly pulverized and level. Remove all stones, sticks, sods, etc., harrow or rake it fine and roll it firm. It is impossible to get the soil too fine to receive the seed. Sow the best seed obtainable, it is always cheapest in the end. It is best to sow seed liberally, not only to produce a lawn quickly, but because the best lawn seed produces fine-leaved grasses, which should take entire possession of the ground at once, thus choking out and preventing the development of any weed seeds, which are apt to be in all soils. Distribute seed evenly, going both ways across the plot. After sowing, cover the seed by raking lightly; then roll the ground. When the grass has become well rooted, use lawn mower for cutting it, and keep mower sharp, as if dull it will pull and injure the grass, besides causing the lawn to have an uneven appearance. Never allow the grass to become so high that the mower will take off the first joint, as this is an injury. Mow as often as necessary; in growing weather at least once a week. Let the short clippings remain on the lawn, as they wither and dry and form a protection to the roots. When the clippings are long, they should be raked off, for, besides being unsightly, they are injurious. When the weather is dry and hot, avoid cutting too close.

QUANTITY OF LAWN GRASS SEED USUALLY REQUIRED IN MAKING A NEW LAWN

10 x 25 feet requires 1 pound	40 x 50 feet requires 8 pound	50 x 100 feet requires 16 pound
25 x 50 feet requires 5 pound	40 x 60 feet requires 10 pound	50 x 150 feet requires 24 pound

For Renewing Old Lawns—Use about one-half the quantity given above.

"WAGNER PARK" GRASS SEED—A special mixture which we prepare. Prices: 60 cents per pound; 5 pounds for \$2.50; bushel (20 pounds) for \$9.00.

"PREMIUM" GRASS SEED—This mixture while not quite equal in quality to "Wagner Park" variety, is a good clean mixture and an excellent lawn may be produced with it. Prices: 50 cents per pound; 5 pounds, \$2.00; bushel (16 pounds) \$6.00.

"SHADY LAWN" GRASS SEED—Fine for shady places and where other grasses will not grow. 50 cents per pound; 5 pounds, \$2.25; bushel (16 pounds) \$6.50.

KENTUCKY BLUE GRASS SEED—We offer purest seed obtainable. 60 cents per pound; 5 pounds, \$2.75; bushel (14 pounds) \$7.00.

Prices of seed for Golf Grounds quoted on application.

Everyone Loves Sweet Peas

THEN why not have them from early summer until late in autumn. That is what you can have if you plant the

Perennial, Hardy Climbing Sweet Peas

They will give you the same beautiful blossoms as the annual, or tender, varieties, and in great abundance from early summer until fall.

With the PERENNIAL SWEET PEA the annual expense and trouble of replanting is entirely eliminated, and each year brings an additional growth, becoming eventually a bower of loveliness to be admired for years to come.

With the PERENNIAL SWEET PEA, THE FOLIAGE IS A VERY DESIRABLE FEATURE. Where it is not too exposed to the sun it will remain a lovely green long after the snow falls. In mild localities it is practically evergreen. Sprays of the foliage are beautiful for winter decorating, and it is as graceful and beautiful as the now popular Southern Smilax. In water it will remain green for an indefinite time, even sending forth new growth. For covering fences or screens it is all that can be desired; being almost an evergreen, it scarcely has an equal. It also attains a most desirable height, often growing ten feet, making a compact mass of beautiful green. They are perfectly hardy, and require no special care whatever.

Growing thousands of this wonderful satisfactory plant, we offer fine field-grown plants in assorted colors only. 15c, 4 for 50c, 12 for \$1.50, 100 for \$10.00.

Larger field-grown plants, 25c, 5 for \$1.00, 12 for \$2.25, \$15.00 per 100. Extra heavy selected field-grown clumps, 50c each, \$5.00 per dozen.

The various shades attained from a dozen or more plants will greatly please and fully satisfy anyone.
